ACKNOWLEDGEMENT

First, I would like to express my profound gratitude to **Prof. Fikrat El-Sahn**, Professor of Nutrition, High Institute of Public Health, University of Alexandria, for her generous efforts, continuous support and encouragement. Her guidance and supervision of all steps of this research were behind the completion of this work.

I am also grateful to **Prof. Nawal Abdel-Rehim**, Professor of Nutrition, High Institute of Public Health, University of Alexandria, for her kind cooperation, constructive criticism, precious advice and guidance of all details of this work.

I am also grateful to **Prof. Ahmed Hussein** Professor of Surgery, Faculty of Medicine, University of Alexandria, for his cooperation and contribution in the fulfillment of this work.

I would like also to express my true thanks and gratitude to **Prof Dalal El-Kaffash** Prof of Clinical Pathology, Faculty of Medicine for her great effort and guidance. Her help in doing the laboratory investigations was a corner stone in the completion of this work.

Finally, I would like to express my appreciation to the residence doctors and nurses of the **department of Colorectal Surgery** for their active support, cooperation and assistance in this work.
