ACKNOWLEDGEMENTS

ACKNOWLEDGMENT

All praise is due to **ALLAH ALMIGHTY** who guided and aided me to bring forth this thesis.

I would like to express my deep gratitude and appreciations to Prof. Dr. **Mohammed M. Ibrahim**, Head of the Physics Department and the former Dean of the Faculty of Science (Sohag), South Valley University, for suggesting the point of the study and supervising it. I'm gratefully indebted to him for his fruitful discussions and helpful guidance throughout the carrying out of the study. He gave me all valuable help and encouragement while carrying out the work and moral support.

Special thanks are due to Prof. Assistant Dr. **Mostafa M. Abd El-Raheem**, in Department of physics, Faculty of Science (Sohag), South Valley University, for his supervising and encouragement and valuable help through the progress of the work.

My sincere thanks and appreciations are due to Dr. **Ahmed M. Ahmed Aly**, Lecturer of Physics, Department of physics, Faculty of Science (Sohag), South Valley University, for his supervising encouragement and valuable help during the progress of the work.

My thanks are also due to all the staff members of physics Department, Faculty of science (Sohag), for their encouragement.

S. Abd El-Rahman Ahmed
