**Under the supervision of:**

**Prof. Dr. AYMAN F. ABOU-HADID**

Professor of vegetable crops,  
Ain Shams University.

**Prof. Dr. Hamed Mohamed El-Saeid**

Professor of developmental physiology and  
plant hormony National Research Center

## ACKNOWLEDGMENT

I wish to express deep sense of gratitude to Professor Dr. *Adel S. El-Beltagy*, Prof. of Vegetable Crops, Fac. of Agric., Ain Shams, Univ. for his continuous help and encouragement.

Sincerely thanks to Professor Dr. *Ayman Farid Abou-Hadid*, professor of vegetable crops who was always available for valuable and helpful guidance and for planning this work, following up and for his constructive supervision.

I would like to thank Prof. Dr. *Hamed Mohamed El-Saeid*, Professor of developmental physiology and plant harmony, National Research Center, for his sincere helps.

Since gratitude to Professor Dr. *Helmy Mohamed Eid* Prof. of Water Requirements Res. Development, Soil and Water Res. Institute, Agric. Res. Cent., for his valuable help and kind advice throughout this work.

Great thank, to my colleagues in Arid Land Agricultural Research Unit.

Thanks are also due to all the staff of Water Requirements Res. Dep., Soil and Water Res., Institute, ARC. for their sincere help.
