*First of all, **I** would like to thank "**Allah**" who paved the way and only by his will everything can be achieved.*

***I am** extremely grateful to her advisor **Prof. Dr.** Ashraf Shams Eldin Yahia, Professor of electronic Physics, Faculty of Science, Ain Shams University, for suggesting the point of research, his continuous guidance, effective supervision, helpful comments, constructive support and scientific supervision that enabled the author to accomplish this study.*

***I am** also owes a great debt of gratitude to **Prof**. **Dr.** Sameer Yousha El-khamisy, Professor of Nuclear Physics, Faculty of Science, Ain Shams University, for his sitting up the experimental apparatus in the optimum condition, analysis of the experimental data in a precise way, continuous supervision, useful discussion, continuous guidance and stimulating discussions throughout the thesis.*

I am *also grateful to her advisor* ***Dr.***El-Sayed Salama Ahmed, *Ass.Professor of Nuclear Physics, Faculty of Science, Ain Shams University for providing many facilities during preparation and experimental measurements, and scientific supervision that enabled me to accomplish this study.*
