DESIGNING FOR ATTENTION DEFICIT HYPERACTIVITY DISORDER

**A Research-Based Framework for Mainstream Classroom
Design**

By

Shahenda Mostafa Mohammad El-Said El-Shebienny

A Thesis Submitted to the
Faculty of Engineering at Cairo University
In Partial Fulfillment of the
Requirements for the Degree of
Master of Science
in
Architectural Engineering

**FACULTY OF ENGINEERING, CAIRO UNIVERSITY
GIZA, EGYPT
2015**

DESIGNING FOR ATTENTION DEFICIT HYPERACTIVITY DISORDER

A Research-Based Framework for Mainstream Classroom Design

By

Shahenda Mostafa Mohammad El-Said El-Shebienny

A Thesis Submitted to the
Faculty of Engineering at Cairo University
In Partial Fulfillment of the
Requirements for the Degree of
Master of Science
in
Architectural Engineering

Under the Supervision of

Prof. Dr. Nagwa Hussein Sherif
Professor of Architecture
Dept. of Architectural Engineering
Faculty of Engineering
Cairo University

Prof. Dr. Magda Hossam El-Din Mostafa
Associate Professor of Architecture
Dept. of Architectural Engineering
Faculty of Engineering
Cairo University

**FACULTY OF ENGINEERING, CAIRO UNIVERSITY
GIZA, EGYPT
2015**

DESIGNING FOR ATTENTION DEFICIT HYPERACTIVITY DISORDER

A Research-Based Framework for Mainstream Classroom Design

By

Shahenda Mostafa Mohammad El-Said El-Shebienny

A Thesis Submitted to the
Faculty of Engineering at Cairo University
In Partial Fulfillment of the
Requirements for the Degree of
Master of Science
in
Architectural Engineering

**Approved by the
Examining Committee**

Prof. Dr. Nagwa Hussein Sherif, Main Advisor

Professor of Architecture at Faculty of Engineering, Cairo University

Assoc. Prof. Dr. Magda Hossam El-Din Mostafa, Member

Assoc. Prof. of Architecture at Faculty of Engineering, Cairo University

Prof. Dr. Zeinab Shafik, Internal Examiner

Professor of Architecture at Faculty of Engineering, Cairo University

Prof. Dr. Youhansen Yahia Mohammed Eid, External Examiner

Professor of Urban Planning at Faculty of Engineering, Ain-Shams University

FACULTY OF ENGINEERING, CAIRO UNIVERSITY
GIZA, EGYPT
2015

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

يَمَعْشَرَ الْجِنِّ وَالْإِنْسِ إِنِ اسْتَطَعْتُمْ أَنْ تَنْفُذُوا مِنْ أَقْطَارِ السَّمَوَاتِ

وَالْأَرْضِ فَأَنْفُذُوا لَا تَنْفُذُونَ إِلَّا بِسُلْطَنِ

صَدَقَ اللَّهُ الْعَظِيمُ

*In the Name of Allah,
the Most Gracious, the Most Merciful*

"O assembly of jinn and men! If you have power to pass beyond the zones of the heavens and the earth, then pass beyond (them)! But you will never be able to pass them, except with authority (from Allah)!"

Sûrat Ar-Rahmân (The most Gracious)¹

¹ An English Translation of the Meanings of the Holy Qur'an; Retrieved February 9, 2010, from The King Fahd Complex for the printing of the Holy Qur'an website: <http://www.qurancomplex.com/Quran/Targama/Targama.asp?L=eng&Page=532>

ACKNOWLEDGEMENT

This work is dedicated to all the members of my family; my mother, children, husband, uncles, mother-in-law and the soul of my father. I apologize to my children Jana and Eyad for being so busy for many years during their early childhood. I am very grateful to everyone supported me to complete this hard and long journey, especially Mariam Wifi, Doaa Ehab and the teachers of Misr Language School. I would like to express my deepest gratitude to my supervisors, examining committee, Dr. Russell Barkley and Dr. Safaa Ghazy. Special thanks to Mrs. Nihal Zaki for editing the thesis.

CONTENTS

ACKNOWLEDGEMENT	<i>i</i>
TABLE OF CONTENTS	<i>iii</i>
LIST OF TABLES	<i>vii</i>
LIST OF FIGURES	<i>ix</i>
ABSTRACT	<i>xi</i>
 CHAPTER 1: INTRODUCTION	 1
1.1. Overview of the topic	3
1.2. Problem Definition	5
1.3. Literature Outline	9
1.4. Rationale of Research	10
1.5. Aim of Research	11
1.6. Research Questions and Assumptions	11
1.7. Theoretical Perspective	13
1.7.1. Attention Deficit Hyperactivity Disorder.....	14
1.7.2. Physical Learning Environment.....	15
1.7.3. Educational Outcomes.....	16
1.8. Research Methodology	16
1.8.1. Study Design.....	16
1.8.2. Data Collection and Research Tools.....	20
1.8.3. Data Analysis.....	21
1.8.4. Ethical Considerations.....	21
1.9. Scope of the Thesis	21
1.10. Research Significance and Challenges	22
1.11. Research Limitations	22
 CHAPTER 2 : THEORETICAL FRAMEWORK	 27
2.1. Aspects of Children Labelled Attention Deficit Hyperactivity Disorder; Personal Dimension of Behaviour	29
2.1.1. Behavioural Aspects (Core Symptoms of ADHD).....	29
2.1.2. Attitudinal Aspects.....	31
2.1.3. Physiological Aspects.....	31

2.2. Aspects of Interaction between Personal and Environmental Dimensions of Behaviour.....	31
2.1.1. Stimulation Theories.....	33
2.1.2. Interactionism Theories.....	33
2.1.3. Behaviour Setting/Pattern Language Theories.....	35
2.3. Aspects of Physical Learning Environment; Environmental Dimension of Behaviour.....	35
2.1.1. Afforded Activities.....	37
2.1.2. Afforded Environmental Conditions.....	39
2.1.3. Afforded Levels of Physical and Psychological Safety and Security.....	43
2.1.4. Afforded Senses of Identity and Community.....	43
2.1.5. Afforded Levels of Sensory Aesthetics.....	44
2.4. Aspects of Educational Outcomes.....	45
2.1.6. Student's Development.....	45
2.1.7. Student's Academic Performance.....	45
2.5. A Synthetically Unifying Perspective.....	46

CHAPTER3 : TOWARDS A CONDUCTIVE CLASSROOM TO ADHD 49

3.1. Identification ofADHDBehaviour Setting.....	51
3.1.1. Identification of the Targeted Behavioural Challenges; Needs Analysis.....	51
3.1.2. Setting the Behavioural Goals for Design.....	52
3.1.3. Addressing Relationship to Physical Learning Environment.....	57
3.2. Review of Research-Based Environment-Behaviour Relationships.....	59
3.2.1. Afforded Sensory Stimulus.....	59
3.2.2. Afforded Levels ofInteraction.....	69
3.2.3. Synomorphy of Behaviour Setting.....	69
3.3. Identification of Proposed Behavioural Programming Values.....	73
3.3.1. Physical and Physiological Values.....	73
3.3.2. Psychological Values.....	73
3.3.3. Social and Psychosocial Values.....	74
3.3.4. Functional Values.....	75
3.4. Formulation of Suggested Environment-Behaviour Research-Based ClassroomDesign Guidelines.....	77
3.4.1. Quiet and Healthy Placement of Classroom.....	77
3.4.2. Sensory Landscaping.....	77
3.4.3. Protective Stair Design.....	78

3.4.4. Prolonged Ramps.....	79
3.4.5. Planted Yards and Pathways.....	79
3.4.6. Highly Structured but not Restricting Configurations.....	79
3.4.7. Exaggerated Personal Area.....	80
3.4.8. Classroom with Highly Controlled Pockets.....	80
3.4.9. Classroom with a Quiet & Restorative Area.....	81
3.4.10. Classroom with a Toilet and Drinking-Fountain.....	81
3.4.11. Classroom Attached to a Play Area.....	82
3.4.12. Protective Surfacing against Injuries.....	82
3.4.13. Doors with Vision Panels.....	83
3.4.14. Safety Glass.....	83
3.4.15. Good Air Filtration.....	83
3.4.16. Ventilation for Better Concentration.....	83
3.4.17. Air Temperature in Relation to Relative Humidity.....	83
3.4.18. Filtration of Dirty Electricity.....	84
3.4.19. Natural Day Light.....	84
3.4.20. Artificial Lighting.....	84
3.4.21. Background Colour-Induced Stimulation.....	85
3.4.22. Background Noise/Music-Induced Stimulation: Sound-Field Amplification Systems.....	86
3.4.23. Unstable Adjustable Seating: Sensory Integration Furniture.....	86
3.4.24. Positive Distracting Accessories.....	86
3.4.25. Computer-Assisted Instruction.....	86
3.5. Validation of the Suggested Classroom Design Guidelines.....	87
3.6. Diagnosis of the Design Problem with Present Semantical Patterns of Classroom Design.....	96
3.6.1. Traditional Cells and Bells.....	97
3.6.2. The Learning Studio.....	98
3.7. A Look at the Egyptian Context.....	100
3.7.1. Epidemiology of ADHD.....	100
3.7.2. ADHD Inclusion in Government Policy, Laws and Regulations.....	101
3.7.3. Criteria and Regulations for an Inclusive School Design.....	102
3.7.4. A Look at ADHD Inclusive School Practices.....	102
 CHAPTER4:DISCUSSION	 113
4.1. Discussion and Conclusion.....	115
4.2. Recommendations for Further Research.....	123
 REFERENCES.....	 125
APPENDICES.....	139

LIST OF TABLES

Table 1.	A concise comparison between the disorder's elucidation by the ICD-10 and the DSM-IV-TR.
Table 2.	Overview of Remarkable Theories of Architecture.
Table 3.	A Matrix Showing the Researcher's Prediction of the Desired Activities in Association with Learner Grouping Sizes.
Table 4.	Suggested Behavioural Goals in Relation to the Behavioural, Attitudinal, and Physiological Aspects of ADHD.
Table 5.	Acceptable Ranges of Temperature and Relative Humidity During Summer and Winter
Table 6.	Analysing the Experts' Responses to Question No. 1 Asking about the Agreement with the Suggested Behavioural Goals.
Table 7.	Analysing the Experts' Responses to Question No. 2 Asking about the Agreement with the Suggested Design Guidelines.
Table 8.	Analysing the Experts' Responses to Question No. 3 Asking about the Agreement with the Two Conclusive Statements.
Table 9.	The textual analysis of the responses to question no. 1 (School Questionnaire).
Table 10.	The textual analysis of the responses to question no. 3 (MLS Questionnaire).
Table 11.	The textual analysis of the responses to question no. 7 (MLS Questionnaire).
Table 12.	The textual analysis of the responses to question no. 8 (MLS Questionnaire).
