

**CARDIOVASCULAR MALFORMATIONS
IN
TURNER SYNDROME**

Thesis

Submitted for Partial Fulfilment of the
Master Degree in Pediatrics

By

Ahmed Bakry Mohamed

M.B.,B.CH

Supervised

By

Dr. Mohamed Salah El-Kholy

Professor of Pediatrics,
Faculty of Medicine, Ain Shams University

Dr. Maiy Hamdy El-Sayed

Ass. Professor of Cardiology,
Faculty of Medicine, Ain Shams University

Dr. Eman A.M. Zaky

Lecturer of Pediatrics,
Faculty of Medicine, Ain Shams University

Faculty of Medicine
Ain Shams University
(1997)

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

(قالوا سبحانك يا علم لنا

يا ما علمتنا إنك أنت

العليم الحكيم)

صدق الله العظيم

ACKNOWLEDGEMENT

I would like to express my sincere gratitude and much thanks to **Professor Dr.Mohamed Salah El-Kholy**, Professor of Pediatrics, Faculty of Medicine, Ain-Shams University, for his kind supervision, keen guidance, support and encouragement throughout the whole work .

My sincere gratitude to **Dr. Maiy Hamdy El-Said**, Ass. Professor of Cardiology, Faculty of Medicine, Ain-Shams University, for helping me in doing echocardiography work .

My sincere gratitude to **Dr.Eman A. Zaky**, Lecturer of Pediatrics, Faculty of Medicine, Ain Shams University, for reading, revising and correction every detail in this thesis, throughout the preparation and writing of this work, she gave her comments and advice, with the spirit of real scholar .

Finally,I wish to thank every one for helping me in doing this work .

CONTENTS

Subjects	Page
Introduction and Aim of the work	(1)
Review of Literature	(3)
* Clinical Features	(18)
* Mangement of Turner syndrome	(31)
* Cardiovascular abnormalities of Turner syndrome	
Subjects and Methods	(63)
Results	(71)
Discussion	(92)
Summary and conclusion	(98)
Recommendation	(101)
References	(102)
Arabic Summary	

List of Figures

	Page
Fig (1) : Presenting complaints of our studied patients with Turner syndrome .	(75)
Fig (2) : Clinical manifestations recorded in our studied patients with Turner syndrome .	(77)
Fig (3) : Height distribution of our studied patients with Turner syndrome according to the percentiles of Hamill et al., (1979)	(79)
Fig (4) : Echocardiographic abnormalities recorded in our studied patients with Turner syndrome .	(83)
Fig (5) : Karyotype results of our studied patients with Turner syndrome .	(85)
Fig (6) : Doppler study and color flow mapping showing turbulent flow across the coarct segment .	(88)
Fig (7) : Two dimensional echocardiography parasternal and long axis showing concentric hypertrophic left ventricle and dilated left atrium .	(89)

Fig (8) : Doppler study and color flow mapping showing turbulent flow across the interventricular septum and flow gradient across the septum . (90)

Fig (9) : Two dimensional echocardiography showing bowing of the anterior leaflet of the mitral valve towards the cavity of the left atrium during systole . (91)

List of tabels

	Page
Table (1) : Summary of the cytogenic findings in 141 patients with Turner syndrome .	(5)
Table (2): Percentage of frequency of certain physical features in various karyotypes of Turner syndrome .	(23)
Table (3): Clinical findings commonly described in patients with Turner syndrome .	(24)
Table (4): Commonly reported roentgenographic changes in patients with Turner syndrome .	(35)
Table (5): Differential diagnosis of Turner syndrome.	(37)
Table (6): Treatment aspects of Turner syndrome .	(41)
Table (7): Cardiovascular abnormalities abserved in Turner syndrome : the relationship to karyotype and phenotype .	(54)
Table (8) : Clinical data of our studied patients with Turner syndrome .	(72)
Table (9) : Family history and consanguinity in our studied patients with Turner syndrome.	(73)
Table(10): Presenting complaints of our studied patients with Turner syndrome.	(74)
