Acknowledgment

The Author wishes to express his deepest gratitudes to **Prof. Dr./ Mohamed Haron Abd El-Maged** Professor of Plant Pathology, Fungi and Plant Pathology, Agricultural Botany Dept., Fac. Agric., (Moshtohor) Benha Univ., **Prof. Dr./ Raouf Naguib Fawzy** Professor of Plant Pathology, Fungi and Plant Pathology, Agricultural Botany Dept., Fac. Agric., (Moshtohor) Benha Univ. and **Prof. Dr./ Arafa Abd El Galil Hilal** Professor of Plant Pathology, Ornamental, Medicinal and Aromatic Plant Diseases Research Department, Plant Pathology Research Institute, Agricultural Research Center for their suggestion of the studied problem, supervising, indispensable help, encouragement and revision of the manuscript.

Gratitude's are expended to staff members of Plant Pathology Research Institute, Agricultural Research Center for their sincere help in introducing practical facilities of the performed experiments.

Finally, the author likes to introduce special gratitude s to his mother, his wife and his son for their encouragement and patience during the performance of the work.
