**EVALUATION OF COUNTER-
IMMUNOELECTROPHORESIS AND ELISA FOR
IMMUNODIAGNOSIS OF RABBITS
EXPERIMENTALLY INFECTED WITH
EIMERIA STIEDAE**

BY

NAGAWA ANWER HELMY

(B. V. Sc. , Zagazig university 1983)

(M. V. Sc. , Zagazig university 1995)

under supervision

Dr. Mohamed Saied Mahdy Nada

Prof. of parasitology ,
Faculty of Vet. Medicine,
Zagazig University

Dr. A. F. Abd EL- Gawad

Head Researcher of parasitology
Animal Health Research Institute,
Dokki , Giza

**A Thesis
Submitted to
Zagazig University
For The degree of
Doctor Philosophy
of Vet. Medical Science
parasitology
Department of parasitology**

2002

B1 109

Dep. of parasitology
Faculty of Vet. Medicine
Zagazig University

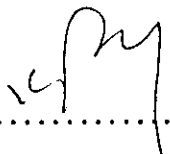

Approval Sheet

This is to approve that the dissertation presented by **Nagwa Anwar Helmy** to Zagazig University for the degree of Ph. D. has been approved by the examining committee .

1 – Dr. Karam I. Ashmawy

Professor of parasitology
Faculty of Vet. Medicine (Edfina),
Alexandria University .

Signature

.....

2 – Dr. Osama M. E. El-Azazy

Professor and Head of parasitology ,
Faculty of Vet. Medicine
Zagazig University

.....

3 - Dr. Mohamed Saied Mahdy Nada (Supervisor)

Professor of parasitology ,
Faculty of Vet. Medicine
Zagazig University .

.....

10 / 4 / 2002

ACKNOWLEDGEMENT

I would to express my sincere rest gratitude to prof. **Dr. Mohamed Saied Mahdy Nada** , professor of parasitology , Faculty of Veterinary Medicine , Zagazig University for his supervision , kind , guidance , valuable help and continuous encouragement .

I am grateful to **Dr. A. F. Abd El-Gawad** , Head Researcher of parasitology of Animal Health Research Institute , Dokki , Giza for his guidance and supervision .

My deepest thanks to **Dr. S. R. El-Atar** , Professor of Pathology , Faculty of Vet. Med. , Zagazig University , for his valuable help throughout the pathological work

My sincere thanks and my best regards are also paid to all staff members and workers of parasitology Department Faculty of Veterinary Medicine , Zagazig University .

My greatly thanks to all members of Animal Health Research Institute , Dokki , Giza and Zagazig .

DEDICATED TO ...
MY PARENT...
MY HUSBAND...
and MY SONS

LIST OF TABLES

Table	Page
(1) Relation between mean O . D readings of circulating <u>E. stiedae</u> antibody (IgG) in experimentally infected rabbits and control .	62
(2) Relation between mean O . D readings of circulating <u>E. stiedae</u> antibody (IgM) in experimentally infected rabbits and control .	66
(3) Relation between mean O.D readings of circulating <u>E. stiedae</u> antigen in experimentally infected rabbits and control .	68
(4) detection of (Ab) by counter-immunoelectrophoresis in experimentally infected New Zealand white rabbits with <u>E. stiedae</u> and in control group.	71
(5) detection of (Ag)by counter-immunoelectrophoresis in experimentally infected New Zealand white rabbits with <u>E. stiedae</u> and in control group .	73
(6) Serum levels of bilirubin , transaminases, total protein , alkaline phosphatase , albumin in rabbits infected with <u>E. stiedae</u> and in control .	76
(7) Serum protein fraction of infected rabbits with <u>E. stiedae</u> by electrophoresis .	85
(8) Serum protein fraction of infected rabbits with <u>E. stiedae</u> by electrophoresis .	87
(9) The sensitivity and specificity of ELISA test for detection of C.E.S Ag and anti- <u>E. stiedae</u> (IgM) and (IgG) .	99
(10) The sensitivity and specificity of counter-immunoelectrophoresis test for detection of C.E.S Ag and anti- <u>E. stiedae</u> antibodies	100
