Acknowledgement

It is great pleasure to express my gratitude to Prof. Dr. Samia Ibrahim Sharaf, Professor of Anaesthesiology and Intensive Care, Ain-Shams University, for her wise guidance, valuable advice and supervision.

I am equally indebted to Dr. Nabila Mohamed Abd El-Aziz, Assistant Prof. of Anaesthesiology and Intensive Care, Ain-Shams University, for her generous supervision, meticulous revision and fruitful remarks.

I also would like to express my deep thanks to Dr. Azza Abd El-Rashid Hasan, Lecturer of Anaesthesiology and Intensive Care, Ain-Shams University, for her continuous encouragement and her extremely helpful guidance through my work.

I wish to thank my dear colleagues for their kind cooperation and support.

Lastly, I am greatly indebted to my family for their love, care and encouragement throughout this work which I dedicate to them.
