THE RELATION BETWEEN CYTOKINES RELEASE AND THE OCCURRENCE OF CARDIOTOXICITY INDUCED BY SCORPION STING

*'M.Sc' Thesis Submitted For Partial Fulfillment Of
Master Degree Of Clinical Toxicology*

B4999

By

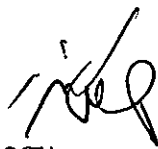

Soha Khaled Seif Elnasr

*Demonstrator in Forensic Medicine
and Clinical Toxicology Department*

Under supervision of

Prof. Dr. Ahmed Kamel Mashhour

*Prof. of Forensic Medicine and Clinical Toxicology
Faculty of Medicine Ain Shams University*

Prof. Dr. Saad Ahmed Nagieb

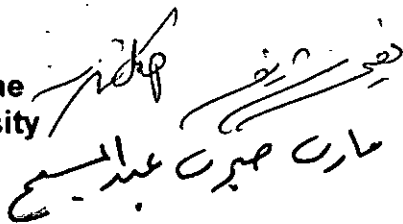

*Assistant Prof. of Forensic Medicine and Clinical Toxicology
Faculty of Medicine Ain Shams University*

Dr. Einas Abul-Wafa Eltaftazani

*Lecturer of Forensic Medicine and Clinical Toxicology
Faculty of Medicine Ain Shams University*

Faculty of Medicine
Ain Shams University

2002

First of all thanks to Allah

*I am deeply grateful for **Prof. Dr. Ahmed Kamel Mashhour** Professor of Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University, for his kind supervision, continuous help, valuable guidance and great support.*

*I would like to present my sincere thanks and appreciation to **Prof. Dr. Sawsan Abdel Fattah Shalaby**, Professor & Head of Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University, for her continuous support, constant encouragement, unlimited help and fruitful guidance.*

*I am deeply grateful for **Prof. Dr. Saad Ahmed Nagieb** Assistant Professor of Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University, for his kind supervision, constructive advice, valuable guidance, continuous support and encouragement.*

*I would like to express my deepest gratitude to **Dr. Einas Abul-Wafa Eltaftazani** Lecturer of Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University for her kind guidance, sincere directions, close supervision, great support, constant encouragement and valuable time.*

*I am deeply indebted to all **my professors and colleagues** in the Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University, for their sincere encouragement and help.*

*I am thankful to **Prof. Dr. Assem Abdel Rehim Badawy**, Professor of Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University, and the staff members of the Poison Control Center, they were very cooperative and I am thankful to them all.*

*I am also thankful to **Prof. Dr. Ahmed Abdel-Baset**, Medical Research Center, Faculty of Medicine, Ain Shams University for his continuous help and constant encouragement.*

*Finally, I wish to thank all members of **my family** for their real help and reassurance.*

LIST OF CONTENTS

	<i>Page</i>
* <i>List of Abbreviations</i>	<i>i</i>
* <i>List of Tables</i>	<i>iii</i>
* <i>List of Histograms & Figures</i>	<i>iv</i>
* <i>Introduction and Aim of the Work</i>	<i>1</i>
* <i>Review of Literature</i>	3-53
<i>Chapter I: Scorpion venom, effects and treatment</i>	<i>3</i>
<i>Chapter II: Cytokines</i>	<i>40</i>
* <i>Material and methods</i>	54
* <i>Results</i>	69
* <i>Discussion</i>	92
* <i>Conclusion & Recommendations</i>	115
* <i>Summary</i>	118
* <i>References</i>	123
* <i>Arabic Summary</i>	o-1

LIST OF ABBREVIATIONS

. <i>a</i> AB-IL-6	<i>Autoantibodies for IL-6</i>
. ACTH	<i>Adrenocorticotrophic hormone</i>
. ARDS	<i>Adult respiratory distress syndrome</i>
. AV	<i>Atrioventricular</i>
. BSF-2	<i>B cell stimulating factor 2</i>
. CK	<i>Creatine kinase</i>
. CK-MB	<i>Creatine kinase isoenzyme</i>
. CNS	<i>Central nervous system</i>
. CSFs	<i>Colony stimulating factors</i>
. CVS	<i>Cardiovascular system</i>
. d	<i>Daltons</i>
. DIC	<i>Disseminated intravascular coagulation</i>
. DNA	<i>Deoxyribonucleic acid</i>
. ECG	<i>Electrocardiograph</i>
. EPO	<i>Erythropoietin</i>
. HIV	<i>Human immunodeficiency virus</i>
. HPGF	<i>Hybridoma/plasmacytoma growth factor</i>
. HSF	<i>Hepatocyte stimulating factor</i>
. ICU	<i>Intensive care unit</i>
. IFN- δ	<i>Interferon gamma</i>
. IFN β	<i>Interferon beta</i>
. IFN β 2	<i>Interferon beta 2</i>
. IFNs	<i>Interferons</i>
. IgG	<i>Immunoglobulin G</i>
. IL-1	<i>Interleukin 1</i>
. IL-2	<i>Interleukin 2</i>

. IL-21	<i>Interleukin 21</i>
. IL-6	<i>Interleukin 6</i>
. IL-6R	<i>Interleukin 6 receptor</i>
. ILs	<i>Interleukins</i>
. LPS	<i>Lipopolysaccharide</i>
. M	<i>Mean</i>
. M-CSF	<i>Monocyte-colony stimulating factor</i>
. MGI-2	<i>Monocyte granulocyte inducer type 2</i>
. mRNA	<i>Messenger Ribonucleic acid</i>
. MW	<i>Molecular weight</i>
. ng	<i>nanogram</i>
. nm	<i>nanometer</i>
. OD	<i>Optical density</i>
. P	<i>Probability</i>
. PAF	<i>Platelet activating factor</i>
. PCC	<i>Poison control center</i>
. PDGF	<i>Platelet derived growth factor</i>
. QT_c	<i>Corrected Q-T interval</i>
. r	<i>Pearson correlation</i>
. s IL-6R	<i>Soluble Interleukin 6 receptor</i>
. S.C.	<i>Subcutaneous</i>
. SD	<i>Standard deviation</i>
. SIRS	<i>Systemic inflammatory response syndrome</i>
. t	<i>Comparison with other groups</i>
. T₃	<i>Thyroxine</i>
. T₄	<i>Triiodothyronine</i>
. TNF	<i>Tumour necrosis factor</i>

LIST OF TABLES

	<i>Page</i>
1. <i>Age and sex distribution of the studied patients</i>	70
2. <i>Geographical distribution of the studied patients</i>	70
3. <i>Clinical manifestations of the 25 patients on admission</i>	71
4. <i>The percentage of ECG findings in patients on admission and after 6 hours</i>	75
5. <i>Student 't' test of independent samples showing CK, CK-MB and IL-6 levels in controls and patients on admission.</i>	79
6. <i>Student 't' test for paired samples showing CK, CK-MB and IL-6 levels in patients on admission and 6 hours later</i>	81
7. <i>Student 't' test for independent samples showing the level of IL-6 on admission and after 6 hours in patients with different cardiac manifestations and patients without these manifestations</i>	83
8. <i>Student 't' test of independent samples showing IL-6 level after 6 hours in patients with normal ECG and those with ECG changes</i>	84
9. <i>Correlation coefficient test showing correlation between the levels of IL-6 and both CK and CK-MB in patients both on admission and after 6 hours</i>	86
10. <i>Student 't' test for independent samples showing IL-6 level, on admission and 6 hours later in patients admitted to the ICU and those not admitted to the ICU</i>	87
11. <i>The frequency of occurrence of scorpion stings in different body areas</i>	89
12. <i>ANOVA one way statistical analysis of the sting site and the level of IL-6 on admission and after 6 hours</i>	90
