ACKNOWLEDGMENT

The author wishes to express his deep gratitude and thanks to Prof. Dr. A.M. Rabie (Dean, Faculty of Science, Ain Shams University) for his continuous supervision, valuable advice throughout this work.

Deepest thanks and sincere gratitude are due to Prof. Dr. A.H.Zahran (Chairman , National Center for Radiation Research and Technology (NCRRT)) for his keen supervision, generous guidance and scientific , practical support throughout this work.

High appreciation and profound gratitude are due to Prof. Dr. E.A.Hegazy (Head, Department of Radiation research of Polymer Chemistry, (NCRRT)), for suggesting , planning the point of research, continuous sincere guidance and fruitful discussions.

Deep thanks and sincere gratitude are due to Prof. Dr.A.M. El-Naggar (Head, Department of Radiation Chemistry, (NCRRT)), for his keen supervision , sincere guidance with encouragement throughout this work and fruitful discussions.

My sincere thanks are due to all the staff members and colleagues of textile Lab. , Department of Radiation research of Chemistry, National Center for Radiation Research and Technology (NCRRT)), for their interest and facilities provided throughout this work
