#### Abstract

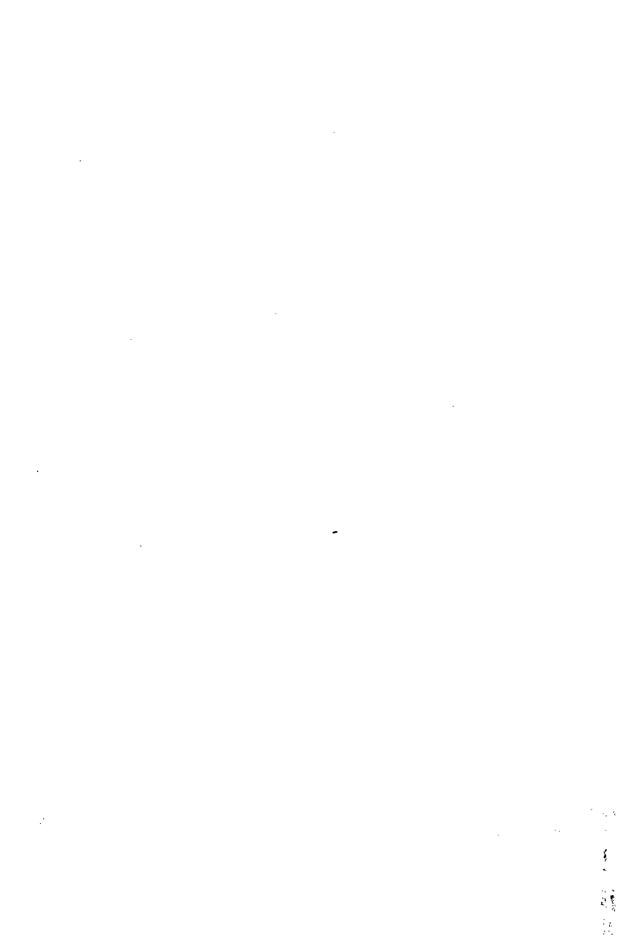

Title: Executive Functions Impairment in Chronic Schizophrenic Patients :An Egyptian Sample.

Executive functions impairment is one of the important feature of schizophrenia.

Subjects and Methods: 60 patients and their matched controls were selected from the Outpatients Clinic of Psychiatry- Kasr Elini Hospital where they were compared for neuropsychological assessment for executive functions.

Results: There was asignificant difference between patients and controls in all domains of executive functions.

Key wards: Executive Functions-Impairment - Chronic Schizophrenic.

### Acknowledgement

I would like to express my deepest gratitude to **Prof. Dr. Sanaa Ahmed Kamal,** Professor of Psychiatry, Faculty of Medicine, Cairo University, for her valuable advises, constructive criticism, true encouragement, and keen interest in the progress and accomplishment of this work.

I am also greatly indebted to **Prof. Dr. Ahmed Abd El-Latif,** Professor of psychiatry, Faculty of Medicine, Cairo University, for his friendly attitude, valuable help, encouragement and efforts in supervising this work.

I would like to express my sincere thanks to **Dr. Zakaria Halim,** Assistant Professor of psychiatry, Faculty of Medicine,
Cairo University, for his assistance all through the work.

I would like to express my deepest gratitude to **Pref. Dr. Said Abd El Azim,** Professor and Head of Department of Psychiatry, Faculty of Medicine, Cairo University, for his brotherly attitude and his help in accomplishing this work.

I would like to express my deepest appreciation and thanks to **Dr. Samir Abo El Magd,** Assistant professor of Psychiatry, Faculty of Medicine, Cairo University, for his help in accomplishing this work.

I would like to express my deepest appreciation and thanks to **Dr. Hany Hafez Sherif,** Lecturer of Radiodiagnosis, Faculty of Medicine, Al-Azhar University, for his help and effort in accomplishing this work.
