NUTRITIONAL STUDIES ON POULTRY

**STUDY ON THE EFFECT OF SUPPLEMENTING
FENUGREEK, BLACK SEED AND GUAR
IN THE DIET ON THE PERFORMANCE
OF JAPANESE QUAIL**

BY

WESAM ADEEB FARES SEDAROS

B. SC. Agric. (Poultry Production) Tanta Univ. (1995)

THESIS

Submitted to the Graduate Division in Partial
Fulfillment of the Requirements
for the Degree of

MASTER OF AGRICULTURE SCIENCE

(POULTRY PRODUCTION)

Department of Poultry Production
Faculty of Agriculture
Kafr El – Sheikh
Tanta University

(2000)

APPROVAL SHEET

Title of thesis:

STUDY ON THE EFFECT OF SUPPLEMENTING FENUGREEK, BLACK SEED AND GUAR IN THE DIET ON THE PERFORMANCE OF JAPANESE QUAIL

Name of candidate:

WESAM ADEEB FARES SEDAROS

Degree:

M.Sc. in
Agricultural Sciences (Poultry Production)

Thesis had been approved by:

Prof. Dr. : K. M. Saleh

K. M. Saleh

Prof. of Poultry Breeding
and Chairman of Poultry Prod. Dept., Fac. of
Agric., Kafr El-Sheikh, Tanta University.

Prof. Dr. : N. S. Isshak

N. S. Isshak

Prof. of Poultry Nutrition
Dept. of Poultry Prod., Fac. of
Agric., Kafr El-Sheikh, Tanta University.

Prof. Dr. : H. S. Zeweil

H. S. Zeweil

Prof. of Poultry Nutrition
Dept. of Animal and Fish Prod., Fac. of
Agric., (Saba Basha), Alexandria University.

Date of examination: 10/4/2000

Advisors Committee

Prof Dr.: N.S. Isshak

Prof of Poultry Nutrition,
Dept. of Poultry Prod.,
Faculty of Agriculture,
Kafr El-Sheikh, Tanta University.

Dr.: A. E. Abou Zeid

Lecturer of Poultry Nutrition,
Dept. of Animal and Poultry Prod.,
Faculty of Agriculture,
Tanta University.

ACKNOWLEDGMENT

I am extremely grateful and greatly indebted to Prof. **Dr. N. S. ISSHAK**, Prof. of Poultry Nutrition, Dept. of Poultry Production, Kafr El-Sheikh Fac. of Agric., Tanta University, for his supervision, scientific advises and criticism during the all study, preparing, reading and correcting this manuscript.

My deepest gratitude and appreciation are due to **Dr. A. E. ABOU ZEID** Lecturer of Poultry Nutrition, Dept. of Animal and Poultry Prod. Fac. of Agric., Tanta University for suggesting the problem and for his kind guidance, helpful supervision, reading and correcting the thesis.

I am greatly indebted to Prof. **Dr. K. M. SALEH**, Prof. of Poultry Breeding and Chairman of Poultry Dept. Faculty of Agric., Kafr El-Sheikh, Tanta University for providing most of the facilities needed for the completion of this work.

Deep gratitude and great acknowledgment is also given to Prof. **Dr. M. M. EI – HABBAK**, Professor of Poultry Physiology Dept. of Poultry Prod., Kafr El-Sheikh, Fac. Agric., Tanta University, for his encouragement and sincere scientific advises.

Appreciation and thanks are due to **Dr. H. H. YOUNIS**, Lecturer of Poultry Breeding, Dept. of Poultry Prod., Kafr El-Sheikh Fac. of Agric., Tanta University, for his kind help in the statistical analysis and running the data in the computer.

Many thanks are also due to **Dr. M. F. SAAD**, Lecturer of Physiology, Faculty of Vet. Med., Kafr El – Sheikh for his sincere efforts in the physiological studies.

My thanks extended to every one who shared me in making this work possible.

Finally, I would like to express my gratitude to my husband, son, father and sister for their support and cooperation with me.
