EXAMINERS COMMITTEE

The undersigned certify that they have read and recommend to the Faculty of Engineering, Ain Shams University for acceptance a thesis entitled "Study of the Effect of Some Design Parameters on the Performance of Wells Turbine Used in Sea Wave Energy Power Plants", submitted by Mohamed Hosney Mohamed, in partial fulfillment of the requirements of the degree of Master of Science in Mechanical Engineering.

Name Title & Affiliation

ACKNOWLEDGMENTS

Firstly, I wish to express my deep thanks to **God**. I would like to express my deep appreciation and gratitude to Professor Dr. K. S. Kaddah. and Dr Ahmed. R. El- Baz for their kind encouragement, helpful advice, valuable suggestions and continuous guidance throughout the present study. Furthermore, my thanks and gratitude are also extended to the leaders of the General Authority for Roads, Bridges and Land Transport for continuous encouragement during the study. Lastly, all my thanks for the staff of the aerodynamics laboratory of the Faculty of Engineering, Ain Shams University. I hope this thesis will be of help towards the construction of the first wave power station in Egypt.
