

Cholinesterase and its Significance in Anesthetic Practice

**Essay Submitted for Partial Fulfillment
of Master Degree in Anesthesiology**

BY

Ramadan Ibrahim Abd El-Rahman Shabana

M.B.B.Ch., Faculty of Medicine, Ain Shams University

Supervised BY

Prof. Dr. Kamal Zaki Koudaira

Professor of Anesthesia and Intensive Care

Faculty of Medicine - Ain Shams University

Dr. Ashraf Abd El-Baki Abd El-Basset

Lecturer of Anesthesia and Intensive Care

Faculty of Medicine - Ain Shams University

Acknowledgment

First, thanks are all due to **God** for blessing this work until it has reached its end, as a part of his generous help throughout my life.

I would like to direct special thanks to **Prof. Dr. Kamal Zaki Koudaira**, Professor of Anesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for the great support and encouragement he gave me throughout the whole work. It is a great honor to work under his guidance and supervision.

I would like to express my sincere gratitude to **Dr. Ashraf Abd El-Baki Abd El-Basset**, Lecturer of Anesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for his close supervision, continuous help, and the tremendous effort he has done in the meticulous revision of the whole work.

Ramadan Ibrahim

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قالوا سبحانك لا علم لنا

إلا ما علمتنا إنك أنت

العليم الحكيم

صدق الله العظيم

List of Contents

	PAGE
Introduction.	1 – 2
Chapter 1: Physiology and Chemistry of Cholinesterase.	3 – 12
Chapter 2: Causes of Variation in Plasma Cholinesterase Activity.	13 – 34
Chapter 3: Drugs Influenced by Plasma Cholinesterase	35 – 52
Summary	53 – 54
References	55 - 70
Arabic Summary	1 – 2

List of Figures

No.	Figure	Page
Figure (1):	Neuromuscular junction.	3
Figure (2):	Binding of acetylcholine to receptors on muscle end plate causes channel opening and ion flux.	5
Figure (3):	Catalytic mechanism of acetylcholinesterase.	11
Figure (4):	Frequency distribution of dibucaine numbers in an arbitrarily defined population of 1556 consisting of laborers, students and patients.	28
Figure (5):	The frequency distribution of esterase levels in the same population as in figure (4).	29

List of Tables

No.	Table	Page
Table (1):	A summary of the more common inherited variants of the plasma cholinesterase gene.	33
