APPROVAL SHEET

Name of Student : Ezzat Abd El- Mohsen Kotb Aly

Title of Thesis : Plant Response To Biofertilization In Soil Amended
With Irradiated Sewage Sludge

Degree : M.Sc. in Science

This thesis for the degree in science has been approved by:

Prof. Dr. Samir Khalel Mohamed Khalel
*Prof. of Plant Physiology, Department of Botany,
Faculty of Science, Alexandria University.*

Prof. Dr. Mohey El –Deen Zoheer Alfoly
*Prof. of Microbiology
National Center for Radiation Research and Technology
Atomic Energy Authority*

Prof. Dr. Seham Mohamed Aly Moustafa
*Prof. of Plant Physiology and Head Department of Botany,
Faculty of Science, Ain Shams University.*

1999

**This thesis has not been submitted for any degree at this or
any other University**

Ezzat Abd El-Mohsen kotb Aly

ACKNOWLEDGEMENT

The author wishes to express his deepest appreciation and gratitude to Prof. Dr. Seham Mohamed Aly Moustafa, Prof. of Plant Physiology and Head Department of Botany, Faculty of Science, Ain Shams University for her guidance throughout this work.

The author offers his thanks and gratitude to Dr. Ismail A.El-Ghandour and Dr. Yehia G.M. Galal, Associate Profs., Soil Microbiology Unit, Soil and Water Research Department, Nuclear Research Center, for suggesting the point, their continuous supervision and fruitful assistance throughout this work.

The author wishes also to thank Prof. Dr. A. M Gad Alla, Head of Soil and Water Research Department for his assistance and providing facilities for conducting this work.

Grateful acknowledgement is also extended to the staff members of Soil Microbiology Unit and thanks are expressed to the colleagues of Soil and Water Research Department for their kind encouragement and help during this work.
