# ACKNOWLEDGMENT

The author wishes to express her deep gratitude and sincere appreciation to **Prof.Dr.Nemat A. Noureldin**, Professor of Agronomy, Faculty of Agriculture, Ain Shams University, for suggesting the problem, continuous supervision, valuable guidance and precious advices and help during the progress of this work and the preparation of the manuscript.

Sincer thanks are due to **Prof.Dr. I. H. El-Geddawy**, Head of Agronomy Department, Sugar Crops Research Institute (SCRI), Agriculture Research Center, for his supervision, and constructive criticism throughout the course of this investigation.

Deepest gratitude to all staff members of (SCRI) for cooperation and help in providing all needed facilities.
