ACKNOWLEDGMENT

First and fore most, thanks to *ALLAH* the most beneficial, most merciful.

I would like to express my deepest gratitude to my Professor DR. *Mohamed Helmi Abu Zeid* professor of Internal Medicine, Cairo university, for his wise advice, sincere help, guidance, useful suggestions and comments which brought out the final points of this research.

I am greatly honored to express my deep gratitude and thanks to Dr. *Omniah Ahmed Youssef*, Professor of chemical pathology, Cairo University, For her efforts and guidance throughout the work.

My sincere appreciation is to Dr. *Mona Mohamed Thabit*, Assistant Professor of Internal medicine Cairo university, for her efforts, for her faithful assistant, extension help and endless co-operation. I learned a lot from her valuable remarks, scientific guidance and meticulous revisions.

Finally, I would like to thank my *FAMILY* who supported me a lot and gave me the guidance, encouragement and help through the whole work.

MOHAMED SALAH EL-DIN ZAKI

LIST OF CONTENTS

Introduction	1
Aim of the work	3
Review of literatures	4
-Chapter 1: Cardiac enzyames	4
-Chapter 2: Renal failure and cardiovascular system	45
-Chapter3:hemodialysis and dializability of cardiac enzymes	59
Patients & Methods	69
Results	78
Discussion	102
Summary	110
Conclusion	112
References	113
Arabic Summary	135
