EFFECT OF MOLYBDENUM ON NITROGEN AVAILABILITY IN SOIL AND ITS METABOLISM IN PLANT

By

Ali Mohammed Massoud Shehata

B.Sc. (Agric., Soils), Ain Shams University, (1975)
M.Sc. (Agric., Soils), Minufiya University, (1992)

To

Department of Soil Science

Faculty of Agriculture

Minufiya University

Thesis Submitted

In partial fulfillment of the requirements for the degree of

Doctor of Philosophy (Ph.D.)

In

Agricultural Science "Soils"

2001

APPROVAL SHEET

Name: **Ali Mohammed Massoud Shehata**

Title: Effect of Molybdenum on Nitrogen Availability in Soil and its Metabolism in Plant.

A Thesis Submitted for the Degree of

Doctor of Philosophy

In

Agricultural Science

(Soils)

This thesis has been approved by:

Prof. Dr. .....

Prof. Dr. .....

Prof. Dr. .....

Prof. Dr. .....

(Committee in charge)

Shebin El- Kom: 28/ 10/ 2001

CREDIT SHEET

This Ph.D Thesis entitled "Effect of Molybdenum on Nitrogen Availability in Soil and its Metabolism in Plant" and submitted by **Ali Mohammed Massoud Shehata** has been supervised by the following staff members of the Department of Soil Science, Faculty of Agriculture, Minufiya University.

1- **Prof. Dr. Mohamed E. S. Omran**

Professor of Plant Nutrition

2- **Prof. Dr. Maher M. El-Shinnawi**

Professor of Soil Microbiology

3- **Dr. Salah A. Abou El-Naga**

Associate Prof. of Soil Microbiology

Signatures of supervision committee

1- Prof.: **Dr. M. E.S. Omran**

2- Prof.: **Dr. M.M. El-Shinnawi**

3- Dr.: **S.A. Abou El-Naga**

ACKNOWLEDGMENT

The author would like to express his profound gratitude and sincere appreciation to **Prof. Dr. Mohammed E. Omran** Prof. of Plant Nutrition, Dept. of Soil Sci., Fac. of Agric. Minufiya Univ. for his valuable efforts in suggesting the problem of research, supervision, planning the work, careful supervision, sincere help and constrictive criticism throughout the course of study.

Deep thanks is also deeply indebted to **Prof. Dr. Maher M. El-Shinnawi** Prof. of Soil microbiology and the Dean of the Faculty of Agric., Menofiya Univ. for his supervision sincere help, fruitful discussion and continuous encouragement throughout this work.

Deep thanks and appreciation are extended to **Dr. Salah A. Abou El-Naga** Assoc. Prof. of Soil Microbiology Dept. of Soil Sci., Fac. Of Agric Menufiya Univ. for his supervision, kind help and continuous encouragement throughout the course of study.

Appreciation being extended to the staff members of the Soil Sci., Dept. Fac. Of Agric. Minufiya University as well as all staff members of Soils, Water and Environment Research Institute, Agricultural Research Center for Supporting, Providing all facilities needed for this study.

Ali M. Massoud
