**INCIDENCE AND PREVALENCE OF AUTO
IMMUNE HEPATITIS IN CHILDREN WITH
CHRONIC LIVER DISEASES AND THE
CLINICAL SIGNIFICANCE OF ANCA IN
AUTOIMMUNE HEPATITIS**

Thesis

Submitted for Partial Fulfillment of Master Degree in Pediatrics

Presented by

ABD EL-NASSER ALY IBRAHEEM

M.B.BCh.

Supervised by

PROF. DR. AHMED NABIH EL-SHAZLY

Professor Doctor of Pediatrics

Banha Faculty of Medicine

Zagazig University

DR. MONA EL-BESHRY

Prof. Dr. of Pediatrics

Banha Faculty of Medicine

2002

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

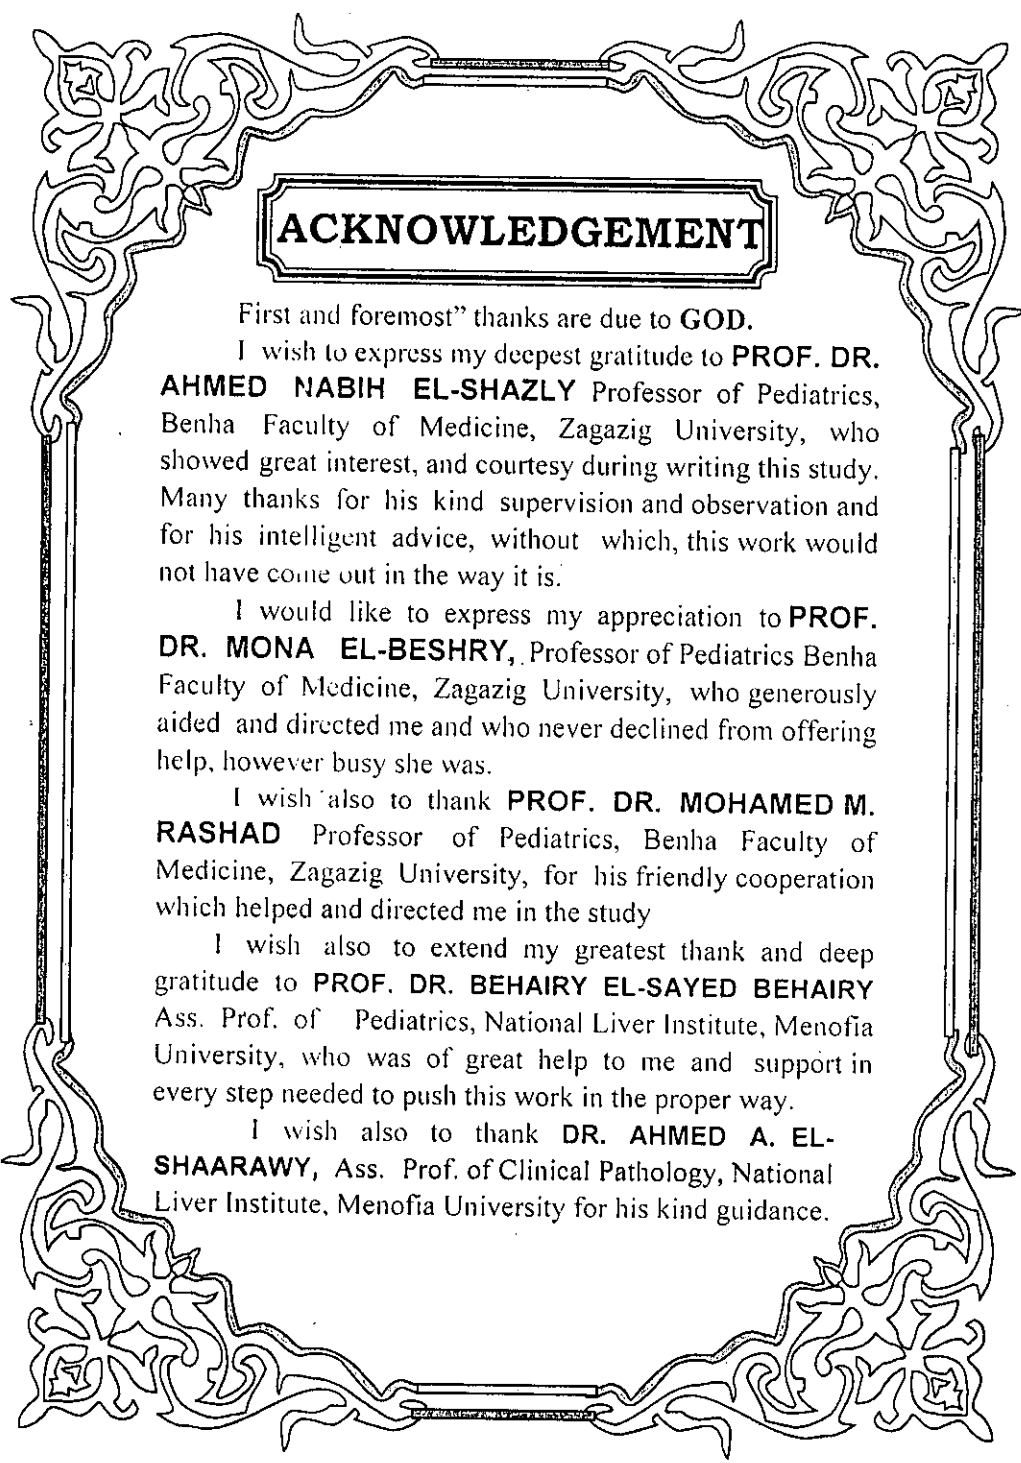

"قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا

إِلَّا مَا عَلَّمْتَنَا أَنْكَ أَنْتَ

الْعَلِيمُ الْحَكِيمُ"

صدق الله العظيم

آية ٣٢ - "سورة البقرة

ACKNOWLEDGEMENT

First and foremost" thanks are due to **GOD**.

I wish to express my deepest gratitude to **PROF. DR. AHMED NABIH EL-SHAZLY** Professor of Pediatrics, Benha Faculty of Medicine, Zagazig University, who showed great interest, and courtesy during writing this study. Many thanks for his kind supervision and observation and for his intelligent advice, without which, this work would not have come out in the way it is.

I would like to express my appreciation to **PROF. DR. MONA EL-BESHRY**, Professor of Pediatrics Benha Faculty of Medicine, Zagazig University, who generously aided and directed me and who never declined from offering help, however busy she was.

I wish also to thank **PROF. DR. MOHAMED M. RASHAD** Professor of Pediatrics, Benha Faculty of Medicine, Zagazig University, for his friendly cooperation which helped and directed me in the study

I wish also to extend my greatest thank and deep gratitude to **PROF. DR. BEHAIRY EL-SAYED BEHAIRY** Ass. Prof. of Pediatrics, National Liver Institute, Menofia University, who was of great help to me and support in every step needed to push this work in the proper way.

I wish also to thank **DR. AHMED A. EL-SHAARAWY**, Ass. Prof. of Clinical Pathology, National Liver Institute, Menofia University for his kind guidance.

✎ INTRODUCTION AND AIM OF THE WORK.....	1
✎ REVIEW OF LITERATURE	3
- Chronic Hepatitis	3
• Chronic viral hepatitis	10
- HBV.....	10
- HDV.....	17
- HCV.....	18
• Drug – induced liver disease	26
• Metabolic disorders	
- Wilson’s disease	36
- α 1- antitrypsin deficiency	47
- Hereditary tyrosinemia	53
- Niemann – Pick disease	56
- Gaucher disease	61
- Glycogen storage disease	66
- Defects in galactose metabolism	75
- Defects in fructose metabolism	78
- Cystic fibrosis	81
- Alpers’ disease	86
- Autoimmune Hepatitis	88
- Introduction	88
- Etiology and pathogenesis	89
- Classification	102
- Diagnosis and D.D.	114
- Treatment	128
- Mixed or uncertain forms of AIH.....	142
- Autoantibodies	149

LIST OF TABLES

No	Title	Page
IN THE REVIEW OF LITERATURE		
1-	Common disorders producing chronic hepatitis	4
2-	Components of HAI	6
3-	Example of correlation between semiquantitative grading and verbal assessment of biopsies.....	7
4-	Grading activity in chronic hepatitis.....	7
5-	Scoring system for staging of chronic hepatitis	9
6-	Histologic classification of drug – induced liver disease.	30
7-	Drugs implicated in the etiology of chronic hepatitis.....	32
8-	Clinical presentation of Wilson disease.....	41
9-	Diagnostic tests in Wilson's disease.....	42
10-	Clinical and diagnostic features of α 1-AT deficiency.....	50
11-1	Manifestations of Niemann – Pick disease.....	60
11-2	Manifestations of Gaucher's disease	63
12-	Hepatic forms of glycogen storage disease	67
13-	Hepatic involvement in GSD	68
14-	Presenting features of cystic fibrosis	2
15-	Biliary tract /liver complications in CF patients	83
16-	Diagnostic criteria for CF	84
17-	Subclassifications of AIH based on autoantibodies	110
18-	Major features of severe AIH at presentation	113
19-	Diagnostic criteria for AIH	121
20-	Original scoring system for diagnosis of AIH : minimum required parameters.	122
21-	Scoring system for diagnosis of AIH : additional parameters	123
22-	Revised scoring system for diagnosis of AIH	124
23-	Indication for treatment of AIH	129
24-	Prognostic indices of AIH.....	141
25-	Variant forms of AIH	148

LIST OF TABLES

No	Title	Page
	IN THE RESULTS	
1-	Distribution of the studied groups	182
2-	Comparison of the mean age between AIH-1 & AIH-2 groups.....	182
3-	Comparison of the mean age between ANCA positive & ANCA negative groups.....	184
4-	Sex distribution between AIH-1 & AIH-2.....	184
5-	Sex distribution between ANCA positive & ANCA negative groups.....	186
6-	Comparison of the clinical features between AIH-1 & AIH-2	188
7-	Comparison of the clinical features between ANCA positive & ANCA negative groups.	188
8-	Comparison of the liver function tests between AIH-1 & AIH-2.....	190
9-	Comparison of the liver function tests between ANCA positive & ANCA negative groups.....	190
10-	Comparison of autoantibodies between AIH-1 & AIH-2.	196
11-	Comparison of autoantibodies between ANCA positive & ANCA negative groups	196
12-	Comparison of response to immunosuppressive therapy between AIH-1 & AIH-2	197
13-	Comparison of response to immunosuppressive therapy between ANCA positive & ANCA negative groups.....	197

LIST OF FIGURES

No	Title	Page
IN THE REVIEW OF LITERATURE		
1-	The normal pathways for copper metabolism.....	37
2-	Steps in the formation of glycogen and glycolysis.....	66
3-	Autoimmune attack to the liver.....	94
4-	Antigen binding groove.....	99
5-	Frequencies of the subclassifications of AIH	103
6-	Clinical and prognostic features associated with HLA DR3 and DR4.....	105
7-	Features of patients in the two proposed subclassifications of type-2 AIH	109
