ACKNOWLEDGEMENT

I wish to express my sincere appreciation to **prof. Dr. Azza Hamdi El Sossi** , Professor and head of the Critical Care Nursing Department, Faculty of Nursing , University of Alexandria for her meticulous supervision , unlimited support and encouragement, continuous guidance and assistance along with her constructive suggestions.

I am also grateful to **Dr. Nagwa Reda**, assistant professor of Critical Care Nursing, Faculty of Nursing, University of Alexandria, for her valuable discussions and help in the execution of this thesis, unlimited support and encouragement, continuous guidance and assistance along with her constructive suggestions.

I am also grateful to **Dr. Fatma El-Sharkawy**, professor of Critical Care Nursing, Faculty of Nursing, University of Alexandria, and my colleagues for their valuable assistance during the development of the standard.

I wish to thank the staff members (residents, nurses and physicians) from different hospital units (general surgery, anesthesiology and critical care department) of the Main University hospital of Alexandria willing assistance throughout this work.

Finally, I wish to acknowledge with sincere gratitude the help, encouragement and support, offered from my mother through my life, my husband, and my children especially during my graduate study.

Amina Hemida
