SURVEY OF THYROID ACTIVITY IN POULTRY

TAREK GABER ZAKI

B.Sc. Agricultural Science 1983

Department of Animal Production - Ain shams University

Thesis
submitted in partial fulfilment of the
requirements for the degree of

Master of Science in
(Poultry Production)

BANAN

Department of Animal Production
Faculty of Agriculture
Zagazig University
(Benha branch)

2002

Approval sheet

SURVEY OF THYROID ACTIVITY IN POULTRY

By

TAREK GABER ZAKI

B.Sc. Agricultural Science 1983

Department of Animal Production – Ain Shams University

This thesis for M.Sc. degree has been
Approved by:

Prof. Dr. Mohamed A. El-Hossary

Prof. of Poultry Breeding,
Animal Production Res. Inst.,
Agric. Res. Center

Prof. Dr. Mohamed S. Gado

Prof. of Physiology, Fac. Agric.,
Zagazig Univ., Benha branch

Prof. Dr. Samia M. El-Aggoury

Prof. of Poultry Production, Fac. Agric.,
Zagazig Univ., Benha branch-

Prof. Dr. Tareef Abdel Aziz Shamma

Prof. of Poultry Breeding, Fac. Agric.,
Al-Azhar Univ.

Prof. Dr. Gaafar Mahmoud El-Gendi

Prof. of Poultry Management, Fac. Agric.,
Zagazig Univ., Benha branch

Date of Examination: 18 / 2 / 2002.

SURVEY OF THYROID ACTIVITY IN POULTRY

By

TAREK GABER ZAKI

Department of Animal Production – Ain Shams University

Supervision Committee

Prof. Dr. Mohamed S. Gado

**Prof. of Physiology, Fac. Agric.,
Zagazig Univ., Benha branch**

Prof. Dr. Samia M. El-Aggoury

**Prof. of Poultry Production, Fac. Agric.,
Zagazig Univ., Benha branch**

Prof. Dr. Mohamed A. El-Hossary

**Prof. of Poultry Breeding,
Animal Production Res. Inst.,
Agric. Res. Center**

ACKNOWLEDGEMENT

I would like to express my deepest thanks and gratitude to **Prof. Dr. Mohamed S. Gado**, Professor of Physiology, Faculty of Agriculture, Zagazig University, Benha branch, for his helpful consultation, kind guidance and useful advice throughout the life span of this work.

Sincere thanks are also due to **Prof. Dr. Samia M. El-Aggoury**, Professor of Poultry Production, Faculty of Agriculture, Zagazig University, Benha branch, for suggesting the problem, reading the manuscript and her close supervision, keen interest and providing guidance through the progress of the current study.

Especial thanks are due to **Prof. Dr. Mohamed A. El-Hossary**, Professor of Poultry Breeding, Animal Production Research Institute, Agricultural Research Center, for his supervision, excellent advises and continuous help during the progress of the research project.

I would like to express my sincere appreciations and thanks to **Dr. Hamdy M. Metwally**, Assistant Professor of Animal Nutrition, Faculty of Agriculture, Ain Shams University for his valuable help.

I wish to offer my deepest thanks to **Dr. Hosam H. Abbas** and **Dr. Tarek M. Abdel Khalek** for their assistance in the chemical analysis and cooperation during the experimental work.

Deepest thanks are due to my colleagues at the Animal Production Research Institute, Agricultural Research Center and all staff members of Animal Production Department, Faculty of Agriculture, Zagazig University, Benha branch for their valuable cooperation and kind help during the experimental work.

Eventually, I would also like to express my sincere thanks to my family and my wife for their patience, tolerate hard times and effective support during my study and preparing this manuscript.
