ACKNOWLEDGEMENT

*First, and foremost, all thanks and gratitude to **GOD**,
most gracious and most merciful.*

*I would like to express my deepest gratitude and sincere thanks to **Prof. Dr. Amr Lotfi**, Professor of Urology, Faculty of Medicine, Cairo University For his continuous guidance and valuable advice for enriching this work. I appreciate his great support for me, which has given me a powerful push helping this work to come to reality.*

*I am extremely grateful to **Dr. Hany Abd El Raouf**, Assistant Professor of Urology, Faculty of Medicine, Cairo University, for his continuous guidance and valuable suggestions, saving no effort or time to make this work better.*

*I would like to express my highest appreciation to **Dr. Mohamed Galal**, Lecturer of Urology, Faculty of Medicine, Cairo University, for his enthusiastic cooperation, assistance and valuable efforts during the whole work without which , it wouldn't have been a reality.*

My deepest gratitude to **my wife** for her support and encouragement throughout my life and for providing me the environment needed for concentration and progress.

LIST OF FIGURES

Figure No.	Description	Page No.
1	Pathology before BCG instillation of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy	83
2	T stage of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy.	85
3	Grading of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy.	87
4	Number of lesions of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy.	89

LIST OF TABLES

Table No.	Description	Page No.
1-1	Exfoliated markers for the detection of bladder cancer.	34
2-1	Descriptive study	77
2-2	Smoking.	77
2-3	Bilharziasis	78
2-4	Pathology before	78
2-5	T stage	79
2-6	Grade	79
2-7	No. of lesions	80
2-8	Pathology after	81
2-9	Pathology before BCG instillation of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy	82
2-10	T stage of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy	84
2-11	Grading of the studied sample in relation to patients with positive bladder biopsy and those with negative bladder biopsy.	86
