Acknowledgment

First, thanks are all due to **God** who offered me the ability to perform this work.

I do feel greatly indebted and grateful to **Prof. Dr Akila Kaiser Khella**, Professor of Community, Environmental and Occupational Medicine, Faculty of Medicine, Ain Shams University, for her kind supervision, continuous encouragement, valuable support, and her precious guidance which were kindly given.

It was indeed an honor to have been supervised by **Dr Mostafa El Houssinie Mostafa**, Assistant Professor of Community, Environmental and Occupational Medicine, Faculty of Medicine, Ain Shams University. His incessant encouragement and fruitful remarks throughout the different phases of this work were of great value to me, along with the precious time he offered me in spite of his great responsibilities leave me really indebted.

I wish to express my gratitude to **Prof. Dr Abd El Aziz Mohammed Kamal**, Head of Community, Environmental and Occupational Medicine, Faculty of Medicine, Ain Shams University for his support, and all the members of the Department for their sustained encouragement.

And last but not least I would like to thank all women who participated in the study for being helpful and cooperative.

Jehan Mohamed
