# AMBULATORY ELECTROCARDIOGRAPHIC MONITORING THE EFFECTS OF MINOR ORAL SURGICAL PROCEDURES IN CARDIAC PATIENTS.

B7022

#### THESIS

SUBMITTED TO THE FACULTY OF ORAL AND DENTAL MEDICINE

CAIRO UNIVERSITY, IN PARTIAL FULFILLMENT

OF MASTER DEGREE IN ORAL SURGERY

BY

KHALED MOHAMED FAKHR EL DIN HAMED SALAH

**B.D.S (CAIRO UNIVERSITY)** 

FACULTY OF ORAL AND DENTAL MEDICINE
CAIRO UNIVERSITY

1995

#### **SUPERVISORS**

#### DR. HUSSEIN EL TANANY

PROFESSOR OF ORAL SURGERY
FACULTY OF ORAL AND DENTAL MEDICINE
CAIRO UNIVERSITY

DR. MUSTAFA ABDEL SALAM METWALLY
LECTURER OF CARDIOLOGY

NATIONAL HEAR'T INSTITUTE (CAIRO)

#### **DEDICATION**

<sub>t</sub>TO

THE SOUL OF MY FATHER

MY MOTHER AND MY BROTHER

FOR THEIR LOVE AND PATIENCE

#### **ACKNOWLEDGMENT**

I would like to express my sincere gratitude to Prof. *Dr. Hussein El-Tanany* for his valuable advice, constructive criticism, powerful scientific supervision and guiding me all the way through this project.

I am also grateful to **Dr. Mustafa Abdel Salam** for encouragement and valuable supervision and great effort in this project.

I am also indebated to *Dr. Hany Abdel Razek* for the great help and kind care in this project.

Finally, I would like to express my deep thanks to Dr. Youssef Amin the manager of dental department for his valuable help and all members who participated in making this work possible in the National Heart Institute.

#### **CONTENTS**

|   | Page |
|---|------|
| Introduction  | 1    |
| Review of literature  | . 2  |
| Aim of the study  | 22   |
| Material and methods  | 23   |
| Results   | 36   |
| Discussion  | 89   |
| Protocol for dental management of ambulatory cardiac patients | 98   |
| Summary and conclusions                                       | 102  |
| References  | 105  |
| Arabic summary  |      |

## LIST OF TABLES

| Subject  | page   |
|--|--|
| Distribution of patients in ischemic heart group       | 31   |
| Distribution of patients in valvular heart group       | 31   |
| Distribution of patients in congenital heart group     | 32   |
| • Heart rate at different stages in Ischemic group.    | 39   |
| Arrhythmia at different stages in Ischemic group       | 39,40  |
| Systolic and diastolic blood pressure at the differen  | t  |
| stages in Ischemic group                               | 45   |
| Heart rate at different stages in valvular group.      | 50   |
| Arrhythmia at different stages in valvular group       | 50,51  |
| Systolic and diastolic blood pressure at the different | ,  |
| stages in valvular group                               | 54   |
| • Heart rate at different stages in congenital group.  | 59   |
| Arrhythmia at different stages in congenital group     | 59,60  |
| Systolic and diastolic blood pressure at the different |  |
| stages in congenital group                             | 63   |
| ,<br>,<br>,<br>,                                       |  |
| • Heart rate at different stages in control group.     | 68   |
| Arrhythmia at different stages in control group        | 68,69  |
| Systolic and diastolic blood pressure at the different |  |
| stages in control group                                | 72   |
|  | <ul> <li>Distribution of patients in ischemic heart group Distribution of patients in valvular heart group Distribution of patients in congenital heart group</li> <li>Heart rate at different stages in Ischemic group. Arrhythmia at different stages in Ischemic group Systolic and diastolic blood pressure at the different stages in Ischemic group</li> <li>Heart rate at different stages in valvular group. Arrhythmia at different stages in valvular group Systolic and diastolic blood pressure at the different stages in valvular group</li> <li>Heart rate at different stages in congenital group. Arrhythmia at different stages in congenital group Systolic and diastolic blood pressure at the different stages in congenital group</li> <li>Heart rate at different stages in control group. | Table | Subject   | page  |
|-------|---|-------|
| 16    | Comparison of the mean heart rate at different stages |       |
|       | in all groups.  | 75    |
| 17    | Heart rate trends in ischemic and congenital group    | 77,78 |
| 18    | Heart rate trends in valvular and control group       | 79    |
| 19    | Comparison between the percentage of arrhythmia       |       |
|       | occurring in all cardiac patients at different stages | 80    |
| 20    | Comparison between S.T. segment changes at different  |       |
|       | stages in all groups                                  | 82    |
| 21    | Comparison of the mean systolic blood pressure        |       |
|       | in all groups at different stages                     | 83    |
| 22    | Comparison of the mean diastolic blood pressure       |       |
|       | in all groups at different stages.                    | 85    |

### LIST OF FIGURES AND GRAPHS

| Figur      | es and Graphs   | Page  |
|------------|---|-------|
| ` <b>A</b> | P- QRST complex of the ECG                                  | 3     |
| В          | Ambulatory electrocardiographic monitoring                  | 25    |
|            | (Holter monitor)  |       |
| C          | Patient analyzer and interface module                       | 26    |
| D          | Site of attached electrodes to the patient.                 | 28    |
| 1          | • Groups of the study.                                      | 33    |
| 2          | Sex distribution to all groups.                             | 34    |
| 3          | Mean age in all groups.                                     | 35    |
| 4          | Mean heart rate at different stages in Ischemic group.      | 41    |
| 5          | Example of arrhythmia in ECG strips for ischemic group      | 42,43 |
| 6          | Arrhythmia at different stages in Ischemic group            | 44    |
| 7          | Mean systolic and diastolic blood pressure at the differen  | t     |
|            | stages in Ischemic group                                    | 46    |
| 8          | • Mean heart rate at different stages in valvular group.    | 52    |
| 9          | Arrhythmia at different stages in valvular group            | 53    |
| 10         | Mean systolic and diastolic blood pressure at the different | t     |
|            | stages in valvular group                                    | 55    |
| 11,        | • Mean heart rate at different stages in congenital group.  | 61    |
| 12         | Arrhythmia at different stages in congenital group          | 62    |
| 13         | Mean systolic and diastolic blood pressure at the different | t     |
|            | stages in congenital group                                  | 64    |

| Figur | es and Graphs   | Page |
|-------|---|------|
| 14    | • Mean heart rate at a different stages in control group. | 70   |
| 15    | Arrhythmia at different stages in control group           | 71   |
| 16    | Mean systolic and diastolic blood pressure at the differ  | ent  |
