THE PROTECTIVE AND THERAPEUTIC EFFECTS OF ALOE VERA ON SOME PHYSIOLOGICAL ASPECTS IN RABBITS INTOXICATED WITH A PESTICIDE

**A THESIS SUBMITTED FOR
THE AWARD OF THE Ph.D. DEGREE
IN SCIENCE TEACHER'S PREPARATION
(ZOOLOGY)**

BY

Dalia Abd El-Kader Nageeb Ismail

B.Sc. & Ed. (1997)

M.Sc. in Science Teacher's Preparation – Zoology (2005)

Supervised By

Prof. Dr. Mohamed Abd El-Hamid Shahin

Professor of Vertebrates and Embryology
Biological and Geological Sciences Department
Faculty of Education - Ain Shams University

Dr. Ahmed Riad El-Sayed Hassan

Lecturer of Zoology
Biological and Geological Sciences Department
Faculty of Education - Ain Shams University

Dr. Mohamed Salah Al-Shinnawy

Lecturer of Zoology
Biological and Geological Sciences Department
Faculty of Education - Ain Shams University

2014

قسم العلوم البيولوجية والجيولوجية

التأثير الوقائي والعلاجي لنبات الصبر في بعض الجوانب الفسيوولوجية في الأرانب المسممة بأحد المبيدات

رسالة مقدمة للحصول على
دكتوراه الفلسفة لإعداد المعلم في العلوم
(علم الحيوان)

Title: THE PROTECTIVE AND THERAPEUTIC EFFECTS
OF *ALOE VERA* ON SOME PHYSIOLOGICAL
ASPECTS IN RABBITS INTOXICATED WITH A
PESTICIDE

Supervisors:

Prof. Dr. MOHAMED ABD EL-HAMID SHAHIN

Professor of Vertebrates and Embryology
Biological and Geological Sciences Department
Faculty of Education - Ain Shams University

Dr. AHMED REYADH EL-SAYED HASSAN

Lecturer of Zoology
Biological and Geological Sciences Department
Faculty of Education - Ain Shams University

Dr. MOHAMED SALAH AL-SHINAWY

Lecturer of Zoology
Biological and Geological Sciences Department
Faculty of Education – Ain Shams University

Head of Biological and Geological Sciences Department

Prof. Dr. MOHAMED ABD EL-AZIZ FOUAD

ACKNOWLEDGEMENT

First of all, all praise is to "ALLAH" who enabled me to overcome all of the difficulties that faced me throughout the present work.

I would like to express my sincere gratitude to *Prof. Dr. Mohamed Abd El-Hamid Shahin*, Professor of Vertebrates and Embryology, Biological and Geological Sciences Department, Faculty of Education, Ain Shams University, for final revision of the manuscript.

I express my utmost indebtedness to *Dr. Ahmed Reyadh El – Sayed Hassan*, Lecturer of Zoology, Biological and Geological Sciences Department, Faculty of Education, Ain Shams University, for suggesting the topic of research, his constructive guidance throughout the practical work and his criticism in reading the manuscript.

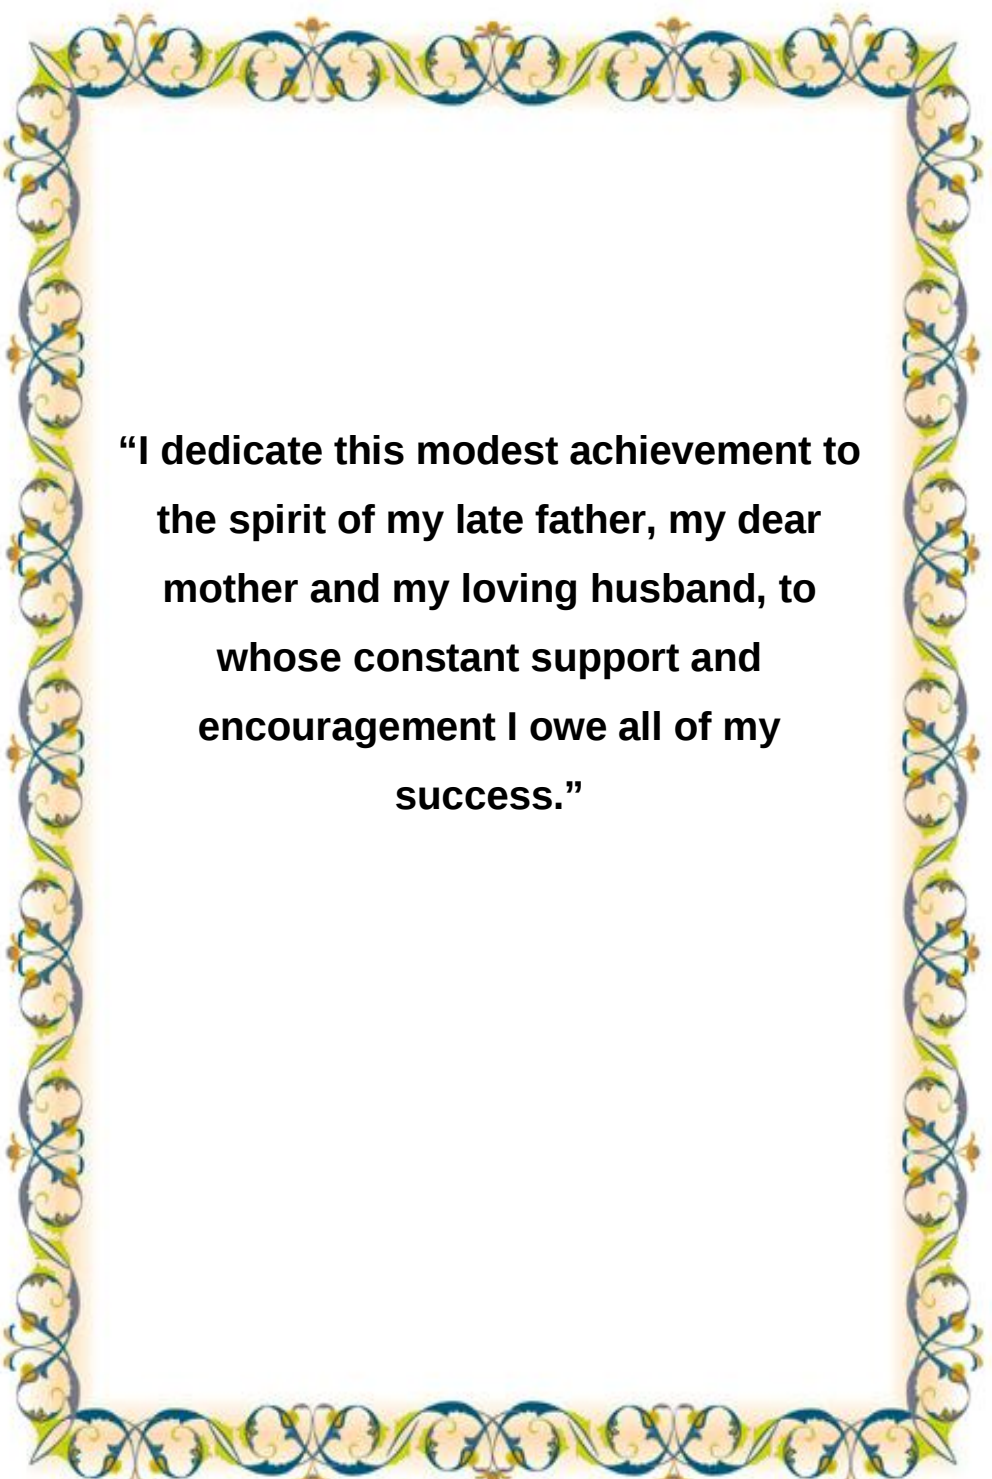

Furthermore, my heartfelt thanks to *Dr. Mohamed Salah Al-Shinawy*, Lecturer of Zoology, Biological and Geological Sciences Department, Faculty of Education, Ain Shams University, for suggesting the topic and his kind support throughout this work.

I wish to express my deep gratitude and appreciation to *Prof. Dr. Mohamed Abd El-Aziz Fouad*, Head of Biological and Geological Sciences Department and to all members of the Biological and Geological Sciences Department, Faculty of Education, Ain Shams University, for their various kind help and cooperation.

In conclusion I would like to express my gratitude to all of my friends and family who supported and encouraged me throughout this project

Thanks

Dalia Abd El-Kader Nageeb Ismail

**“I dedicate this modest achievement to
the spirit of my late father, my dear
mother and my loving husband, to
whose constant support and
encouragement I owe all of my
success.”**
