STUDIES ON SPOILAGE OF SOME FOODS

By

Gamal El-Deen Mohamed Rassam Nagi El-Shamery

B.S.C. Agric (Food Science and Technology)

Kafr El-Shekh Tanta University (1980)

M.S.C. Agric (Food Science and Technology)

Moshtohor Zagazig University (1988)

Thesis

Submitted in Partial Fulfillment of Requirement for the Degree of

DOCTOR OF PHILOSOPHY

In

FOOD SCIENCE AND TECHNOLOGY

Food Science and Technology Department

Faculty of Agriculture, Moshtohor,

Zagazig University

(Benha Branch)

2001

B 0594

Studies on Spoilage of Some Foods

By

Gamal El-Deen Mohamed Rassam Nagi El-Shamery

B.S.C. Agric (food science and Technology) TANTA university (1980)

M.Sc. Agric (food science and technology) Agric. Moshtohor,
ZAGAZIG university (1988).

Thesis

*Submitted in Partial Fulfillment of Requirement
for the Degree
of Doctor of Philosophy*

In

Food science and technology

Under the supervision of:

Prof. Dr: R. M. A. El-Saadany

Prof. Of food science and Technology Department, Faculty
of Agriculture Moshtohor, Zagazig University (Benha
Branch).

Prof. Dr.: H. H. A. Khalaf.

Prof. and Head Depatment of food science and Technology.
Faculty of Agriculture Moshtohor, Zagazig University
(Benha Branch).

APPROVAL SHEET

Studies on Spoilage of Some Foods

By

Gamal El-Deen Mohamed Rassam Nagi El-Shamery

B.S.C. Agric (food science and Technology) TANTA university (1980)

M.Sc. Agric (food science and technology) Agric. Moshtohor,
ZAGAZIG university (1988).

This thesis for the Ph. D. Degree (Food science and Technology) has been approved by:

Prof. Dr: K.M. EL-NEMR.

K. El-Nemr

Prof. Of Food Science, and Technology – Faculty of Agriculture Kafr
El-Shekh – Tanta University.

Prof. Dr: A. A. EL Refai

A. Refai

Prof of Food Science and Technology, Faculty of Agriculture. And
Dean of Faculty of specific Education, Menyat El- Nasr, Mansoura
University.

Prof. Dr: R. M. A. El-Saadany

R. M. A. El-Saadany

Prof. Of food science and Technology Department, Faculty of
Agriculture Moshtohor, Zagazig University (Benha Branch).

Prof. Dr.: H. H. A. Khalaf.

H. H. A. Khalaf

Prof. and Head Department of food science and Technology.
Faculty of Agriculture Moshtohor, Zagazig University (Benha
Branch).

Date of examination: / / 2001

ACKNOWLEDGMENT

On behalf of the author himself and the Y. R. Embassy, we wish to thank all the authorities of A.R.E for their fruitful help. The author wishes to express his appreciation to **Prof. Dr. R. M. A. El-Saadany**, Professor of Food Science Faculty, of Agriculture at Moshtohor, Zagazig University, for helpful supervision. And to **Prof. Dr. H. H. A. Khalaf**, Professor of Food Science and Head of Food Science Department, Faculty of Agriculture at Moshtohor, Zagazig University for helpful supervision.

The author also wishes to express his heartily To **Dr. El-Sayed Ahmed Mohamed Afifi** Lecturer in Food Irradiation Unit, Plant Research Department Atomic Energy Establishment (Nuclear Research Authority) and To **Dr. M. O. Abdo El Monem** Lecturer of Plant Microbiology, Department Faculty of Science, Banha Zagazig University for his guidance and help.

The author also wishes his heartfelt to **Dr. Anas - Abd Elrhman** lecturer of Clinical pathology (Medical Analysis). Dept. Faculty of Medicine, Banha Zagazig University.

The author wishes to extend his gratitude to all the staff members of Food. Sci. Dep., Faculty of Agri, of Moshtohor. Zagazig University. He also thanks very truly the financing committee of this scholar ship for their fruitful co-operation.

CONTENTS

	Page No
1- INTRODUCTION	1-4
2- REVIEW OF LITERATURE	5
2-(1) Food Irradiation	5-6
2-(2) Chemical analysis	7
2-2-1- Chemical composition of chicken meat and fish flesh.	7-8
2-2-2- Chemical composition of spices .	9-11
2-2-3- Effect of gamma irradiation and cold storage on chemical composition of chicken meat and fish flesh.	11
2- 2-3-1- Moisture .	11-12
2-2-3-2- Protein .	12-14
2-2-3- 3- Fat .	14-17
2-2-3-4- Total volatile basis nitrogen .	18-19
2-2-3-5- Thiobarbituric acid.	19-21
2-2-3-6- pH	21-22
2-2-4- Effect of gamma irradiation and room temperature storage on chemical composition of spices .	22-23
2-(3) Microbiological evaluation :	23
2-3-1- Microbiology of chicken meat and fish flesh.	23-28
2-3-2- Microbiology of spices .	28-31
2-3-3- Effect of gamma irradiation and cold storage on microbiological load of chicken meat and fish fesh.	31-34
2-3-3-1 Effect of gamma irradiation on microbial load of chicken meat and fish flesh.	34-35

2-3-3-2 Effect of cold storage on microbial load of chicken meat and fish flesh.	36-39
2-3-4- Effect of gamma irradiation and room temperature storage on microbiological load of spices .	39-41
2-3-5- Isolation and identification of Bacillus spp .	41-43
3- MATERIAL AND METHODS :	44
3-1- Materials :	44
3-1-1- Sampling .	44
3-1-2- Preparation and storage of samples .	44-45
3-1-3- Irradiation .	45
3-1-3-1- Preparation of samples	45-46
3-1-3-2 - Radiation treatment.	46
3- 2- Methods :	46
3-2-1- Chemical Analysis	46-47
3-2-2- Microbiological Examination.	47-51
3-2-3- Isolation and identification of Bacillus spp .	51-55
3- 3- Media : (Table (A))	56
4- RESULTS AND DISCUSSION :	57
4-1- Effect of gamma irradiation and cold storage on the chemical composition of chicken meat and fish flesh.	57-80
4-2- Effect of gamma irradiation and cold storage on the microbial aspects of chicken meat.	80-95
4-3- Effect of gamma irradiation and cold storage on the microbial aspects of fish flesh (carp) .	95-115

	Page No
4-4 Effect of gamma irradiation and room temperature storage on the chemical composition of Dry fish (Wazaf).	115-134
4-5-Effect of gamma irradiation and room temperature storage on the microbial aspects of Dry fish (Wazaf).	135-153
4-6- Effect of gamma irradiation and room temperature storage on the chemical composition of Cinnamon, Cloves and Cardamom.	153-166
4-7- Effect of gamma irradiation and room temperature storage on the microbial aspects of Cinnamon, Cloves and Cardamom.	166-210
4-8- Effect of gamma irradiation and room temperature storage on the chemical composition of Red Hot Pepper.	211-216
4-9- Effect of gamma irradiation and room temperature storage on the microbial aspects of Red Hot Pepper.	216-234
4-10- Effect of irradiation and room temperature storage on the chemical composition of Fenugreek flour.	235-239
4-11- Effect of gamma irradiation and room temperature storage on the microbial aspects of Fenugreek flour .	239-257
4-12- Isolation and identification of Bacillus spp .	258-263
5- SUMMARY :	264-269
6- REFERANCE :	270-293
ARABIC SUMMARY :	11-1
