Dietary Profile For Hepatic Diseases Patients In Some Egyptian Hospitals

By

Zenab Mostafa Mosa

B.Sc. (Specific Education), (Department of Home Economics)
Ain Shams University. 1993

A Thesis Submitted in Partial Fulfillment

Of the Requirement for the Degree of

MASTER OF SCIENCE

In

Nutrition and Food Science

**Department of Home Economics
Faculty of Specific Education
Ain Shams University**

1999

B9.1115

APPROVAL SHEET

**Dietary Profile For Hepatic Diseases Patients
In Some Egyptian Hospitals**

By

Zenab Mostafa Mosa

B.Sc. (Specific Education), (Department of Home Economics)
Ain Shams University. 1993

This Thesis For M.Sc. Degree Has Been Approved By:

Prof. Dr. Mohamed Amin Abdallah

Prof. of Food Sci. Fac. of Agric.

Ain Shams University "Previous Dean" of the Faculty of
specific education (20/10/1994 to 4/12/1997)

Ain Shams University

Prof. Dr. Mohamed Aly Medwar

Head of Epidemic Diseases Faculty of Medicine

Ain Shams University

Prof. Dr. Ahmed Yossef Gibril

Prof. of Food Sci. Fac. of Agric.

Ain Shams University "Previous Vice Dean" of the Faculty
of specific education Ain Shams University

Dr. Sanaa Mohamed El-Bendary

Associate prof. of Nutrition Head
of the Home Economics Dept.,
Faculty of Specific Education
Ain Shams University

Data of examination : 7/8/1999

Dietary Profile For Hepatic Diseases Patients In Some Egyptian Hospitals

By

Zenab Mostafa Mosa

B.Sc. (Specific Education), (Department of Home Economics)
Ain Shams University, 1993

Under The Supervision of :

Prof. Dr. Mohamed Amin Abdallah

Prof. of Food Sci. Fac. of Agric.
Ain Shams University "Previous Dean" of the Faculty
of specific education (20/10/1994 to 4/12/1997)
Ain Shams University

Prof. Dr. Mohamed Aly Medwar

Head of Epidemic Diseases Faculty of Medicine
Ain Shams University

Prof. Dr. Afaf El-Gedaily

Prof. of Food Science and Nutrition "Previous Vice
Dean" Faculty of Home Economic.
Helwan University, and Vice Dean (previous)

TABLE OF CONTENTS

Introduction	Page 1
<i>Review of literature</i>	
1- Anatomy of the normal liver	
A: The liver definition	5
B :Anatomy of the normal liver.	
a: Gross and surface anatomy.....	7
b- Physiologic anatomy of the liver.....	8
c: Anatomy and blood supply.....	9
2- Liver function.	
A: Function of the hepatic vascular system.	
a: Blood flow through the liver.	11
b: Pressures and resistance in the hepatic Ves sels	11
c: Reservoir function of the liver.....	12
d: The hepatic macrophage system (the blood cleansing function of the liver).....	14
B: Metabolic functions of the liver	14
a: Carbohydrate metabolism.....	15
b: Fat metabolism.	16
c: Protein metabolism.	17
d: Vitamins metabolism	19
(1) Ascorbic acid metabolism.	19
(2) Cyanocobalamin metabolism	20
(3) Folic acid metabolism.	22
(4) Nicotinic acid metabolism.....	22
(5) Pantothenic acid and pyridoxine metabolism.	23

	Page
3-Diseases of the liver	
A: Fatty liver	25
B: Hepatitis	26
C: Cirrhosis	27
D: Hepatic coma	29
E: Acute and chronic disease	30
F: Clinical use of biochemical tests of liver function	31
4- The effect of age on the liver function.....	
A: Aging and liver morphology	34
B: Aging and liver function.....	34
a: Protein synthesis	35
b: Liver cell turnover and biliary secretion.....	36
c: Kupffer cell activity.....	37
C: Aging and liver disease	
a: Infections diseases	38
b: Bacterial infections of the liver.....	40
c: Alcoholic and drug-induced liver diseases	40
d: Autoimmune liver diseases.....	41
e: Metabolic liver diseases and antitrypsin deficiency.....	42
5- Nutrition and liver disease	
A: Nutritional considerations in liver disease	44
B: Metabolism in the liver	44
C: Dietary factors in the pathogenesis of liver disease	47
a: Malnutrition and fatty liver	47
b: Inborn errors of metabolism.....	47
c: Dangerous food and dietary contaminants	48
D: Effect of liver disease on Nutritional status	49
E: Diet therapy.....	53
<i>Previous Studies</i>	
1- Anatomy of the liver nutrition	56
2- Nutrition and liver function	60
3- Nutrition and liver diseases	63

	Page
4- Diet therapy of the liver patients in the hospitals	64
<i>Materials And Methods.</i>	
1- Materials	
A: Hospitals.....	67
B: Subjects	68
2- Methods.	
A: Anthropometric measurements	68
B: Socieconomic status	70
C: Questionnaire	71
D: Diet history	71
E: 24 Hour's recall	73
F: Evaluation of the meals offered for patient's liver	74
G: Clinical methods	74
<i>Result And Discussion.</i>	
Part I- Anthropometric measurements and socioeconomic status	
A: AM & SES of Government hospitals	79
B: AM & SES of Special hospitals	80
C: AM & SES of Insurance hospitals.....	86
D: AM & SES of Invested hospitals	94
Part II- Nutrition care and dietary pattern	104
A: Nutrition care and dietary pattern in government hospital.....	111
B: Nutrition care and dietary pattern in special hospital	113
C: Nutrition care and dietary pattern in insurance hospital	132
D: Nutrition care and dietary pattern in invested hospital	151
E: Nutrition care and dietary pattern in different hospitals	169

	Page
Part III- Clinical Methods, include	199
* Enzymes (S.G.P.T, S.G.O.T, G.G.T, Alkaline Phos).	
* Proteins (T.Protein, S.Albumin , S.Globulin)	
* Billirobins (T. Billirobin , D Billirobin)	
A: Clinical Methods applied in Government hospitals	200
B: Clinical Methods applied in Special hospitals ...	205
C: Clinical Methods applied in Insurance hospitals	207
D: Clinical Methods applied in Invested hospitals .	207
Part IV- Evaluation of the diet history for patient's liver	
A: Evaluation pattern.....	210
B: Twenty four (24) hour's recall	217
a: Twenty four (24) hour's recall within the government hospitals.....	218
b: Twenty four (24) hour's recall within the special hospitals	222
c: Twenty four (24) hour's recall within the insurance hospitals	225
d: Twenty four (24) hour's recall within the invested hospitals	229
Part V- Diet history /week	232
A: Diet history/week within the government hospitals	233
B: Diet history/week within the special hospitals ..	236
C: Diet history/week within the insurance hospitals	239
D: Diet history/week within the invested hospitals	242
Summary and conclusion	245
References	256
Appendix	277
