**ECOLOGICAL AND BIOLOGICAL STUDIES
ON JUVENILE COMMERCIAL FISHES FROM
PORT SAID COASTS**

THESIS SUBMITTED IN ACCORDANCE WITH THE
REQUIREMENTS OF THE UNIVERSITY OF THE SUEZ CANAL FOR
THE DEGREE OF DOCTOR OF PHILOSOPHY

IN

Marine Science

by

MOHAMMAD EL-SAYED EL-SAYED EL-MOR

Assistant Lecturer in Marine Science Department

Faculty of Science

Suez Canal University

(B.Sc. 1986 – M.Sc. 1993)

Saad Zakaria

Prof. Anna Szaniawska

Professor of Marine Science

Institute of Oceanography

University of Gdansk

Gdynia - Poland

Approval sheet

Title: ECOLOGICAL AND BIOLOGICAL STUDIES ON JUVENILE COMMERCIAL FISHES FROM PORT SAID COASTS

Name: Mohammad El-Sayed El-Sayed El-Mor

This thesis has been approved by:-

1-Prof. Al-Ahmady S. Al-Zahaby-----

Professor of Experimental Zoology and Fish Biology

Head of Zoology Department

Faculty of Science

Zagazig University

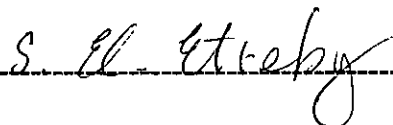

2-Prof. Magda I. Zaki-----

Head of Aquaculture Division

NIOF – Alexandria

3-Prof. Salah Gharib El-Etreby-----

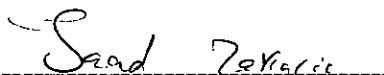

Professor of Fish Biology and Fisheries

Head of Marine Science Department

Faculty of Science

Suez Canal University

4-Prof. Saad Zakaria Mohammad-----

Professor of Invertebrates

Marine Science Department

Faculty of Science

Suez Canal University

ACKNOWLEDGEMENTS

This task was not lightly undertaken, however, it was carried out to its conclusion with Allah's blessings. Praise belongs to Allah and thanks to Him before and after all.

A number of people should be acknowledged for providing me with facilities advise or by being available, therefore, helped with the completion of this thesis.

I wish to express my sincere appreciation to Prof. Salah G. El-Etreby, Head of Marine Science Department, Faculty of Science, Suez Canal University for his advice, active supervision of this thesis. Also for his criticism and effort during reading the manuscript.

I am also greatly indebted to Prof. Saad Z. Mohammad, Professor of invertebrates, Marine Science Department, Suez Canal University for his guidance, encouragement, and his great help during the different phases of thesis preparation.

My thanks are due to members of the Institute of Oceanography, University of Gdansk, Poland for their help and support during writing up of this thesis. I particularly wish to thank Prof. Anna Szaniawska, Head of Institute for her patience, guidance and continuous help throughout writing, Dr. Mariusz Sapota for his advice on statistical methods, computer usage and support while reading the manuscript specially the discussion. Dr. Monika Normant and Mr. Wojtek Jeczmierny are thanked for their help and encouragement.

I gratefully acknowledge the assistance and efforts of all colleagues of Marine Science Department, Faculty of Science, Suez Canal University especially Dr. Ali Gaballa, Dr. Mohammad Kotb, Dr. Ashraf Ahmad, Rafat Afifi, Mohsen El-Sherbiny Tamer Helmy and Maher Abdel Aziz. Help of the technical staff is also greatly appreciated.

No amount of thanks can express my gratitude and appreciation for the spiritual inspiration and encouragement I had from my family.

CONTENTS

	Page
INTRODUCTION	1
REVIEW OF LITERATURE	5
1. The South eastern Mediterranean	5
1.1. Hydrographic conditions	5
1.2. Sediments, nutrient salts and productivity	6
1.3. Fisheries, spawning grounds and nursery areas	8
1.4. Lessepsian migration	10
2. Juvenile fishes and nursery ground	11
2.1. Estuaries	12
2.2. Sheltered coastal marine	13
2.3. Abundance	14
2.4. Food and feeding	16
AREA OF STUDY	19
1. The Mediterranean Sea	19
2. The Suez Canal	24
MATERIALS AND METHODS	30
1. Field study	30
2. Laboratory study	31
2.1. Total weight for each species	32
2.2. Size frequency distribution	32
2.3. Length-weight relationship	32
2.4. Condition factor	32
2.5. Food and feeding habits	33
2.6. Grain size analysis	34

2.7. Organic carbon analysis	35
3. List of abbreviations used in thesis	36
RESULTS	38
1. The environmental parameters	38
1.1. Temperature	38
1.2. Salinity	38
1.3. Grain size and organic carbon analysis	38
1.4. Flora and fauna	39
2. SPECIES DESCRIPTION AND GEOGRAPHICAL DISTRIBUTION	42
1. Juvenile fishes	42
1.2. Family: Siganidae	42
1.2. Family: Teraponidae	43
1.3. Family: Haemulidae	44
1.4. Family: Sparidae	45
1.5. Family: Clupeidae	47
1.6. Family: Mugilidae	51
1.7. Family: Serranidae	53
1.8. Family: Soleidae	56
1.9. Family: Congridae	57
1.10. Family: Hemiraphidae	58
1.11. Family: Mullidae	58
1.12. Family: Carangidae	60
1.13. Family: Platycephalidae	60
1.14. Family: Sciaenidae	61
1.15. Family: Holocentridae	62
1.16. Family: Sphyraenidae	62
1.17. Family: Triglidae	63
