B 115VI

**Palaeontological and Biostratigraphical Studies
on some Upper Cretaceous Successions
in West Central Sinai, Egypt**

A Thesis

**Submitted to
Faculty of Science, Assiut University
in partial fulfilment For the Award of
The Degree of Master of Sciences**

By

**Nasr Ahmed Abdel-Maksoud
(B. Sc., Geology)**

Supervised by

**Prof. Dr. Hassan A. SOLIMAN
Professor of Geology**

**Prof. Dr. Ahmed S. KASSAB
Professor of Geology**

**Dr. Nageh A. OBAIDALLA
Lecturer of Geology
Assiut University**

Assiut

2001

APPROVAL SHEET

Name: Nasr Ahmed Abd EL-Maksoud

Thesis Title: Palaeontological and Biostratigraphical Studies on some Upper Cretaceous Succession in West Central Sinai , Egypt

Degree: Master of Science in Geology

Courses Attended:

- | | |
|------------------------------|----------------------|
| - Invertebrate Palaeontology | - Micropalaeontology |
| - Applied Palaeontology | - Stratigraphy |
| - Sedimentation | - Structure |

Supervisors

Prof. Dr. Hassan A. Soliman (Geology Department- Assiut University)

Prof. Dr. Ahmed S. Kassab (Geology Department- Assiut University)

Dr. Nageh A. Obaidalla (Geology Department- Assiut University)

Examination Committee

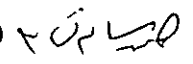

External:

1-Prof. Dr. Mohamed M. M. Abed (Geology Department- Mansoura University)

2-Prof. Dr. Wageh M. Abdelmalik (Geology Department- Ain Shams University)

Internal:

1-Prof. Dr. Hassan A. Soliman (Geology Department- Assiut University)

2-Prof. Dr. Ahmed S. Kassab (Geology Department- Assiut University) 

Prof. Dr. Mohamed T. Ismail

Vice-Dean for Graduate Studies and Research

27/9/2001

2000 12 28

DEDICATION

I dedicate this work to my parents, my wife, and my daughter might ALLAH provides them with a healthy

ACKNOWLEDGMENTS

All Acknowledgments and gratitude are due to ALLAH for blessing and support to crown this work by success.

I would like to express my deepest appreciation to Prof. Dr. Hassan A. Soliman for his kind supervision, continuous encouragement, fruitful discussion, advice and reading the final version of the manuscript.

I am greatly indebted to Prof. Dr. Ahmed S. Kassab and to Dr. Nageh A. Odaidalla for joint supervision, suggesting the points of the research, valuable guidance in the field and laboratory, fruitful discussion and comments, and for critically reading and revising the manuscript at its various stages.

I am grateful to Prof. Dr. E.R. Philobos, head of the Geology Department, Assiut University, for continuous encouragement, and offering facilities in various ways to achieve this work.

Thanks are also due to all of my colleagues in the Geology Department, faculty of Science, Assiut University, and to every one who made a contribution to this study.

Nasr Ahmed Abd El Maksoud
