ACKNOWLEDGEMENT

First, thanks are all to **ALLAH** for besting me this work until it reached its end, as a little part of his generous help throughout life.

I would like to express my sincere gratitude to **Assistant Professor Dr. Hassan Galal Mourad**, Assistant Professor of Radiology Department, Faculty of Medicine, Ain Shams University, whose guidance, criticism, moral support and follow up of the progress of this work were certainly the most real steps in accomplishing this work.

I will never forget the efforts, observation, and great help offered to me by **Dr. Amr Aly Gamal El Din**, Lecturer of radiology Department, Faculty of Medicine, Ain Shams University, I am indebted to him for his gentle behavior, continuous encouragement, and always being there to help solving difficulties met in the present work.

I can not forget to thank all **Members of the Staff** in the Radiology Department, at Air Force Hospital for their support and sincere help.
