Acknowledgment

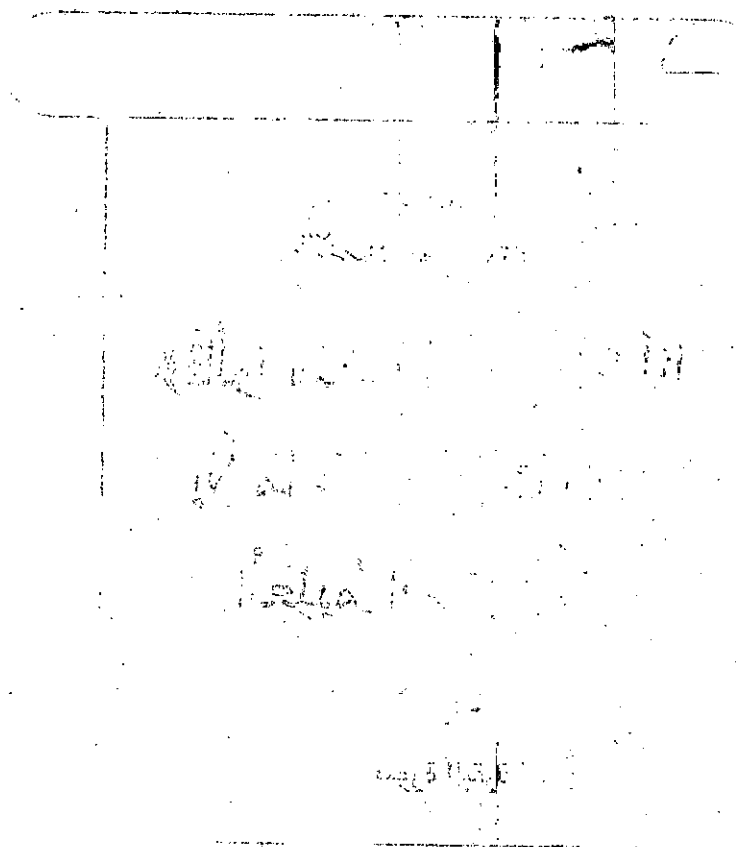

Thanks for God for giving me the power and strength to carry out this work.

Words stand short when they come to express my gratefulness to my supervisors.

I wish to express my sincere gratitude and thanks to the eminent Prof. Dr. Rakia Mohamed Shoeir, Professor of Anesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for her remarkable effort, considerable help and continuous guidance which were the major factors behind the completion of this work. My deep gratitude goes to her faithful supervision, great cooperation and her meticulous revision of this work.

I am deeply indebted to Prof. Dr. Nahed Effat Youssef, Professor of Anaesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for her extreme patience, keen supervision. He generously offered me a great help through her experience, support and encouragement.

My deep gratitude goes for Dr. Nabila Mohamed Abdel-Aziz, Assistant Professor of Anesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for her constant support, valuable advice and remarks that have been of utmost help.
