Faculty of Science
Physics Department

Study of Some Deformed Aluminum Alloys Using Positron Annihilation Technique

A THESIS

Submitted to the Faculty of Science (ASWAN),
South Valley University

In Partial Fulfillment of the requirements
For the Degree of Master of Science
(PHYSICS)

By

Essmat Mahmoud Hassan 'Sayd Ahmed'

B. Sc. Physics (1996)

Supervised by

Prof. Dr. M. A. El-Rahman
Professor of Nuclear Physics
Faculty of Science, El-Minia
University, El-Minia.

Dr. Emad Badawi
Associated Professor of Physics
Faculty of Science, El-Minia
University, El-Minia.

Dr. Gamal Yahya
Lecture of Theoretical Physics
Faculty of Science, South Valley
University, Aswan.

South Valley University
Faculty of science (Aswan)

Approval

Of the M. Sc. Thesis and degree

Candidate	Essmat Mahmoud Hassan
Thesis title	Study of Some Deformed Aluminum Alloys Using Positron Annihilation Technique
Degree	M.Sc.

Supervisors

Dr. Mamdouh A. El-Rahman	Prof. of Physics, Faculty of Science, El-Mini University
Dr. Emad A. Badawi	Assi. Prof. of Physics, Faculty of Science, El-Mini University
Dr. Gamal A. Yahia	Lect. of Physics, Faculty of Science, South Valley University

Examiners

Prof. Dr. Ahmad E. Belal	Prof. of Physics, Faculty of Science, South Valley University
Dr. Nasser M. Shaker Afify	Prof. of Physics, Faculty of Science, Assiut University
Dr. Mamdouh A. El-Rahman	Prof. of Physics, Faculty of Science, El-Mini University

﴿عَلَّمَ الْإِنْسَانَ مَا لَمْ يَعْلَمْ﴾

صدق الله العظيم

سورة العلق آية ٥

The first part of the paper discusses the importance of the study of the history of the United States. It is argued that the study of the history of the United States is essential for a full understanding of the country and its people. The second part of the paper discusses the importance of the study of the history of the world. It is argued that the study of the history of the world is essential for a full understanding of the world and its people. The third part of the paper discusses the importance of the study of the history of the United States and the world. It is argued that the study of the history of the United States and the world is essential for a full understanding of the United States and the world.

Acknowledgement

All the praise is to **ALLAH** whose guidance and the power has given me forth to finish this work.

I am extremely grateful and indebted to my supervisors, *Prof. Dr. Mamdouh A. Abdel Rahman*, Prof., Physics Department, Faculty of science, El-Minia University, for his supervision of the investigation, for his suggestion the research program of this thesis, beneficial discussions, continuous help, moral support and moral support through the course of this work.

I would like to express my deepest gratitude and appreciation to *Dr. Emad A. badawi*, Assoc. Prof., Physics Department, Faculty of science, El-Minia University, for his participating in suggestion the research program of this thesis, his encouragement, guidance and helpful discussions are appreciated.

I am deeply grateful to *Dr. Gamal A. Yahya*, Physics department, Faculty of science, Aswan, South Valley University, for his valuable discussion, encouragement and helpful through the work of this thesis.

I am greatly obliged to *Dr. Mhamed M. Abdel-Rahman*, Head of the Physics Department, Faculty of science, Aswan, South Valley University, for his encouragement, device and support.

I would like to express my deepest thanks to the staff of the Physics Department, Faculty of science, Aswan, South Valley University, for their assistance and encouragement, specially *Dr. K. Ali*

E. M. Hassan
