## **Acknowledgments**

*Praise to "Allah", the Most Gracious and the Most Merciful Who Guides Us to the Right Way.*

*I would like to express my deepest gratitude and appreciations to **prof. Dr. Azza Hamdi El-Soussi**, Professor and Head of Critical Care and Emergency Nursing Department, Faculty of Nursing, Alexandria University for her precious guidance, wise instructions, meticulous supervision, valuable experience and time, endless cooperation and true concern to accomplish this work in the best possible image. for the time she gave to me, her support and sincere help.*

*Very special thanks to **prof. Dr. Fardous Abd – Elfatah**, Professor of Cardiology, Medical and Dean of the College of Nursing, Mansoura University for her help, continuous support, and encouragement offered to me during the development of the guidelines.*

*I wish to offer my whole- hearted thanks, deepest gratitude and appreciations to **prof. Dr. Yousseya Mohamed Ibrahim**, Professor and Head of Critical Care Nursing Department, Faculty of Nursing, Mansoura University for her sincere advice, enormous support, valuable suggestions, patient guidance. I am also grateful for her enthusiasm and timely help in overcoming numerous difficulties. She has been supportive as usual.*

*It is a great honor to express my deep gratitude and cordial appreciation to **Dr. Nahed Attia Kandeel**, Lecturer of Critical Care and Emergency Nursing, Faculty of Nursing, Mansoura University for her advice and support for the achievement of this study and time and effort she gave through out this work and close supervision throughout the work, she provided me continuous encouragement and support.*

*My deepest thanks and great appreciation, no word can adequately express my sincere gratitude to **Dr. Sahar Younes Othman**, Lecturer of Critical Care Nursing, Faculty of Nursing, Mansoura University for her great effort she exerted to complete this work, continuous ultimate help, valuable guidance, profound supervision and constructive criticism.*

*Last but not least, my deepest gratitude and thanks I would like to extend my gratitude to nursing and medical staff at the cardiac catheterization unit of Medical Specialist Hospital for the great help which they have offered me and for provided me with all means to fulfill this study.*

*My great appreciation is extended to  
all those who shared either practically .  
or morally in the accomplishment of this work.*

*Hend El-sayed*
