

RECENT MODALITIES IN SURGICAL MANAGEMENT OF HEPATOCELLULAR CARCINOMA (HCC)

An Essay Submitted By

Alaa Allam Ibrahim Ismail

M.B.B.Ch

Faculty of Medicine -Cairo University

For Partial Fulfillment Of the

Master Degree in General Surgery

Under Supervision of

Prof. Dr. Abd El Rahman Mohammed Al Maraghy

Professor of General Surgery

Faculty of Medicine - Ain Shams University

Dr. Mahmoud Saad Farahat

Assistant Professor of General Surgery

Faculty of Medicine - Ain Shams University

Dr. Dina Hany Ahmed

Lecturer of General Surgery

Faculty of Medicine - Ain Shams University

Faculty of Medicine

Ain Shams University

2016

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا إِلَّا مَا
عَلَّمْتَنَا إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ

(البقرة - ٣٢)

Acknowledgement

All Praise be to Allah, the Lord of the worlds and peace, blessings of Allah be upon the noblest of the Prophets and Messengers, our Prophet Muhammad peace, and blessings be upon him, his folks and his companies.

I would like to express my most sincere thanks to

Prof.Dr.

Abd El Rahman Mohammed Al Maraghy

Professor of General Surgery, Faculty of Medicine,

Ain Shams University.

For his gracious supervision, valuable guidance, generous help, support and continuous encouragement through the whole research.

I would like also to express my most sincere thanks and deepest gratitude to

Dr.

Mahmoud Saad Farahat

Assistant Professor of General Surgery, Faculty of Medicine,

Ain Shams University.

For his remarkable effort, valuable comments and sincere advices.

And I would like also to express my sincere appreciation to

Dr.

Dina Hany Ahmed

Lecturer of General Surgery, Faculty of Medicine

Ain Shams University.

For her Continuous encouragement and scientific guidance.

Dedication

First, I'd like to dedicate this work to my parents, brothers, sister, mother-in-law, for their great support & encouragement.

And to my wife, who dedicated her time and effort to support me till this work is done.

Last but not least, to my dear Dr. Rabie A. EL Aziz Mohamed for his continuous support and encouragement

Alaa Allam

COTENTS

Item	Page
<i>Index</i>	I
<i>Introduction</i>	1
<i>Aim of the work</i>	4
<i>Review or literatures</i>	
Chapter I: Surgical anatomy of the liver	5
○ Parietal surface and ligamentous attachments of the liver.....	5
○ Visceral surface and hepatic lobes.....	5
○ Bile ducts.....	8
○ Blood supply of the liver.....	9
○ Segmental anatomy of the liver.....	10
○ Histology of liver cells.....	12
○ Lymphatic and neural network.....	13
Chapter II: Functions of the liver and physiology of hepatocytes	15
○ liver functions.....	15
○ Physiology of liver preservation.....	19
Chapter III: Epidemiology, risk factors and etiology of hepatocellular carcinoma	21
○ Global epidemiology.....	21
○ Epidemiology of HCC in Egypt.....	24
○ Risk factors and etiology of HCC.....	27
Chapter IV: Pathology of hepatocellular carcinoma	35

○ Macroscopic appearance of HCC.....	35
○ Microscopic appearance of HCC	35
○ Tumour biology and behavior.....	38
○ Advances in molecular pathology.....	39
Chapter V: Diagnosis of hepatocellular carcinoma..	41
○ Clinical features.....	41
○ Laboratory investigations and biomarkers....	42
○ Radiological detection of HCC.....	46
○ Liver biopsy.....	49
○ Algorithm for diagnosis of HCC.....	49
○ Screening for HCC.....	52
○ Surveillance for HCC.....	52
○ Staging systems and prognosis of HCC.....	54
○ The multidisciplinary team (MDT) for management of HCC.....	58
○ Prognosis of HCC.....	59
Chapter VI: Surgical treatment of HCC.....	61
○ Curative liver resection.....	62
○ Hepatic resection as a bridging procedure before liver transplantation.....	72
○ Liver transplantation (LT).....	77
○ Management of HCC recurrence.....	90
Chapter VII: Non-surgical treatment of HCC.....	95
○ Ablative therapies.....	96
○ Systemic therapies.....	101

○ Radiotherapy.....	106
Chapter VIII: Recent advances in combinations of different treatment modalities of HCC	110
○ Neoadjuvant/adjuvant/downstaging therapy for surgery.....	110
○ Combined modality of non-operative therapies	115
<i>Conclusion</i>.....	120
<i>English summary</i>.....	121
<i>References</i>	124
<i>Arabic summary</i>	137

LIST OF FIGURES

Fig. no.	Title of Figure	Page
Fig. (1):	Parietal surface and Ligamentous attachments of the liver.....	6
Fig. (2):	Parietal and visceral surfaces of the liver	7
Fig. (3):	Blood supply and venous drainage of the liver	9
Fig. (4):	Hepatic segmental Anatomy	11
Fig. (5):	Histological structure of the liver.....	13
Fig. (6):	Age-standardized incidence rates of liver cancer per100, 000 person-years.....	23
Fig. (7):	Prevalence of HBsAg carrier and chronic HCV status in different geographic regions	28
Fig. (8):	Gross pathology of a HCC.....	35
Fig. (9):	Histological section taken from a HCC.....	36
Fig. (10):	HCC Histopathological findings of the tumor...	36
Fig. (11):	Major pathways altered in hepatocellular carcinoma.....	40
Fig. (12):	An abdominal ultrasonogram showing HCC ...	46
Fig. (13):	Tri phasic CT of liver showing HCC.....	47
Fig. (14):	CE-MRI of liver with moderately differentiated HCC	48
Fig. (15):	AASLD Diagnostic Algorithm for Suspected HCC Identified on Ultrasound	51
Fig. (16):	Barcelona Clinic Liver Cancer staging classification and treatment schedule	57
Fig. (17):	Surgical treatment of HCC.....	61
Fig. (18):	Role of liver resection surgery.....	62

Fig. (19): A giant encapsulated HCC in a patient without cirrhosis	65
Fig. (20): A large exophytic encapsulated HCC in a patient with underlying cirrhosis.....	67
Fig. (21): The Metro Ticket paradigm.....	80
