سوره البقرة - الآية ٣٢

ACKNOWLEDGMENT

Thank forever for **GOD**, the great grantor always gifting us the best.

I would like to express my deep appreciation and gratitude to **Dr. Shoukry Arafa**, Assistant Professor of General and Pediatric Surgery, Cairo University for his keen supervision and valuable instructions. Feeling a great honor of being his student.

I am so grateful and most appreciative to the efforts of **Dr. Mohamed El Barbary**, Lecturer of General and Pediatric Surgery, Cairo University, for his sincere guidance, generous help and keen supervision throughout the work.

I wish to express my sincere gratitude and thanks to **Dr. Omar Mansour**, Lecturer of General and Pediatric surgery, Cairo University, for his valuable guidance and expert advice. His great kindness, help and cooperation till the completion of this work. Not only he suggested the idea of this thesis but also supervised every step and worked hard to make it reaches its final form.

My great thanks are to all the colleagues of the Pediatric surgical unite, Cairo University, for their kind support. I would like to specially thank **Dr. Atef Salah** for his cooperation and active participation doing this work.

INDEX

	Page
Introduction	1-3
Review of literature:	4-82
Chapter (1): incidence, genetic and classification.	4-12
Chapter (2): Embryology of the male External genitalia and Urethra.	13-18
Chapter (3): Anatomy of penis and urethra.	19-34
Chapter (4): pathology of hypospadias.	35-40
Chapter (5): treatment of distal hypospadias.	41-72
Chapter (6): Complication of hypospadias repair.	73-82
Patient and method	83-91
Results	92-97
Discussion	98-103
Summary	104-105
References.	106-123
Arabic summary	124

LIST OF FIGURES

No.	Figure	Page
