# ***Studies On Some Solar Radiation Components Related To Aerosols In The Atmosphere Of Qena***

## **A THESIS**

Submitted To The Faculty Of Science

Qena

Assiut University

Presented As Partial Fulfillment

For

The Degree Of M. Sc.- Physics

By

***Mahmoud El-Noubi Adam***

B.Sc.- Physics 1990

Assiut University

Supervised By

Prof. Dr. Abdelazeem M. Abdelmegeed  
Head, Physics Department  
Faculty Of Science -Qena  
Prof. Of Atmospheric Physics

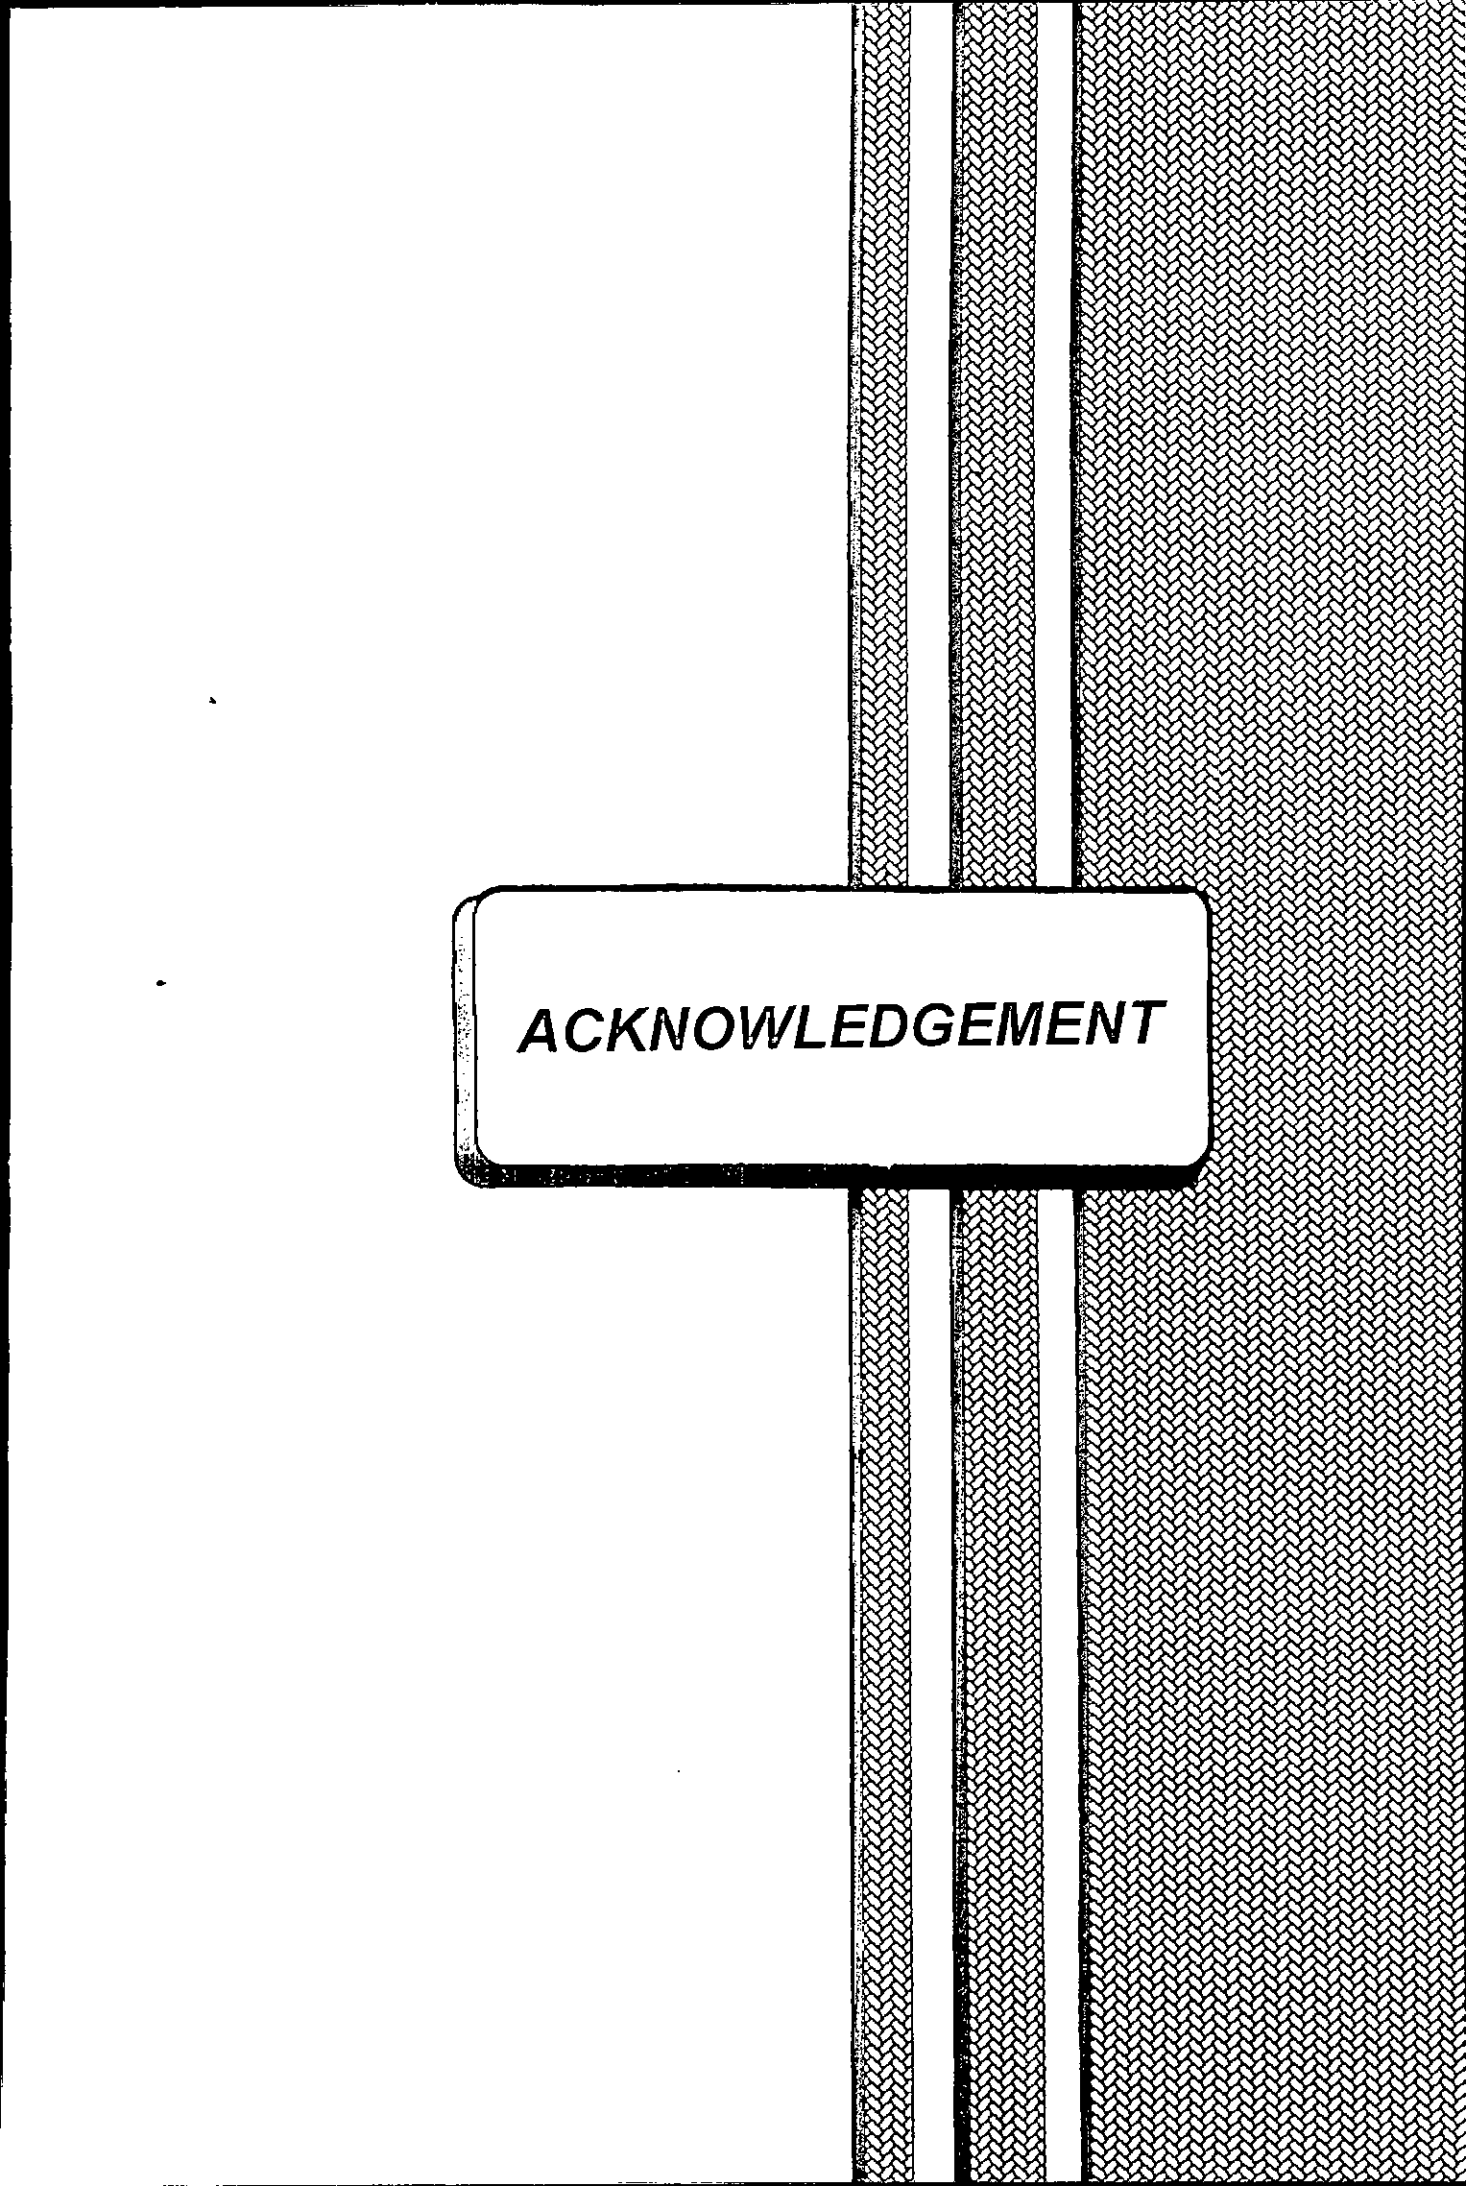

Dr. Sayed M. El-Shazly  
Assistant Prof. Of Atmospheric  
Physics. Faculty Of Science  
Qena.

Assiut University  
1994

( سورة يوسف ، آية ٧٦ ك )

***MY FAMILY***

## ***ACKNOWLEDGEMENT***

## ACKNOWLEDGEMENTS

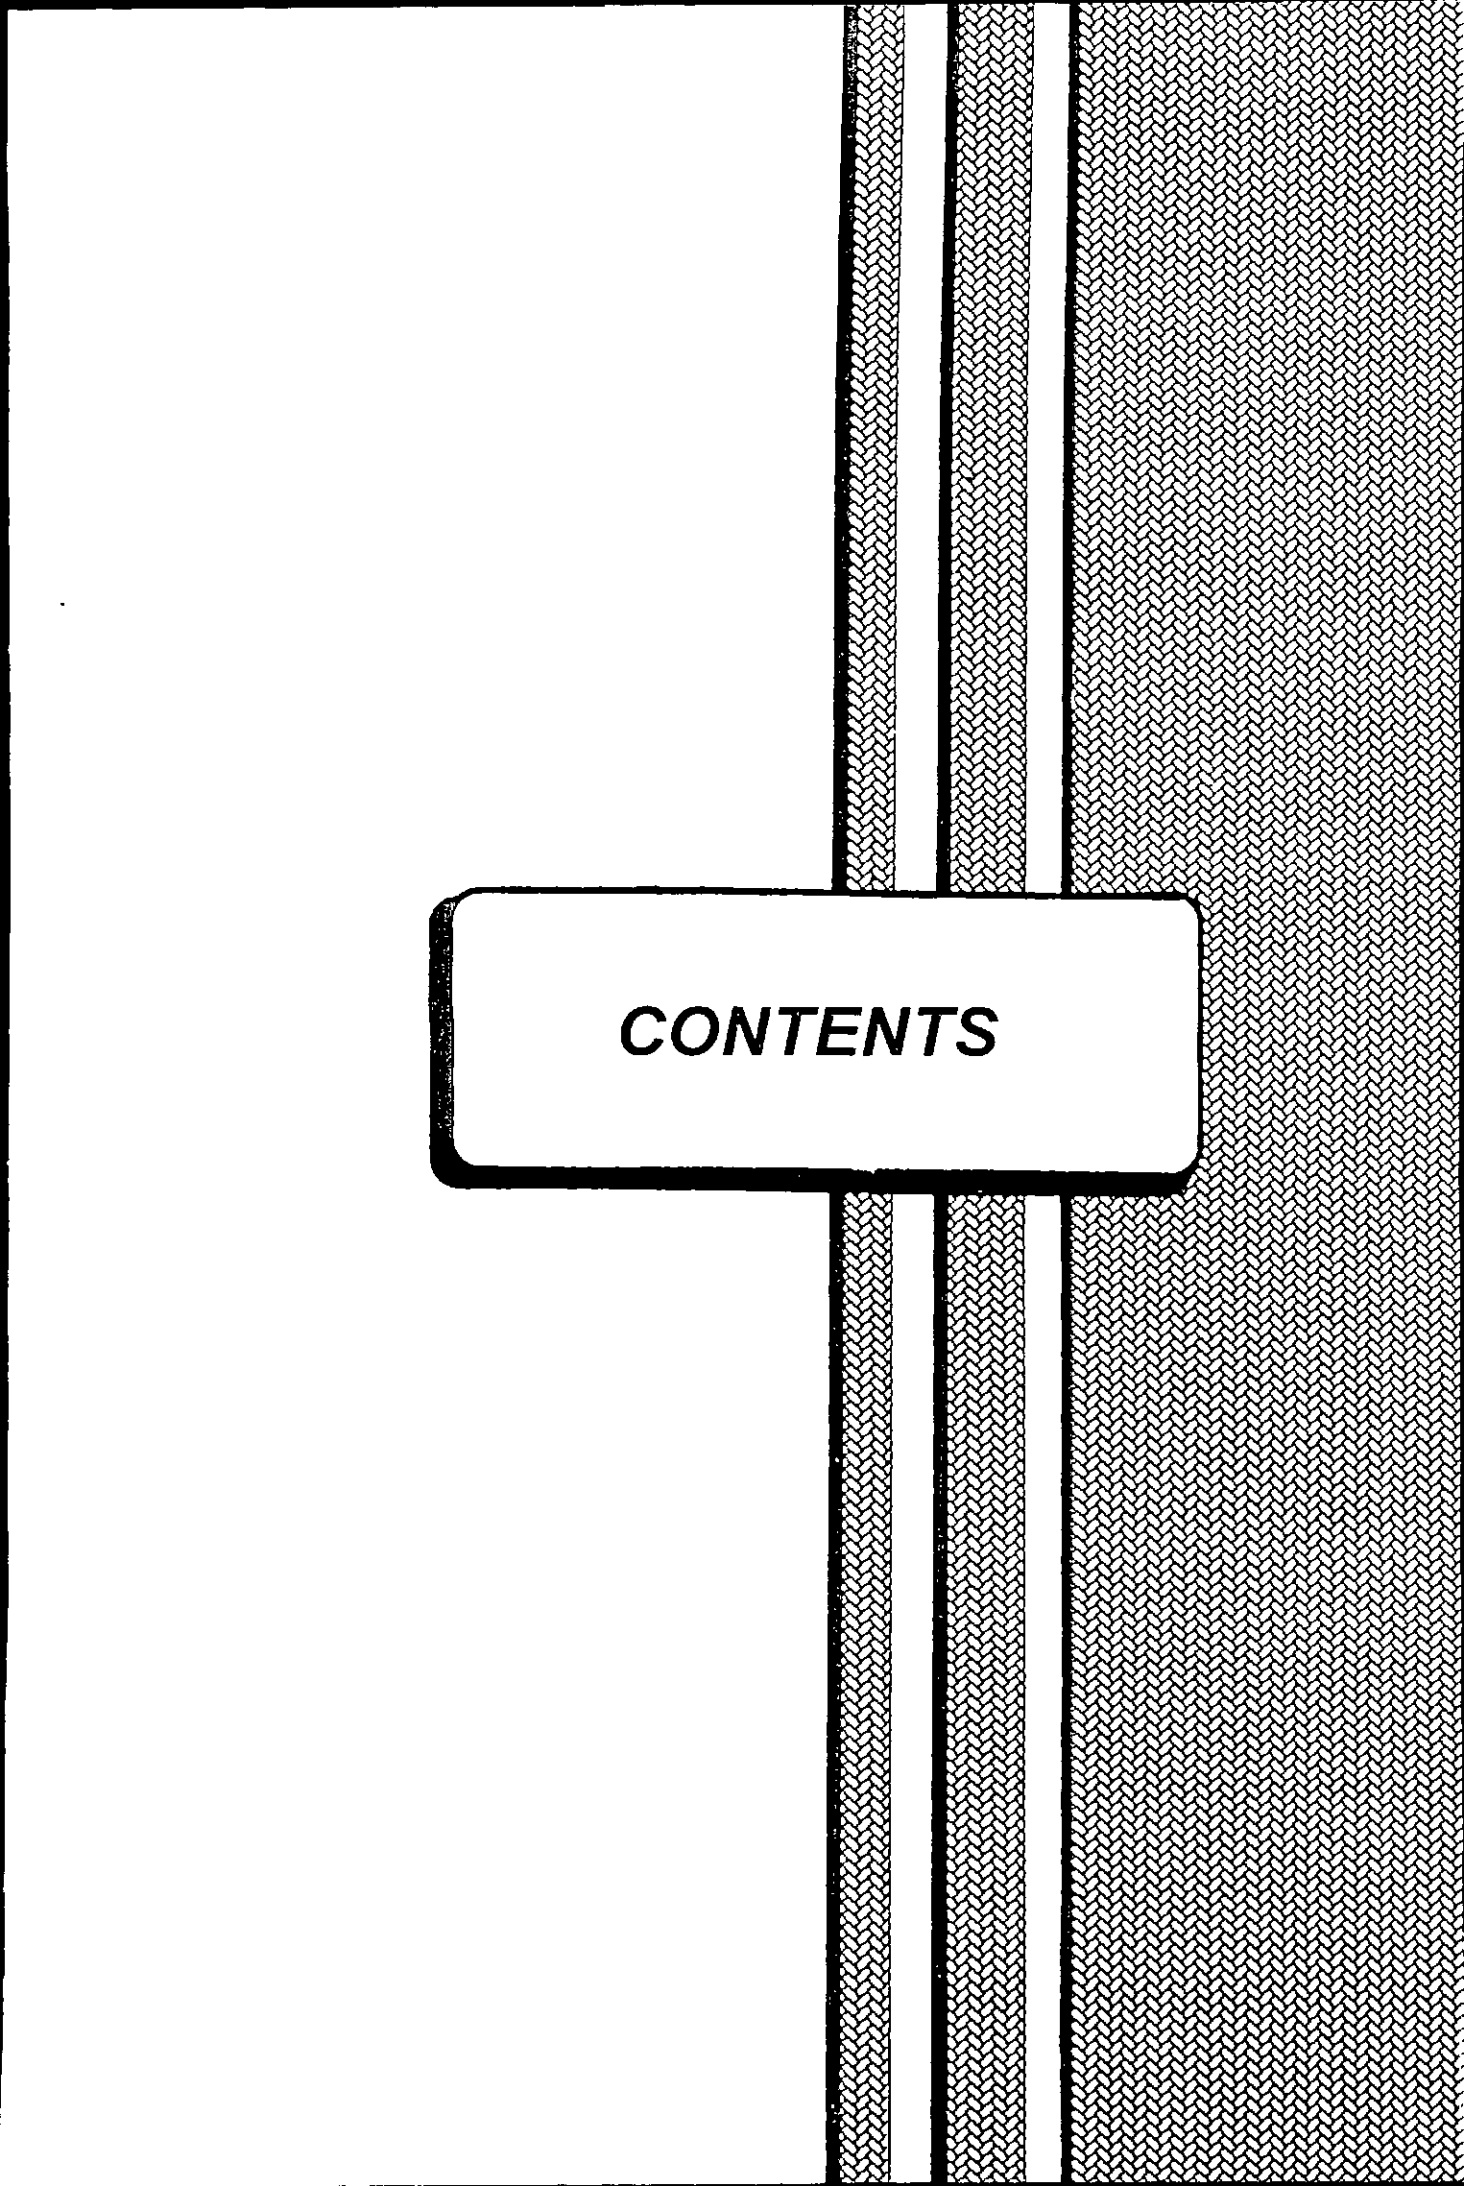

First of all gratitude is due to ALLAH who guides me and gives me strength to execute the first steps on path of improving my knowledge through this humble effort.

My deepest thanks to Prof. Dr. Abdelazeem M. Abdelmegeed, Head of the Department of physics at Qena and professor of atmospheric physics for suggesting the problem, supervision, continuous discussion, fruitful advance through out the progress of the work, and preparing this thesis in the final form.

I have great pleasure in expressing my deepest appreciation to Dr. Sayed M. El Shazly, Assist. Prof. of atmospheric physics at Qena, for his effort in suggesting the problem, supervision, providing the excellent research facilities. Also for his true efforts to facilitate all scientific problems and the beneficial discussion throughout the course of this work.

Finally, I'm grateful to everybody who gave me hand during this study.

M. El-Noubi. Adam

|       | [2-5.2] CLIMATIC PATTERNS OF THE MEASUREMENT AREA..... | 43 |

### CHAPTER 3: CHARACTERISTICS OF GLOBAL SOLAR RADIATION

|       |                                                              |    |
|-------|--------------------------------------------------------------|----|
| [3-1] | RESULTS OF GLOBAL SOLAR RADIATION IN ALL SKY CONDITIONS..... | 45 |
|       | [a] HOURLY VARIATION.....                                    | 45 |
|       | [b] VARIATION OF DAILY TOTALS.....                           | 48 |
|       | [c] Monthly VARIATION.....                                   | 50 |
|       | [d] SEASONALLY VARIATION.....                                | 53 |
|       | [e] PERCENTAGE FREQUENCY DISTRIBUTION 61.....                | 53 |
| [3-2] | RESULTS OF GLOBAL SOLAR RADIATION IN CLOUDLESS SKY.....      | 59 |
|       | [a] HOURLY VARIATION.....                                    | 59 |
|       | [b] MONTHLY VARIATION.....                                   | 63 |
|       | [c] SEASONALLY VARIATION.....                                | 63 |

### CHAPTER 4: CHARACTERISTICS OF DIFFUSE SOLAR RADIATION

|       |                                                              |    |
|-------|--------------------------------------------------------------|----|
| [4-1] | RESULTS OF DIFFUSE SOLAR RADIATION IN ALL SKY CONDITION..... | 68 |
|       | [a] HOURLY VARIATION.....                                    | 68 |
|       | [b] VARIATION OF DAILY TOTALS.....                           | 71 |
|       | [c] MONTHLY VARIATION.....                                   | 71 |
|       | [d] SEASONALLY VARIATION.....                                | 73 |
|       | [e] PERCENTAGE FREQUENCY DISTRIBUTION.....                   | 76 |
| [4-2] | RESULTS OF DIFFUSE SOLAR RADIATION IN CLOUDLESS SKY.....     | 81 |
|       | [a] HOURLY VARIATION.....                                    | 81 |
|       | [b] MONTHLY VARIATION.....                                   | 85 |
|       | [c] SEASONALLY VARIATION.....                                | 85 |

CHAPTER 5: CHARACTERISTICS OF DIFFUSE FRACTION OF GLOBAL SOLAR  
RADIATION IN THE ATMOSPHERE OF QENA.

|                                                                       |     |
|-----------------------------------------------------------------------|-----|

| ARABIC SUMMARY                                                        |     |

The background of the page features three vertical stripes. The outer stripes are filled with a dense, repeating hatched pattern. The central stripe is white and contains a white rectangular box with rounded corners and a black border. The text "CHAPTER 1" is centered within this box.

*CHAPTER 1*
