1997

قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا إِلَّا مَا
عَلَّمْتَنَا إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ
سَدَقَ اللَّهُ النَّبِيُّ
البقرة - ٢٢

Acknowledgement

I would like to express my deep thanks to Prof. Dr. Khalil Abdel Hady, Professor of Pediatrics, Ain Shams University, for his great support and advice which have been of inestimable value.

I am greatly indebted to Prof. Dr. Anwar Elzabi, Professor of Neurology and Psychiatry, Ain Shams University for his meticulous supervision / supportive advice and generous help he kindly offered.

I would like to express my sincere gratitude to Prof. Dr. Ismail Sadeh, Assistant Professor of pediatrics, Ain Shams University, for his guidance and great assistance.

My true feeling of sincere gratitude to Prof. Dr. Elwafa Abdel Razi, Assistant Professor of Psychiatry, Institute of post-Graduate childhood studies, Ain Shams University, for her enthusiastic cooperation throughout the work.

Special thanks to all staff members of Neurology and psychiatry department, Ain Shams University as well as staff members and patients of psychiatry school insurance clinics for helping me to perform this research work.

Last but not least no words could ever thank my ever giving parents and my suppositive husband for without their continuous encouragement, this work have not been accomplished.

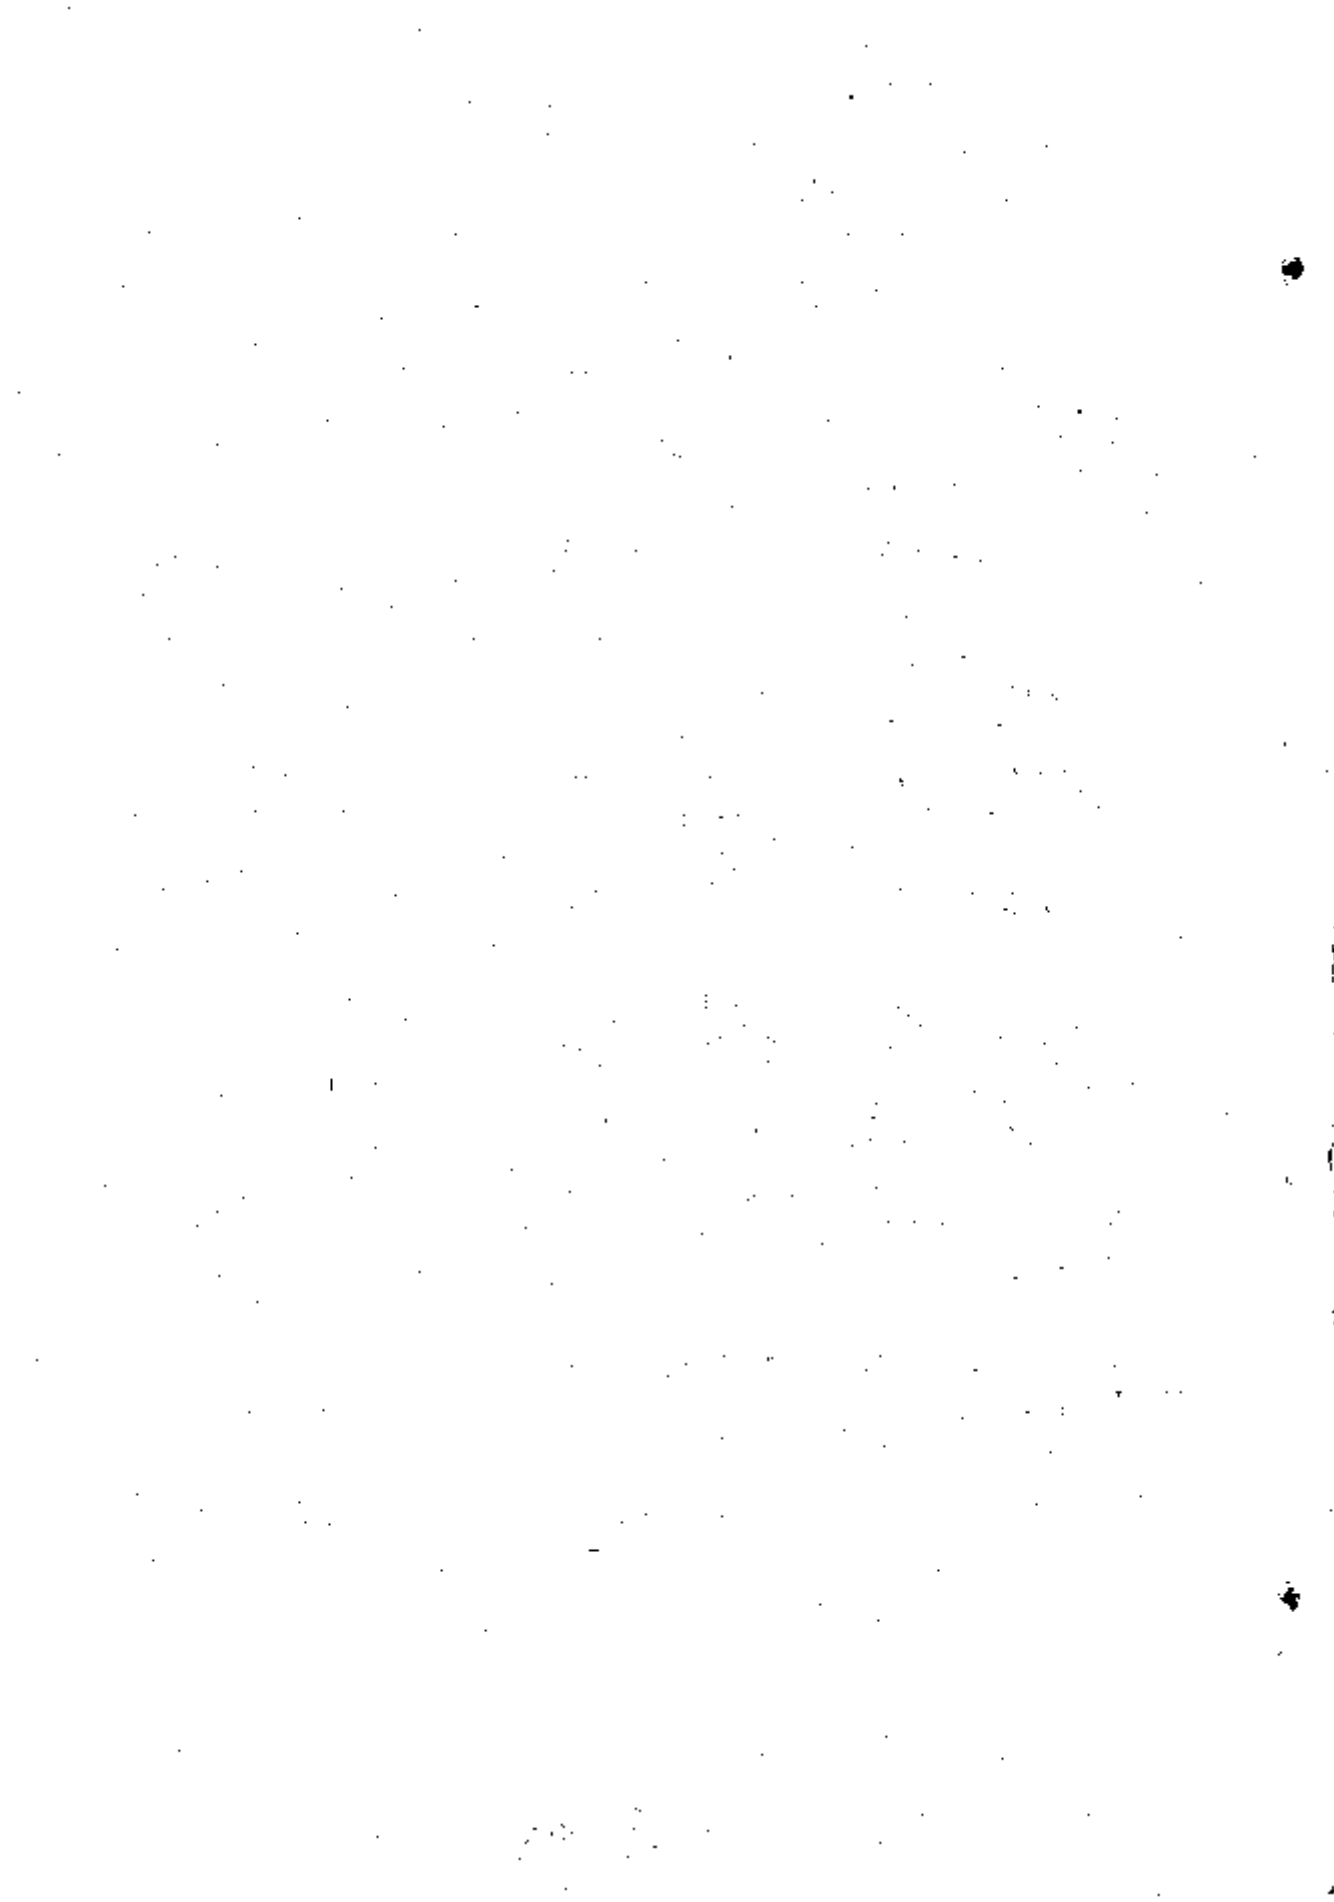

Table of Contents

Introduction and Aim of the work	1
Review of Literature	
- Definition	3
- Epidemiology of epilepsy	7
- Classification of epilepsies	18
- Benign partial seizures	29
- Febrile convulsions	46
- Generalized tonic-clonic seizures	51
- Absence, myoclonic and atonic seizures	
- Genetic aspects of epilepsies	59
- Electrocephalographic and neuroradiologic evaluation of children with epilepsy	62
- Management	69
• Antiepileptic drug therapy	
• Surgery for epilepsy	
- Prevention of epilepsy	94
- Social aspects of epilepsy	108
- Epilepsy and psychiatric disorders	133
Subjects and Methods	147
Results	160
Discussion	197
Summary and Conclusion	223
References	227
Appendix	
Arabic Summary
