Acknowledgment

It has been a great honor for me to proceed with this work under the supervision of **Professor Doctor Nabil Abdel Meguid** , Professor of general surgery and head of Emergency Department , Faculty of Medicine Cairo University . His kind supervision , valuable guidance and generous advice have been a great help to me .

It has also been a great honor and extreme pleasure for me to have **Ass. Professor Doctor Mostafa Soliman** , Ass. Professor of general surgery Faculty , Of medicine , Cairo University supervising my work .
I'm really indebted for his close supervision and kind encouragement .

I would like to express my great feelings to **Doctor Hesham Salem** and **Doctor Walid El Baz** for their intimate observation and valuable guidance .

I would like also to express my great feelings to the staff of the Emergency and Traumatology Department , Faculty of Medicine , Cairo University because this work was possible through Facilities and support given by the unit .

Finally , I'm most obliged to my parents , my wife and my father in law for their full support , Sincere love and continuous encouragement .

CONTENTS

1. Introduction and aim of the work	5
2. The general reaction of the body to trauma	7
3. Pathophysiology of Geriatrics	15
4. Scoring systems addvocated to trauma patients	24
5. Ingury patterns and Mortality risk factors in Geriatric trauma patients.....	34
6. Patients and Methods	40
7. Results	43
8. Assessment of the Results	54
9. Discussion	57
10. References	63
11. Summary	72
12. Summary in Arabic	74
