Public Health & Community Medicine Dept.

**Pattern of ocular trauma in Assiut
University Hospitals.**

Thesis

Submitted for partial fulfillment of the requirements of the
Master Degree
in Public Health and Community Medicine

By

Asmaa Mohamed Ahmed Soliman

(M.B. B. Ch.)

Faculty of Medicine, Assiut University

Supervised by

Prof. Dr. Kawthar Abd El-Motagaly Fadel

Professor of Public Health

Faculty of Medicine, Assiut University

Prof. Dr. Ahmed Abdel Al Abo-Ghadeer

Professor of Ophthalmology

Faculty of Medicine, Assiut University

Dr. Hosnia Said Abd El-Megeed

Assistant professor of Public Health

Faculty of Medicine, Assiut University

Assiut University

2004

B1200

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

وَاللَّهُ أَخْرَجَكُمْ مِنْ بُطُونِ أُمَّهَاتِكُمْ
لَا تَعْلَمُونَ شَيْئًا وَجَعَلَ لَكُمُ السَّمْعَ
وَالْأَبْصَارَ وَالْأَفْئِدَةَ لَعَلَّكُمْ تَشْكُرُونَ

صدق الله العظيم

(النحل: ٧٨)

Acknowledgment

Praise be to **Allah**, the Merciful, the Compassionate for all the countless gifts I have been offered. Of these gifts, those persons who were assigned to give me a precious hand so as to be able to fulfill this study. Some of them will be cordially acknowledged.

It is a pleasure for me to express my profound gratitude and appreciation to **Prof. Dr. Kawthar Abdel-Motagaly Fadel**, Professor of Public Health and Community Medicine, Faculty of Medicine, Assiut University for her kindness, genuine guidance and very keen supervision in revising every part of this thesis.

I would like to express my deep gratitude to **Prof. Dr. Ahmed Abdel Aal Ahmed Abo-Ghadeer** Professor of Ophthalmology, Faculty of Medicine, Assiut University for his continuous scientific support and guidance in revising every part of this thesis.

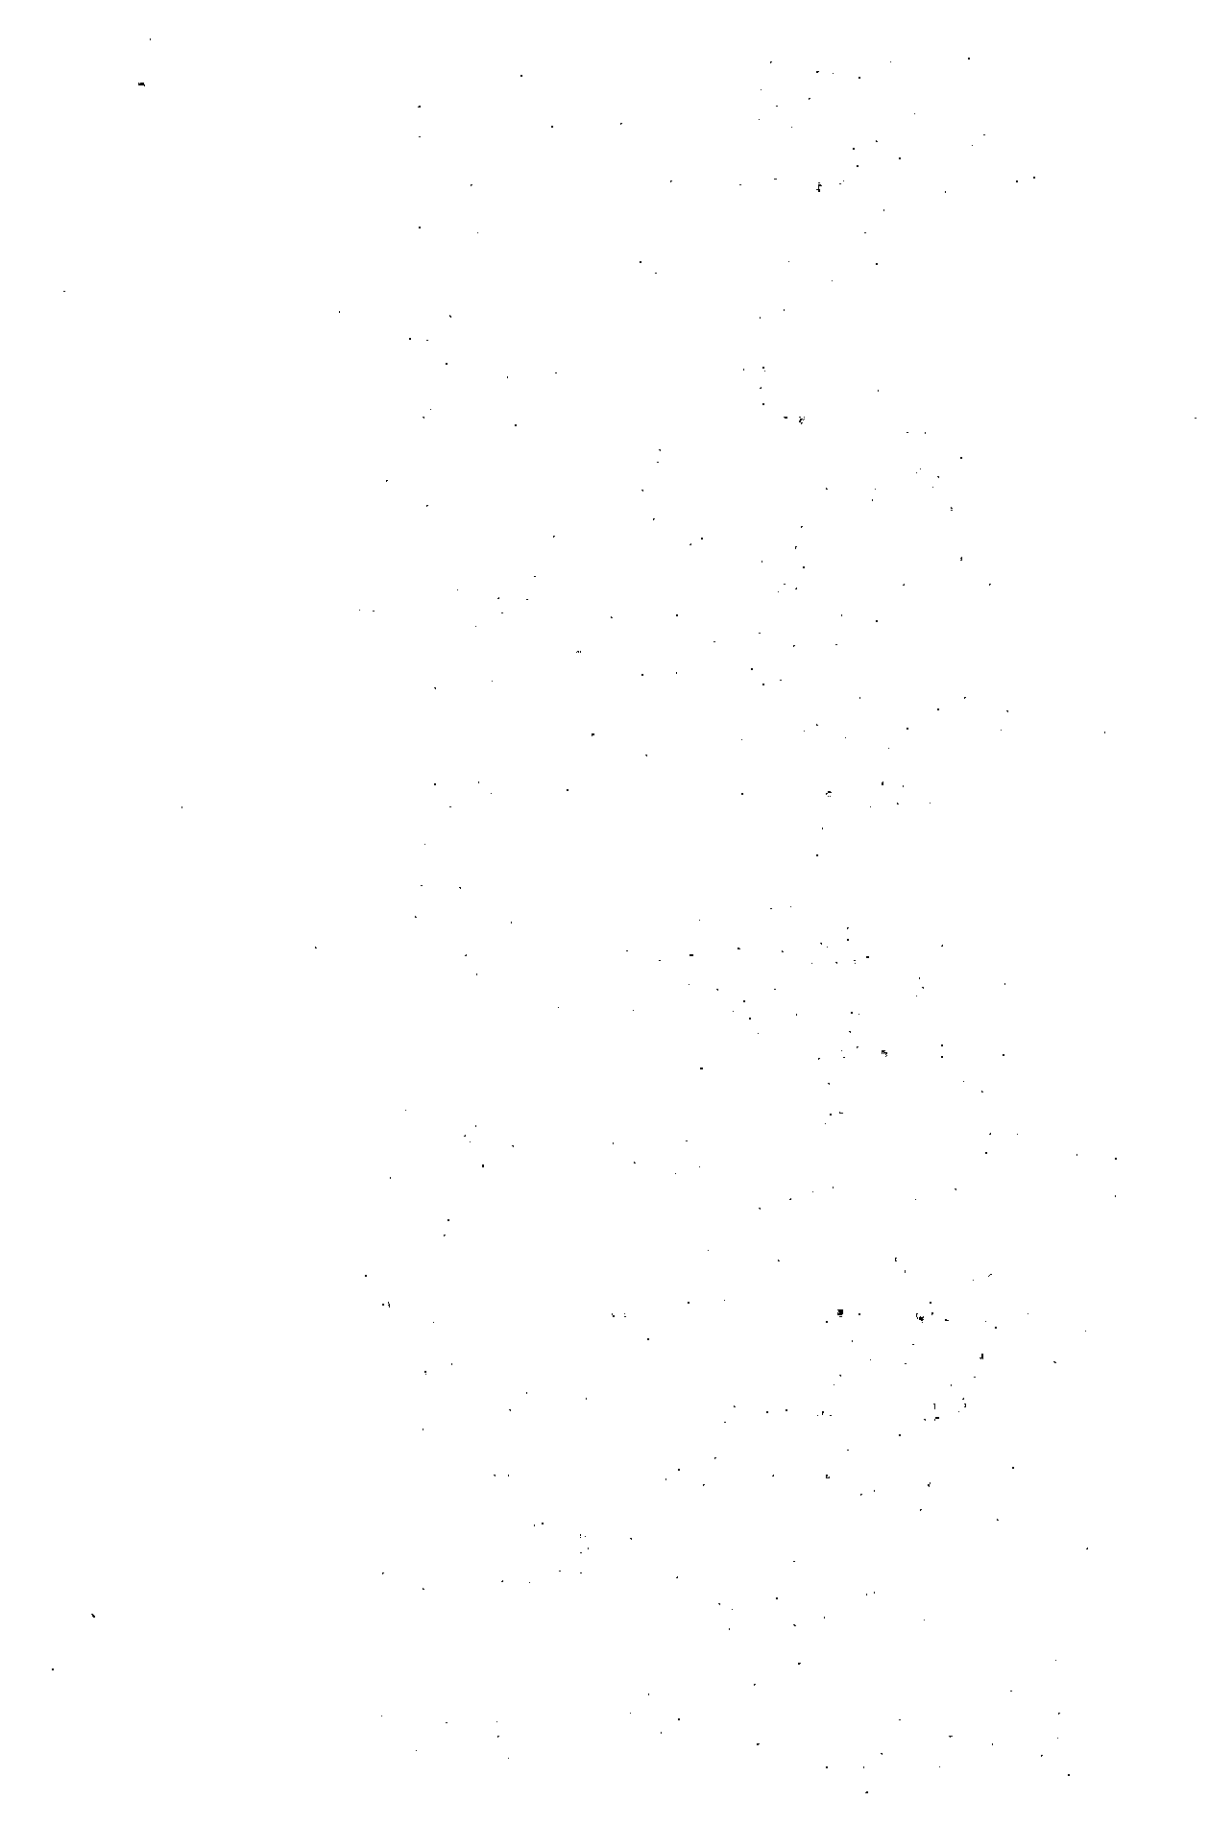

I wish to express my immense gratitude and appreciation to **Dr. Hosnia Said Abdel-Megeed**, Assistant Professor of Public Health and Community Medicine, Faculty of Medicine, Assiut University for her continuous and cordial help and guidance in revising every part of this thesis.

The deep thanks I want to offer to **Prof. Dr. Ali H. Zarzour** Professor of Public Health and Community Medicine, Faculty of Medicine, Assiut University and the head of the department for his continuous support to make this work possible.

I offer many thanks to **Prof. Dr. Kamel Abdel-Naser Soliman** Professor of Ophthalmology, **Prof. Dr. Ali Masoud** Head of Outpatient Clinics in Assiut University Hospitals, **Prof. Dr. Maher El-Assal** Head of the Casualty Department in Assiut University Hospitals for facilitating this work.

I wish to extend my extreme thanks to all staff members of Public Health Department and to my colleagues for their kind and sincere support.

Asmaa Mohamed Ahmed Soliman

Contents

Introduction	1
Aim of the study	4
Literature review	5
I-Anatomy of the eye	5
II-Physiology of the eye	7
III-Ocular defense mechanism	8
IV-Epidemiology of ocular trauma	11
V-Causes of ocular trauma	18
VI-Types of ocular injuries	19
1- The occupational injuries	19
2- The non-occupational injuries	21
VII- Classification of ocular trauma	32
– Eyelid Trauma	34
– Trauma to the globe	34
– Chemical injuries	35
– Corneal abrasion	36
VIII- Blindness and ocular trauma	36
IX- Enucleation	40
X- First aid for eye injuries	40
XI- Prevention of ocular trauma	43
XII- Prevention of corneal abrasion	51
Subjects and Methods	52
Results	57
Discussion	96
Summary and Conclusion	122
Recommendations	129
References	131
Appendix	
Arabic Summary	

List of tables

Table (1): Sociodemographic characteristics of outpatient attendants of ophthalmic clinics in Assiut University Hospitals (2003).....	57
Table (2): Occurrence of ocular trauma among outpatient attendants of ophthalmic clinics in Assiut University Hospitals (2003).....	58
Table (3): Sociodemographic characteristics of patients with ocular trauma attending Assiut University Hospitals (2003).....	59
Table (4): Distribution of children with ocular trauma (≤ 16 years) attending Assiut University Hospitals according to father's education and occupation (2003).	64
Table (5): Distribution of children with ocular trauma (≤ 16 years) attending Assiut University Hospitals according to mother's education, occupation and the presence of parent or adult during occurrence of trauma (2003).....	65
Table (6): Distribution of mechanism and place of occurrence of ocular trauma in patients attending Assiut University Hospitals (2003)....	66
Table (7): Distribution of ocular trauma cases attending Assiut University Hospitals, which occur at work according to the availability of protective eyewear and its use (2003).....	69
Table (8): Causes of ocular trauma in cases attending Assiut University Hospitals (2003).....	70
Table (9): Distribution of patients with ocular trauma attending Assiut University Hospitals according to first place of seeking medical care (2003).....	71
Table (10): Relation between the place of seeking medical care and residence of cases with ocular trauma attending Assiut University Hospitals (2003).....	73
Table (11): The time lapse before seeking medical care in patients with ocular trauma attending Assiut University Hospitals (2003).....	74
Table (12): Distribution of patients with ocular trauma attending Assiut University Hospitals according to the clinical presentation, the affected eye, enucleation and hospitalization (2003).....	75
Table (13): Distribution of patients with ocular trauma according to duration of stay in Assiut University Hospitals (2003).	80

Table (14): Percentage of different parts of the eye affected by trauma in the injured eyes in patients attending Assiut University Hospitals (2003).....	81
Table (15): Distribution of patients with ocular trauma according to the presence of other types of trauma (multi-traumatized patients) in Assiut University Hospitals (2003).....	83
Table (16): Relation between causes of ocular trauma and different age groups of patients with ocular trauma Attending Assiut University Hospitals (2003).....	84
Table (17): Relation between the cause of injury and sex of cases with ocular trauma attending Assiut University Hospitals (2003).....	86
Table (18): Relation between age of cases with ocular trauma attending Assiut University Hospitals and mechanism of injury (2003).....	87
Table (19): Relation between the mechanism & place of injury and sex of cases with ocular trauma attending Assiut University Hospitals (2003).....	89
Table (20): Relation between age of cases with ocular trauma attending Assiut University Hospitals and place of injury (2003).....	90
Table (21): Relation between place of injury and hospitalization of cases with ocular trauma attending Assiut University Hospitals (2003)..	92
Table (22): Relation between age of patients with ocular trauma attending Assiut University Hospitals and Sex (2003).....	93
Table (23): Relation between causes of ocular trauma and type of injury of patients with ocular trauma Attending Assiut University Hospitals (2003).....	94
