ACKNOWLEDGEMENT

I am greatly indebted to **Prof. Dr. Ibrahim Hassan Borai**, Professor of Biochemistry, Faculty of Science, Ain Shams University, for his valuable support, kind encouragement, unfailing advice, kind assistance and sincere guidance.

My deep appreciation to **Prof. Dr. Afaf S. Fahmy**, Professor of Biochemistry, Molecular Biology Department, National Research Centre, for suggesting the problem, her generous help, valuable efforts, kindness, encouragement throughout the course of this work and giving the full facilities for proper research work.

I am deeply grateful to **Dr. Saleh A. Mohamed**, Researcher of Biochemistry, Molecular Biology Department, National Research Centre, for his support, kind care and continuous encouragement.

The financial support and facilities offered by National Research Centre that enable me to carry out this work are greatly appreciated.

TO MY PARENTS
