Acknowledgment

I would like to express my deepest gratitude and appreciation for Prof. Dr. Sherein Abdel Fattah, one of the most prominent Professor of Pediatrics, Faculty of Medicine, Ain Shams University, for her kind supervision and remarkable guidance and encouragement as well as her moral support throughout the whole work till it accomplished. It was a great honour to work under her supervision.

I would like to express gratitude and deep thanks to Assist. Prof. Dr. Nancy Abdel Aziz, Faculty of Medicine, Ain Shams University, for her valuable support, guidance and precious instructions in conductance of this work.

CONTENTS

	Page
Introduction	1-2
Aim of the work	3
Basic principles of vaccines	4-33
Classical vaccines	34-83
Updated vaccines	84-138
Summary	139-140
References	141-160
Arabic Summary
