# Acknowledgment

*First and foremost, I feel indebted to God the most kind and most merciful who enabled me to accomplish this work*

*I would like to express my greatest gratitude to Prof. Dr. Mohamed Mohamed Mokhtar, Professor and Head of Human Genetics Department, Medical Research Institute, Alexandria University for his precious guidance, wise instructions, meticulous supervision, valuable experience and time, endless cooperation and true concern to accomplish this work in the best possible image. He provided me continuous encouragement and support.*

*It is a great honor to express my deep gratitude and cordial appreciation to Prof. Dr. Nahla Abd El-Rahman Nazmy Hafez Professor of Human Genetics, Medical Research Institute, Alexandria University, who gave me much of her effort, experience and close supervision throughout the work. She generously provided me the experience, cooperation and in depth guidance.*

*I would like to express my deep gratitude to Dr. Amina Rabea El- Gezeery Ass. Professor of Human Genetics, Medical Research Institute, Alexandria University, for her great encouragement, constant support, and constructive guidance throughout the study.*

*My appreciation and deepest thanks to Dr. Ebtessam Mohamed Abdallah, Ass. Professor of Human Genetics, Medical Research Institute, who had made a great effort with me in this thesis. Her patience and willingness to provide continuous guidance have been instrumental in bringing the study to completion. I am thankful for her creative ideas and enthusiastic interest.*

*I am grateful to Dr. Nadia Moharam, Head of Central Laboratory Administration, Ministry Of Health, and all physicians at Alexandria Central laboratories, for providing me with the samples for this study. Their cooperation and support enabled me to accomplish this study. I would like to extend my thanks also to my patients and their families for their cooperation.*

*Last but not least I would like to express my deepest thanks to my family for their continuous support and constant encouragement, throughout my whole life. Also, I wish to thank my dearest husband for his endless patience, care and support.*
