**STUDY ON THE INTERRELATIONSHIP BETWEEN
GLUTATHIONE (GSH) AND THYROID HORMONES
LEVELS IN LEUKAEMIAS, LYMPHOMAS AND
SOME SOLID TUMORS**

Thesis

Submitted for Partial Fulfillment of
the Doctorate Degree in
Clinical Pathology and Oncologic Laboratory Medicine

By

HALA MOHAMED REDA HASSANEIN
(M.B.B.Ch., M.Sc)

Under Supervision of

Prof. Dr. Mostafa I. Aboul-Enein
Prof. of Clinical Pathology
National Cancer Institute
Cairo University

Prof. Dr. Samia Y. Akel
Prof. of Clinical Pathology
National Cancer Institute
Cairo University

Dr. Rabab Gaafar
Assist. Prof. of Med. Oncology
National Cancer Institute
Cairo University

Dr. Khaled M. Aboul-Enein
Lecturer of Clin. Pathology
National Cancer Institute
Cairo University

NATIONAL CANCER INSTITUTE
CAIRO UNIVERSITY

1997

ACKNOWLEDGMENT

Great thanks are due to God

I am deeply indebted to :

Professor Dr. Mostafa I. Aboul-Enein Professor of Clinical Pathology NCI, Cairo University, for his unlimited help, guidance and support. He offered me generously from his wide scientific knowledge, all what I needed without any limitation.

Professor Dr. Samia Y. Akel, Professor of Clinical Pathology NCI, Cairo University .for her great assistance, Precious Scientific help and extended, unlimited supervision. Without her sincere support, this work would have never be completed.

Assistant Professor Dr. Rabab M. Gaafar, Assistant Professor of medical oncology NCI, Cairo University for her continuous and meticulous scientific help which will never be forgotten.

Dr. Khaled M. Aboul Enein, Lecturer of Clinical Pathology, NCI, Cairo University for his very valuable continuous help in the practical part of this thesis.

Great thanks are due to Assistant Professor Dr. Mahmoud H. El Guibaly for his unlimited help in this study.

To Professor Dr. Inas El-Attar Chairman of the Medical Statistics Dpt., NCI Cairo University and Dr. Nelly Hassan Mohamed Lecturers in the Medical statistics Dpt., NCI., Cairo University for their great help in the statistical anaiysis of this work.

CONTENTS
