**MINERALOGY AND CHEMISTRY OF THE
SOILS OF MANGROVE VEGETATION
IN HURGHADA -QUSEIR AREA**

By
Mahmoud Abd El-Radi Dar
(B. Sc.)

A THESIS

Submitted in partial Fulfillment of
the Requirements For the Degree of
Master of Science in Geology

Department of Geology
Faculty of Science
Suez Canal University

1998

SUPERVISORS

Prof. Dr. \ Ahmad H. Nawar

Professor of marine geology
National Institute of Oceanography and Fisheries
Red Sea Branch, Hurghada.

Dr. \ Farouk A. Soliman

Assist Prof. of Geology and Geochemistry
Geology Department
Faculty of Science, Suez Canal University

ACKNOWLEDGMENTS

The author wishes to express his deep gratitude to **Dr. Ahmad H. Nawar**, Professor of marine geology, National Institute of Oceanography and Fisheries, Red Sea Branch, Hurghada, for his ferocious help in the samples collecting, proposing the research problems, also for guidance and for his vigorous attention for completion this work.

The deepest gratitude are expressed to **Dr. Farouk A. Soliman**, Assist Prof. of geochemistry, Geology Department, Faculty of Science, Suez Canal University, for his generous help, excellent supervision, participating and fruitful the discussions.

Thanks are extended to all the staff members of the National Institute of Oceanography and Fisheries, Hurghada and Suez branches, who helped in away or another in the completion of this work.

Finally, many thanks to Mr. Abd-El Aziz El-Shewater, National Institute Library Manager of Hurghada branch, who helped us by many publications and books when it needed in the completion of this work.

CONTENTS

Subject	Page
LIST OF FIGURES.....	VII
LIST OF TABLES.....	XII
CHAPTER ONE : INTRODUCTION.....	1
* The aims of the study.....	4
CHAPTER TWO : PREVIOUS WORK.....	5
CHAPTER THREE : GEOLOGY.....	19
CHAPTER FOUR : GEOMORPHOLOGY.....	21
CHAPTER FIVE : ENVIRONMENT AND OCEANOGRAPHY.....	28
A- Environment.....	28
1- Air temperature.....	28
2- Wind.....	28
3- Rainfall.....	29
4- Precipitation.....	29
B- Oceanography.....	29
1- Water temperature.....	29
2- Tides.....	30
3- Salinity.....	30
4- Currents.....	31
5- Dissolved oxygen.....	31
CHAPTER SIX : SAMPLING AND METHODS OF TREATMENT....	33
A- Sampling.....	33
1- Surface samples.....	33
2- Core samples.....	34
II- Laboratory treatment and methods of analysis.....	35
B- Geological analyses.....	35
1- Grain size analysis.....	35
2- Mineralogical analysis.....	36
3- Component analysis.....	36
C- Chemical analyses.....	37
1- Total carbonate content determination.....	37
2- Total phosphorous determination.....	37
3- Total organic matter determination.....	38
4- Determination of major and trace metals	38
CHAPTER SEVEN : GRAIN SIZE ANALYSES.....	49
1- The Histograms.....	50
I- Al Sharm Al Bahari Locality.....	50

Subject	Page
II- Al Sharm Al Qubli Locality.....	55
III- The Km 43 South Safaga Locality.....	57
IV- The Km 17 South Safaga Locality.....	61
V- Abu Minqar island Locality.....	64
VI- Safaga island Locality.....	67
2- Cumulative curves.....	73
C- C-M diagrams.....	78
CHAPTER EIGHT : ESTIMATES THE GRAIN SIZE PARAMETERS.....	81
I- Al Sharm Al Bahari Locality.....	81
II- Al Sharm Al Qubli Locality.....	86
III- The Km 43 South Safaga Locality.....	88
IV- The Km 17 South Safaga Locality.....	91
V- Abu Minqar Island Locality.....	94
VI- Safaga Island Locality.....	97
CHAPTER NINE : COMPONENTS ANALYSES.....	103
I- Al Sharm Al Bahari Locality.....	104
II- Al Sharm Al Qubli Locality.....	107
III- The Km 43 South Safaga Locality.....	108
IV- The Km 17 South Safaga Locality.....	110
V- Abu Minqar Island Locality.....	112
VI- Safaga Island Locality.....	115
CHAPTER TEN : MINERALOGY.....	118
A- Heavy mineral assemblages in the studied areas.....	121
B- Maturity of the sediments in the localities.....	124
CHAPTER ELEVEN : CHEMICAL CHARACTERISTICS.....	129
I. Total Carbonate content.....	129
II. The total organic matter.....	133
III. Phosphorous.....	138
IV. Iron.....	141
V. Calcium and magnesium.....	144
VI. Alkali elements.....	148
VII. Trace metals.....	152
VI. 1- Nickel.....	153
VI. 2- Cobalt.....	156
VI. 3- Copper.....	158
VI. 4. Zinc.....	162

Subject	Page
VI. 5. Lead.....	165
VI. 6. Cadmium.....	168
