ACKNOWLEDGEMENT

I am very grateful to **Prof. Dr. Fahmy M. Habib**, my main supervisor and the Professor of Soil Science at Soil Department of Agriculture Faculty in Moshtohor for his choice of this interesting investigation, guidance, willingness, encouragement, advices and his valuable comments.

Also, my sincere and deep gratitude to **Prof. Dr. Adel M. Abdel-Rahman Zayed**, the Professor of Soil Science at Soils, Water and Environment Research Institute, Agricultural Research Center (ARC), for his advices, helping during the courses and kindly supervision of this research work from the first to the end.

My thanks and appreciations are due to **Dr. Tarek Maher M. Ashoub**, Asst. Prof. of Soil Science and the Staff members of Soil Survey Section at Soils, Water and Environment Research Institute, Agricultural Research Center (ARC), for their helping during the research.
