ACKNOWLEDGMENT

I would like to express my deepest gratitude to all who helped me in producing this work.

First of all I am very grateful to **Prof. Dr. Ibrahim Ibrahim Rakha**, professor of orthopaedic surgery and head of orthopaedic department, faculty of medicine, Suez-Canal university who gave me the honour of working under his supervision.

My deepest thanks to **Dr. Mohamed El-Tabie El-Greatly**, assistant professor of orthopaedic surgery, faculty of medicine, Suez-Canal university for his continuous encouragement and support.

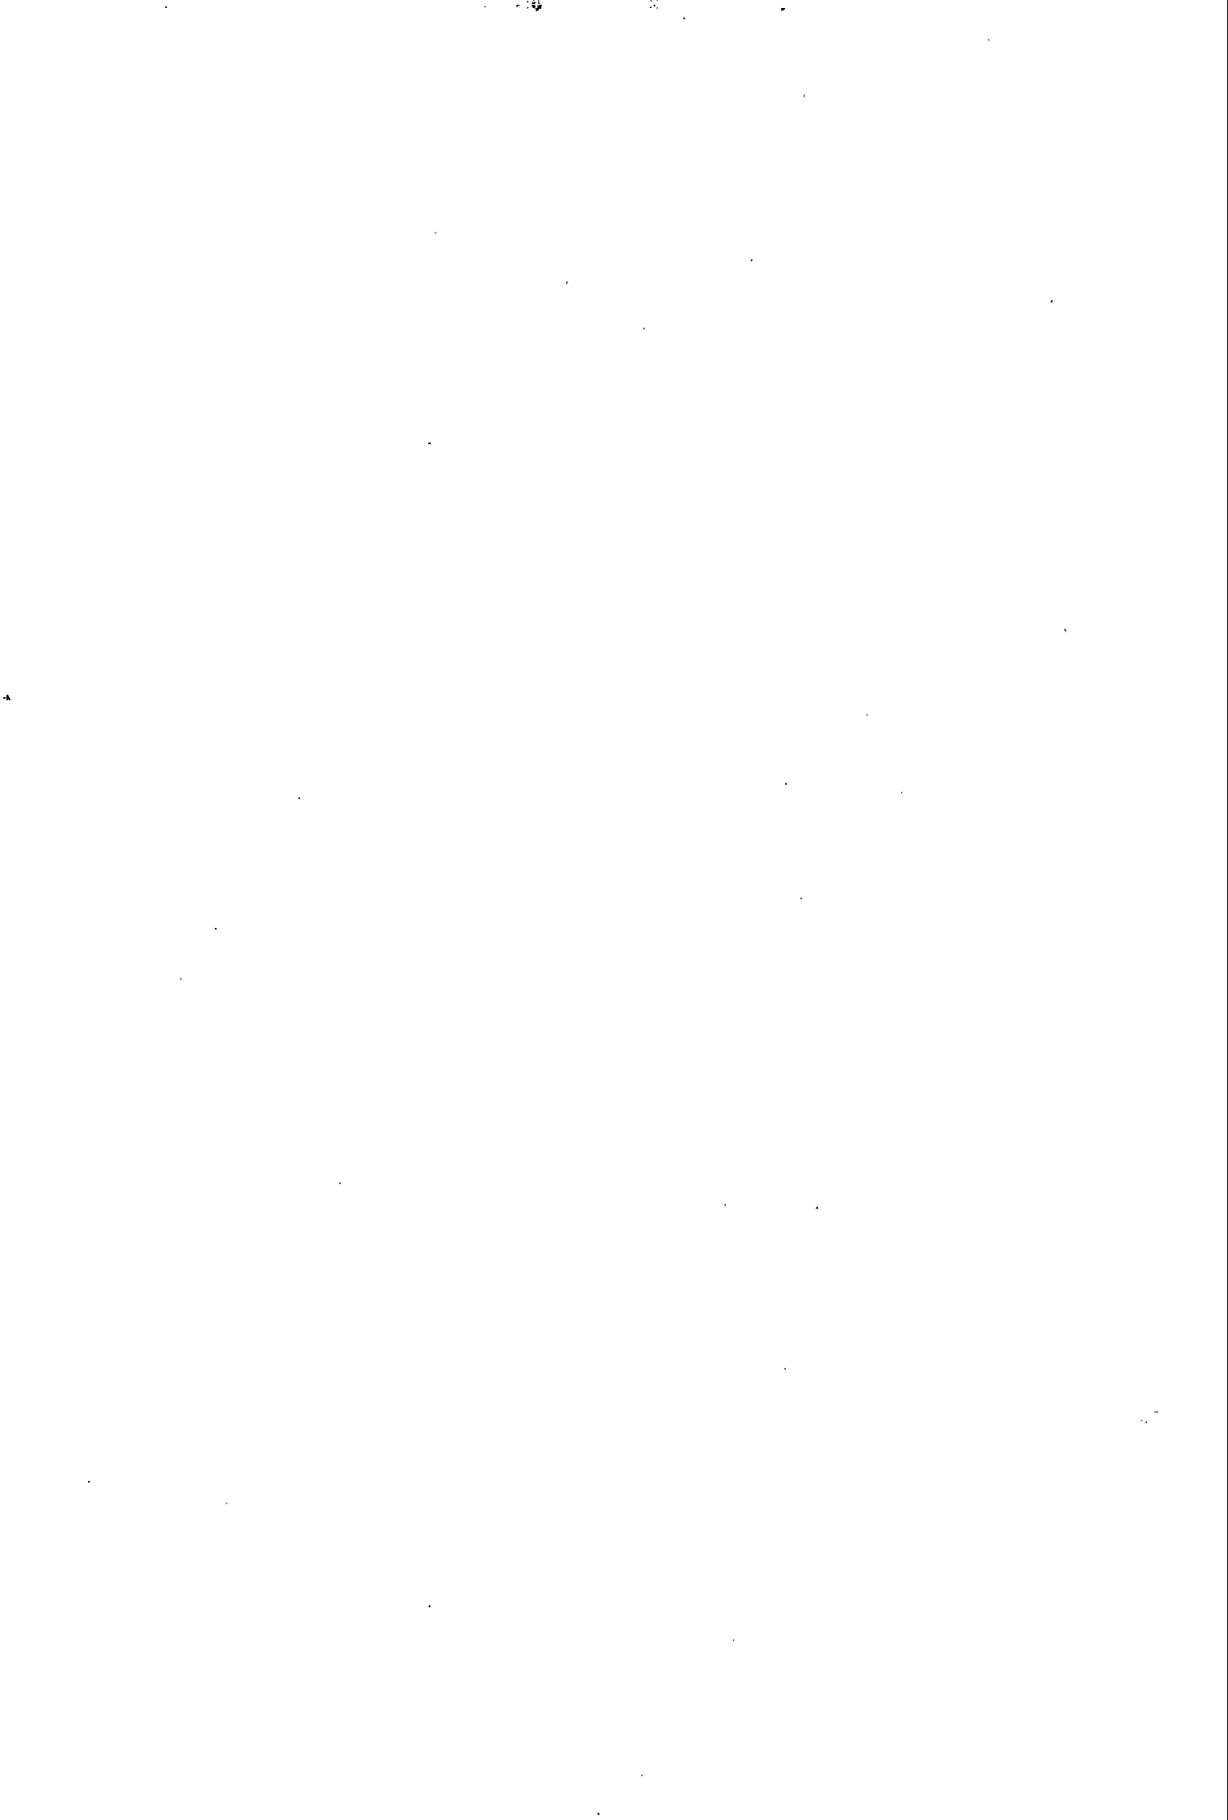

Also I would like to express my deepest thanks to **Dr. Samir M. El-Ghandour**, lecturer of orthopaedic surgery, faculty of medicine, Suez-Canal university who put me on the way and continuously guide and encouraged me.

Lastly, I would like to express my deepest thanks to all staff members of orthopaedic surgery department, faculty of medicine, Suez-Canal university, from each one, I get some sort of support during the preparation of this work.

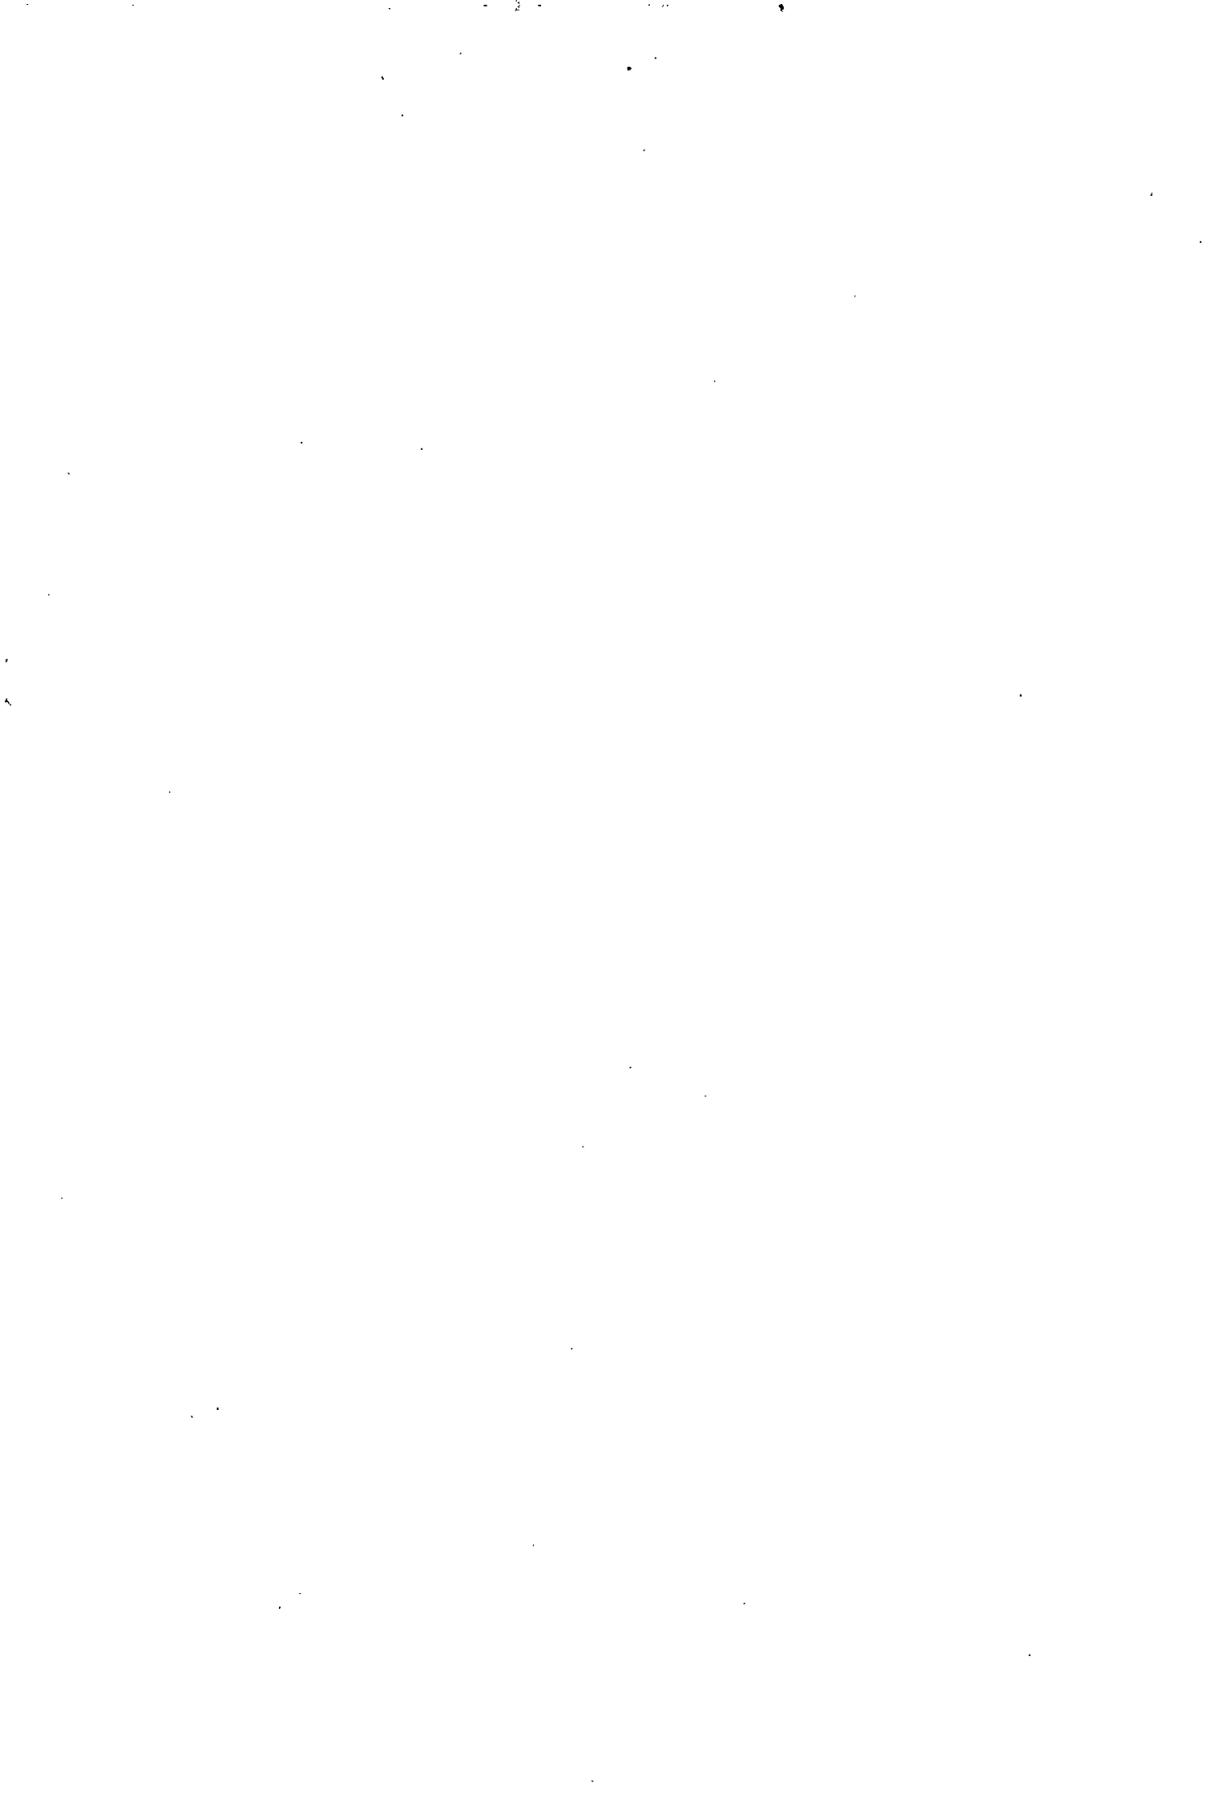

CONTENTS

List of tables	I
List of figures	II
Introduction	1
Aim of the work	4
Review of literature	
Chapter 1: Relevant anatomy	5
Chapter 2: Development of the hip joint	17
Chapter 3: Biomechanics of the hip joint	30
Chapter 4: Incidence of DDH	40
Chapter 5: Aetiology of DDH	44
Chapter 6: Pathology of DDH	48
Chapter 7: Clinical diagnosis of DDH	57
Chapter 8: Radiological diagnosis of DDH	64
Chapter 9: Arthroscopy of the hip joint	90
Chapter 10: Treatment of DDH	91
Material and Methods	142
Summary	143
References	148
