THE ROLE OF SENTINEL LYMPH NODE IN THE MANAGEMENT OF EARLY BREAST CARCINOMA

Thesis

Submitted in Partial Fulfillment of
MD Degree in
Radiation Oncology & Nuclear Medicine

By

Khalid El-Husseiny Nasr
M.B., B. Ch., M.Sc.

Supervised By

Prof. Dr.

Soheir Sayed Ismail

*Professor of Radiation Oncology &
Nuclear Medicine
Ain Shams University*

Prof. Dr.

Laila Faris Matta

*Professor of Radiation Oncology &
Nuclear Medicine
Ain Shams University*

Prof. Dr.

Hussein A. Bushnak

*Professor of General Surgery
Ain Shams University*

Prof. Dr.

Nor El-Hoda S. Ismail

*Professor of Pathology
Cairo University*

Faculty of Medicine
AIN SHAMS UNIVERSITY
2002

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
رَبَّنَا اغْفِرْ لِي وَلِوَالِدَيَّ وَلِلْمُؤْمِنِينَ
يَوْمَ يَقُومَ الْحِسَابُ

صدق الله العظيم

(سورة إبراهيم آية {٤١})

The first part of the paper discusses the importance of the study of the history of the United States. It is argued that the study of the history of the United States is essential for a full understanding of the country and its people. The second part of the paper discusses the importance of the study of the history of the world. It is argued that the study of the history of the world is essential for a full understanding of the world and its people. The third part of the paper discusses the importance of the study of the history of the United States and the world. It is argued that the study of the history of the United States and the world is essential for a full understanding of the United States and the world.

Acknowledgement

I would like to express my profound gratitude and sincere appreciation to Prof. Soheir Ismail, Professor of Radiation Oncology and Nuclear Medicine, Ain Shams University, for her suggestion of the idea of the work, guidance and advise. to her, no words of thanks or gratitude are sufficient.

My sincere appreciation goes to Prof. Laila Faris, Professor of Radiation Oncology and Nuclear Medicine, Ain Shams University, for her sincere help and encouragement.

I would like to present my sincere thanks to Prof. Hussein Bushnak, Professor of General Surgery, Ain Shams University, for his advises, continuous encouragement and worthy remarks.

I am indebted to Prof. Nor El-Hoda Ismail, Professor of Pathology, Cairo University, for her kind support, help, encouragement during this work.

My deepest appreciation goes to all senior staff and my colleagues of Radiation Oncology and Nuclear Medicine Department, Ain Shams University, for their kind sympathy and help during this work.
