Direct Immunofluoresence Staining versus Cell Culture Method In Diagnosis of Adenovirus Keratoconjunctivits

A Thesis

Submitted for partial fulfillment of the Master degree in
Microbiology & Immunology

By

Samar Abdel Aziz Mohamed Shaaban

(M.B.B.Ch)

Supervisors

Prof. Dr.

Ahmed Mahmoud El-Gazzar

Prof. of Microbiology & Immunology
Benha faculty of Medicine
Zagazig University

Dr.

**Emad Abdel Rahman
Basuni**

Ass. Prof. Of Microbiology &
Immunology
Benha Faculty of Medicine
Zagazig University

Dr.

Mohamed Gouda Awadalla

Ass. Prof. of Microbiology &
Immunology
Benha Faculty of Medicine
Zagazig University

Dr.

Haytham Mohamed Fayek

Lecturer of Ophthalmology
Benha Faculty of Medicine
Zagazig University

Department of Microbiology & Immunology
Benha Faculty of Medicine
Zagazig University

Acknowledgement

First and above all, my greatest thanks to mighty **ALLAH**, the most merciful, the most gracious for helping us all to complete this work.

I wish to express my deepest gratitude and cordial appreciation to **Prof. Dr. Ahmed Mahmoud El-Gazzar**, Professor of Microbiology and Immunology Department, Benha Faculty of Medicine, Zagazig University, for his effort, experience and close supervision throughout my work and for his patients and willingness to provide continuous unlimited support have been instrumental in bringing the study to completion. To him I should offer my heart felt thanks in taken of my sincere gratitude.

I would to express my gratitude and appreciation to **Dr. Emad Abdel Rahman Basuni**, Assistant Professor of Microbiology and Immunology Department, Benha Faculty of Medicine, Zagazig University, for his kind supervision and unlimited help throughout this work.

I owe special great thanks and appreciation to **Dr. Mohamed Gouda Awadalla**, Assistant Professor of Microbiology and Immunology Department, Benha Faculty of Medicine, Zagazig University, he did his best to help me, he encourage me in every step of this work.

I wish to express my thanks to **Dr. Haytham Mohamed Fayek**, Lecturer of Ophthalmology Department, Benha Faculty of Medicine, Zagazig University, for his help throughout the work.

Lastly, but not least, I would like to extend my sincere appreciation to the staff members of Microbiology and Immunology Department, Benha Faculty of Medicine, Zagazig University, for their kind help, continuous support and encouragement.

6

List of abbreviations

aa	amino-acid.
Ad	Adenovirus.
CF	Complement fixation.
CPE	Cytopathic effect.
DIF	Direct immunofluorescent.
DNA	Deoxyribonucleic acid.
IF	Immunoflourescent.
IL	Interleukin.
ORFs	Open reading frames.
PCR	Polymerase chain reaction.
RNA	Ribonucleic acid.
