

Attention Deficit Hyperactivity Disorder in Children with Nocturnal Enuresis

Protocol of thesis

Submitted in Partial Fulfillment
Of Master Degree in Pediatrics

By
Wael Ibrahim El Emam El Gamal

M.B., B.Ch.

Under Supervision of
Prof. Shereen Mohammed Abdel Fattah

**Professor of pediatrics
Faculty of Medicine
Ain Shams University**

Prof. Farida El Baz Mohammed

**Professor of pediatrics
Faculty of Medicine
Ain Shams University**

Dr. Azza Mohamed Youssef

**Lecturer of Pediatrics
Faculty of Medicine
Ain Shams University**

2010

ACKNOWLEDGMENT

*I would like to express my profound gratitude to Professor Doctor/ **Shereen Mohammed Abdel Fattah** Professor of Pediatrics Faculty of Medicine, Ain Shams University for her most valuable advises and support all through the whole work.*

*I am also grateful to Professor Doctor/ **Farida El Baz Mohammed** , Professor of Pediatrics Faculty of Medicine, Ain Shams University for her unique effort, considerable help, assistance and knowledge she offered me through out the performance of this work.*

*My special thanks and deep obligation to Doctor/ **Azza Mohamed Youssef** Lecturer of Pediatrics, Faculty of Medicine Ain Shams University for her continuous encouragement, for dedicating much of his precious time to accomplish this work and supervision and kind care.*

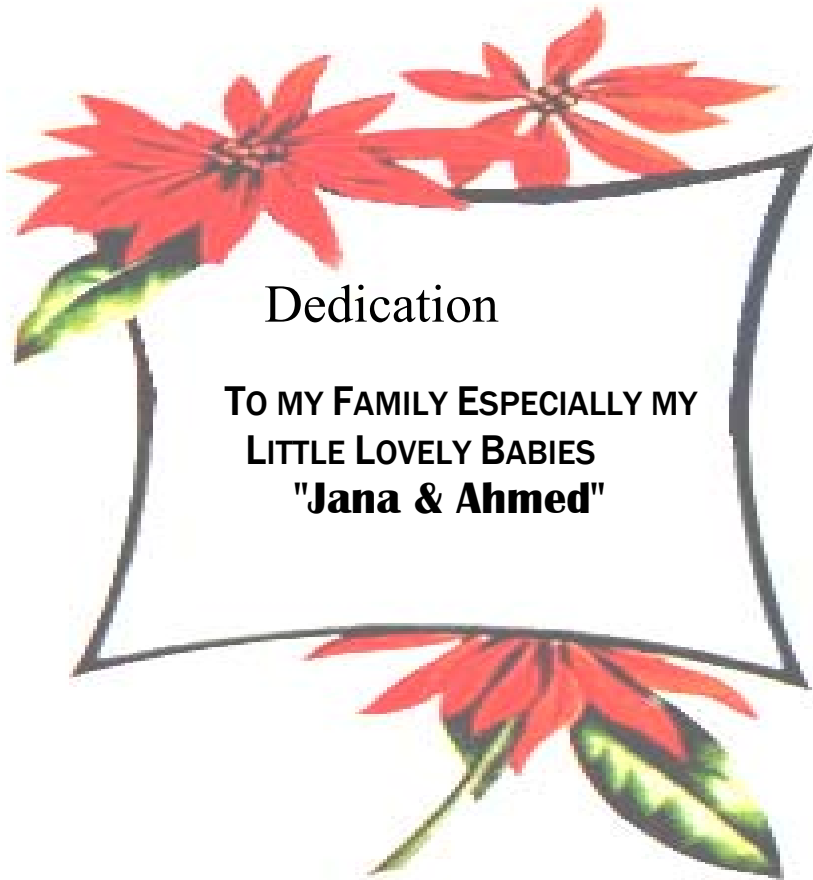

Last but not least I would like to express my deepest thanks and gratitude to my patients and their families wishing them a good health.

Wael El gamal

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

﴿ قَالُوا سُبْحَنَكَ لَا عِلْمَ لَنَا إِلَّا مَا عَلَّمْتَنَا إِنَّكَ

LIST OF CONTENTS

Title	Page No.
List of Tables	ii
List of figures.....	iii
List of Abbreviations	v
Introduction	1
Aim of the Work	5
Review of literature	
• Anatomy of the Urinary System.....	6
• Physiology and innervations of the lower urinary tract	11
• Nocturnal Enuresis	25
• Attention Deficit Hyperactivity Disorders	47
• Nocturnal Enuresis and Attention Deficit Hyperactivity Disorder	95
• Subjects and Methods	99
Results	104
Discussion	111
Summary	117
Conclusion	120
Recommendations	121
References	122
Appendix.....	166
Arabic Summary	—

LIST OF TABLES

Tab. No.	Title	Page No.
Table (1):	Comparison of treatment modalities for nocturnal enuresis.....	46
Table (2):	FDA-Approved gnostic Medications of the Treatment of ADHD.....	89
Table (3):	Shows findings of history analysis according to cases and controls.....	104
Table (4):	Comparison between enuretic patients and control according to consanguinity, Depth of sleep, Development and milestone & Gender.....	105
Table (5):	shows ADHD subtypes in enuretic patients and control as regard character of DSM-IV.....	107
Table (6):	Comparison between positive ADHD subtypes in enuretic patients and controls according to gender.....	108
Table (7):	Comparison between male and female enuretic patients according to ADHD subtypes.....	109
Table (8):	Mltivariate analysis to detect the most significant factors.....	110
Table (9):	Conner's Rating Scale/Parents Questionnaire.....	168

LIST OF FIGURES

Fig. No.	Title	Page No.
Figure(1)	Anatomy and relations of the bladder, prostate, seminal vesicles, and vasa deferentia.....	7
Figure(2)	Top: relation of the bladder, prostate, seminal vesicles, penis, urethra and scrotal contents. Lower Left: transverse section through the penis.....	9
Figure(3)	Urinary bladder and its innervations.....	12
Figure(4)	Innervations of the lower urinary tract: The parasympathetic pelvic nerve stimulates the bladder detrusor muscle, mediated by muscarinic receptors (M3) being activated by acetylcholine (ACh).....	15
Figure(5)	Afferent fibers transmitting sensory information from the lower urinary tract to the spinal cord: Glutamate is a neurotransmitter present in both the A and C fibers; additional neurotransmitters in the C fibers include substance P (SP) and calcitonin gene-related peptide (CGRP).....	19
Figure(6)	Major reflex pathways from the pontine micturition center in the brainstem to the lower urinary tract via the spinal cord regulating both micturition and urine storage.....	21
Figure(7)	Major reflex pathways from the pontine micturition center to the lower urinary tract stimulating initiation and completion of micturition.....	23
Figure(8)	Finding genes for behavior.....	68
Figure(9)	Familial transmission of ADHD and other comorbidities.....	72
Figure(10)	Conner's Parent Rating–Revised: Long subscales...	102
Figure(11)	Distribution of the studied cases as regard primary and secondary enuresis.....	104
Figure(12)	comparison between cases and control as regard depth of sleep.....	105
Figure(13)	comparison between cases and control as regard consanguinity.....	106
Figure(14)	comparison between cases and control as regard development and milestone.....	106
Figure (15)	Comparison between control and patients as regard ADHD.....	107

LIST OF FIGURES (cont...)

Fig. No.	Title	Page No.
Figure (16):	Comparison between enuretic patients &controls as regard ADHD subtypes.....	108
Figure (17):	Comparison between female and male enuretic patients as regard ADHD subtypes.....	109

Abbrev.	Meaning
ADH	Anti-diuretic hormone
ADHD	Attention deficit hyperactivity disorder
APDA	American psychiatric association
ASD	Autism spectrum disorder
ASDs	Asperger's syndrome
CD	Conduct disorder
CGI	Conner's globals index.
CPRS-R:L	Conner's Parent Rating Scales-Revised: Long
CSF	Cerebrospinal fluid
DSM-II	Diagnostic and Statistical Manual of Mental Disorders, Second Edition (DSM-II)
DSM-III	Diagnostic and Statistical Manual of Mental Disorders, Third Edition (DSM-III)
DSM-IV	Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV)
DSM IV-TR	Diagnostic and Statistical Manual of Mental Disorders, Text Revision, Fourth Edition.
DZ	Dizygotic
ECG	Electrocardiogram
EUS	External urethral sphincter
FBC	Functional bladder capacity
FDA	Food and drug administration
GABA	Gaba aminobuteric acid
HKD	Hyperkinetic disorder
IUS	Internal urethral sphincter
MAO	Monoamino oxidase
MNE	Monosymptomatic nocturnal enuresis
MZ	Monozygotic
ODD	Oppositional deficient disorder
PMC	Pontine micturition center
PNE	Primary nocturnal enuresis
PSC	Pontine storage center
SNE	Secondary nocturnal enuresis
SPSS	Statistical program for social science version 15
TCA	Tricyclic antidepressant
